C801 Specifications

OKI PRINTING SOLUTIONS

For everyday office documents, plus A3 colour on demand, at an amazingly low price

What do you need from a workgroup colour printer? Affordable purchase price? Rapid print speeds? Great colour? Excellent reliability? Now you can have exactly the right specification for your needs.

The C801 is a high quality colour printer that packages proven reliability and A4 colour print speeds of 22 pages per minute into a design that takes up less space than any comparable A3 capable printer.

The C801 is perfect for small workgroups that print mostly A4 documents – letters, emails, reports, proposals, and so on – but also want the convenience of occasional A3, at the lowest possible price.

Excellent print quality

The specially developed High Definition toner and image drum deliver fine detail and vibrant colour and a stylish glossy finish. Automatic self-calibration ensures consistency from the first page to the last.

- ProQ2400 Multi-level output quality, 1200 x 600dpi print resolution for smoother shades
- Photo Enhance setting for sharp, photo-like pictures
- Auto colour and density calibration on start-up and at set intervals
- Windows/Mac Host-based Printing System for efficient printing from applications

Excellent media flexibility

Document sizes range from postcard right the way up to full sized banners and you can print on anything from lightweight paper through to medium-heavy card stock. Automatic two-sided printing is available and the generous paper supply can easily be expanded for longer uninterrupted print runs.

- A6 to A3 and up to 1.2 metre banners
- Print on stock from 64 to 220gsm
- Standard 400-sheet paper capacity expands to 1,460 sheets

Excellent value

Three powerful utilities are included as standard to help you monitor your printer, keep control of costs and decide who can print in colour. Plus, you get OKI's popular Template Manager – the easy way to create office stationery and other documents.

- Print Control - for tracking and controlling printer usage and costs
- PrintSuperVision - for monitoring and managing all of your printers via a web browser
- Colour Access Policy Manager - for controlling which team members can print in colour

Excellent reliability

The C801 uses ultra-reliable digital LED technology with fewer moving parts, and features durable components, a flat paper path and a robust design, all backed with an industry-leading three-year warranty as standard.

- Ultra-reliable digital LED print technology, pioneered by OKI and proven over 20 years
- Durable components and robust design
- Industry-leading three-year warranty as standard
