**Manual abstract:**

) If required, an ALPINE dealer will readily provide you with a print out of the Owner's Manual contained in the CD-ROM. Please record the serial number of your unit in the space provided below and keep it as a permanent record. This symbol means important instructions. Failure to heed them can result in serious injury or death. @@@@ can be dangerous and may result in an accident. Doing so may result in an accident, fire or electric shock. (Check with your dealer if you are not sure. Swallowing them may result in serious injury. Doing so may cause heat to build up inside and may result in fire. Use for other than its designed application may result in fire, electric shock or other injury.

Doing so may result in personal injury or damage to the product. Failure to make the proper connections may result in fire or product damage. Never cut away cable insulation to supply power to other equipment. When drilling holes in the chassis for installation, take precautions so as not to contact, damage or obstruct pipes, fuel lines, tanks or electrical wiring. Failure to take such precautions may result in fire.

Bolts or nuts used for the brake or steering systems (or any other safety-related system), or tanks should NEVER be used for installations or ground connections. Using such parts could disable control of the vehicle and cause fire etc. Doing so may obstruct forward vision or hamper movement etc. This symbol means important instructions. Failure to heed them can result in injury or material property damage.

Return it to your authorized Alpine dealer or the nearest Alpine Service Center for repairing. The wiring and installation of this unit requires special technical skill and experience. To ensure safety, always contact the dealer where you purchased this product to have the work done. Be sure to use only the specified accessory parts. Use of other than designated parts may damage this unit internally or may not securely install the unit in place. This may cause parts to become loose resulting in hazards or product failure. Route the cables and wiring away from moving parts (like the seat rails) or sharp or pointed edges. This will prevent crimping and damage to the wiring. If wiring passes through a hole in metal, use a rubber grommet to prevent the wire's insulation from being cut by the metal edge of the hole. @@@@ Press any button (except turn power on).

Press and hold SOURCE/ for at least 2 seconds to turn off the unit. @@@@: The tracks are played back in random sequence. @@@@ (MP3/WMA/ AAC) : The files are played back in random sequence. : Only a track is repeatedly played back. : Only files in a folder are repeatedly played back.

@@@@@ Press and hold for at least 2 seconds to hang up the Telephone. @@ Press 2 to the section beginning with alphabet B from A. Say the telephone number, name you want to call into the microphone. @@@@ Voice dial operation depends on the function of the mobile phone. @@@@@@ (off) : Only a song is repeatedly played back.

Song Search mode : The selected song is played back. Others Search mode : Proceeds to the next hierarchy level. @@ Windows Media and the Windows logo are trademarks, or registered trademarks of Microsoft Corporation in the United States and/or other countries.
