Manual abstract:

) If required, an ALPINE dealer will readily provide you with a print out of the Owner's Manual contained in the CD-ROM. Please record the serial number of your unit in the space provided below and keep it as a permanent record. This symbol means important instructions. Failure to heed them can result in serious injury or death. @@@@Excessive volume levels that obscure sounds such as emergency vehicle sirens or road warning signals (train crossings, etc.) can be dangerous and may result in an accident. Doing so may result in an accident, fire or electric shock. (Check with your dealer if you are not sure.

Swallowing them may result in serious injury. Doing so may cause heat to build up inside and may result in fire.

Use for other than its designed application may result in fire, electric shock or other injury. Doing so may result in personal injury or damage to the product.

Failure to make the proper connections may result in fire or product damage. Never cut away cable insulation to supply power to other equipment. When drilling holes in the chassis for installation, take precautions so as not to contact, damage or obstruct pipes, fuel lines, tanks or electrical wiring.

Failure to take such precautions may result in fire. Bolts or nuts used for the brake or steering systems (or any other safety-related system), or tanks should NEVER be used for installations or ground connections. Using such parts could disable control of the vehicle and cause fire etc. Doing so may obstruct forward vision or hamper movement etc. This symbol means important instructions.

Failure to heed them can result in injury or material property damage. Return it to your authorized Alpine dealer or the nearest Alpine Service Center for repairing. The wiring and installation of this unit requires special technical skill and experience. To ensure safety, always contact the dealer where you purchased this product to have the work done. Be sure to use only the specified accessory parts. Use of other than designated parts may damage this unit internally or may not securely install the unit in place. @@@@ this will prevent crimping and damage to the wiring. @@@@Press any button (except power on. Press and hold SOURCE/ for at least 2 seconds to turn off the unit. A USB flash memory may be connected to this unit.

@@@@: The tracks are played back in random sequence. @@@@(MP3/WMA/ AAC) : The files are played back in random sequence. : Only a track is repeatedly played back. : Only files in a folder are repeatedly played back. @@@@ (off) : Only a song is repeatedly played back. Song Search mode : The selected song is played back. Others Search mode : Proceeds to the next hierarchy level. @@@@"Made for iPod" means that an electronic accessory has been designed to connect specifically to iPod and has been certified by the developer to meet Apple performance standards. â "Works with iPhone" means that an electronic accessory has been designed to connect specifically to iPhone and has been certified by the developer to meet Apple performance standards. â Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.

Other trademarks and trade names are those of their respective owners. "Supply of this product only conveys a license for private, noncommercial use and does not convey a license nor imply any right to use this product in any commercial (i. e. Revenue generation) real time broadcasting (terrestrial, satellite, cable and/or any other media), broadcasting/streaming via internet, intranets and/or other networks or in other electronic content distribution systems, such as pay-audio or audio-on-demand applications. When making connections to the vehicle's electrical system, be aware of the factory installed components (e. Do not tap into these leads to provide power for this unit. When connecting the CDE-W203Ri to the fuse box, make sure the fuse for the intended circuit of the CDE-W203Ri has the appropriate amperage. Failure to do so may result in damage to the unit and/or the vehicle. When in doubt, consult your Alpine dealer.

â The main unit must be mounted within 30 degrees of the horizontal plane, back to front.

* If the installed mounting sleeve is loose in the dashboard, the pressure plates may be bent slightly to remedy the problem. @@@@For the screw marked "*2", use an appropriate screw for the chosen mounting location. Slide the CDE-W203Ri into the dashboard until it clicks. This ensures that the unit is properly locked and will not accidentally come out from the dashboard. .
