**Manual abstract:**

(As it is data CD, the CD cannot be used for playing back music and images on the player. ) If required, an ALPINE dealer will readily provide you with a print out of the Owner's Manual contained in the CD-ROM. 23 1 IMPORTANT Please record the serial number of your unit in the space provided below and keep it as a permanent record. Book Page 2 Thursday, September 11, 2008 11:38 AM WARNING This symbol means important instructions. Failure to heed them can result in serious injury or death. **DO NOT OPERATE ANY FUNCTION THAT TAKES YOUR ATTENTION AWAY FROM SAFELY DRIVING YOUR VEHICLE.** Any function that requires your prolonged attention should only be performed after coming to a complete stop. Always stop the vehicle in a safe location before performing these functions. Excessive volume levels that obscure sounds such as emergency vehicle sirens or road warning signals (train crossings, etc. ) can be dangerous and may result in an accident.

Doing so may result in an accident, fire or electric shock. (Check with your dealer if you are not sure. Swallowing them may result in serious injury. Doing so may cause heat to build up inside and may result in fire. Use for other than its designed application may result in fire, electric shock or other injury.

Doing so may result in personal injury or damage to the product. @@@Never cut away cable insulation to supply power to other equipment. @@@Failure to take such precautions may result in fire. @@@Using such parts could disable control of the vehicle and cause fire etc. Doing so may obstruct forward vision or hamper movement etc.

Book Page 4 Thursday, September 11, 2008 11:38 AM CAUTION This symbol means important instructions. Failure to heed them can result in injury or material property damage. **HALT USE IMMEDIATELY IF A PROBLEM APPEARS.** Failure to do so may cause personal injury or damage to the product.

Return it to your authorized Alpine dealer or the nearest Alpine Service Center for repairing. The wiring and installation of this unit requires special technical skill and experience. To ensure safety, always contact the dealer where you purchased this product to have the work done. Be sure to use only the specified accessory parts. Use of other than designated parts may damage this unit internally or may not securely install the unit in place. This may cause parts to become loose resulting in hazards or product failure.

Route the cables and wiring away from moving parts (like the seat rails) or sharp or pointed edges. This will prevent crimping and damage to the wiring. If wiring passes through a hole in metal, use a rubber grommet to prevent the wire's insulation from being cut by the metal edge of the hole. Avoid installing the unit in locations with high incidence of moisture or dust. Moisture or dust that penetrates into this unit may result in product failure. Book Page 5 Thursday, September 11, 2008 11:38 AM Getting Started / Vorbereitungen / Mise en route iDA-X303 iDA-X301/iDA-X301RR English Deutsch Français Turning Power On Press any button except (Release), Double Action encoder (iDA-X303 only) to turn power on. The unit is also automatically turned on if a USB memory/iPhone\*/iPod\* is connected to the USB connector. \* iDA-X303 only. Press and hold SOURCE for at least 2 seconds to turn off the unit. Changing the Source Press SOURCE repeatedly, select the desired mode.

Adjusting Volume Einstellen der Lautstärke Réglage du volume Displaying the Text The display will change every time the button is pressed.

An independent license for such use is required. For details, please visit <http://www.> Book Page 21 Thursday, September 11, 2008 11:38 AM Installation • When making connections to the vehicle's electrical system, be aware of the factory installed components (e. Do not tap into these leads to provide power for this unit. @@@Failure to do so may result in damage to the unit and/or the vehicle.

When in doubt, consult your Alpine dealer. @@@@3 Slide the iDA-X303/iDA-X301/iDA-X301RR into the dashboard. When the unit is in place, make sure the locking pins are fully seated in the down position. This can be done by pressing firmly in on the unit while pushing the locking pin down with a small screwdriver. This ensures that the unit is properly locked and will not accidentally come out from the dashboard.
