**Manual abstract:**

Read this manual carefully before using this system. We are not responsible for any problems resulting from failure to follow the operating instructions in this manual. This manual uses various pictorial displays indicating important safety instructions. Understanding them is critical in avoiding harm to yourself and others and damage to your property. Please note these pictorial displays in the manual and carefully read their contents. @@@@The serial number or the engraved serial number is located on the bottom of the unit. Doing so may result in an accident, fire or electric shock. (Check with your dealer if you are not sure. Never cut away cable insulation to supply power to other equipment. Doing so may obstruct forward vision or hamper movement etc.

Arrange wiring and cables in compliance with the manual to prevent obstructions when driving. Failure to make the proper connections may result in fire or product damage. Be sure to use only the specified accessory parts. @@@@Moisture or dust that penetrates into this unit may result in product failure.

The wiring and installation of this unit requires special technical skill and experience.

To ensure safety, always contact the dealer where you purchased this product to have the work done. @@ this will prevent crimping and damage to the wiring. @@@@For details about operation, refer to the section "IMPRINT Operation" in the Owner's Manual of the head unit. In order to use MultEQ, the KTX-H100 (optional) must be used to perform sound measurement in the vehicle. Be sure to select a level location for installation.

Do not install in a position in which the control unit will be upside down. To offer protection against vehicle noise, perform the wiring leaving a space of 10 to 20cm from the vehicle wiring when installing the unit. using the Mounting Screws (Supplied) (Fig. A) The PXA-H100 can be mounted in the trunk using the mounting screws provided. velcro Fastener Mounting (Fig. B) If you do not mount the Control Unit using the supplied screws, you can mount the PXA-H100 using the Velcro fastener supplied. Ai-NET: Connect this to the output connector of another device (CD Changer, etc. @@@@Failure to make the proper connections may damage the speakers. @@@@Failure to make the proper connections may damage the speakers. @@@@We suggest that you read it thoroughly.

@@Products purchased in the Canada are covered only in the Canada. Are covered only in the U. @@@@F Any product which has the serial number defaced, altered or removed. G Any product which has been adjusted, altered or modified without Alpine's consent. H Any product not distributed by Alpine within the United States, Puerto Rico or Canada. I Any product not purchased from an Authorized Alpine Dealer. @@@@C You must supply proof of your purchase of the product. @@@@This Warranty does not cover the following: A Damage occurring during shipment of the product to Alpine for repair (claims must be presented to the carrier). B Damage caused by accident or abuse, including burned voice coils caused by over-driving the speaker (amplifier level is turned up and driven into distortion or clipping). Should the product require service, please call the following number for your nearest Authorized Alpine Service Center.

This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state and province to province.

@@@@@Användandet av andra delar än som är avsedda för denna apparat kan leda till att apparaten skadas invändigt eller till ostadig montering på grund av lossnande delar. Om denna enhet ansluts till en IMPRINT-kompatibel huvudenhet (som sålts efter november 2007), kan du göra olika inställningar/justeringar för att anpassa ljudet till ditt behov.
