Manual abstract:

@@@ apple. @@ Do not use Apple TV near water. Clean only with a dry cloth. Do not install near any heat sources such as radiators, heat Protect the power cord from being walked on or pinched. Only use attachments/accessories specified by the particularly at plugs and at the point where they exit from Apple TV. Registers, stoves, or other devices (including amplifiers) that produce heat. Read and follow these instructions to use Apple TV safely. Is required when Apple TV has been damaged in any way, such as when the power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into Apple TV, or Apple TV has been exposed to rain or moisture, does not operate normally, or has been dropped. apple TV has no on/off switch.

To disconnect Apple TV from power, you must disconnect the power cord. Make sure the power cord is always easily accessible.

@@Keep fingers away from the metal part of the plug. @@@@ do Not Make Repairs Yourself WARNING: Do not attempt to open Apple TV or disassemble it. You run the risk of electric shock and voiding the limited warranty. Unplug Apple TV during lightning storms or when unused for long periods of time. Do not place naked flame sources, such as lighted candles, on or near Apple TV.

Your Apple TV may be damaged by improper storage or handling. Be careful not to drop Apple TV when transporting the device. About Operating and Storage Temperatures When you're using Apple TV, it's normal for the case to get warm. The Apple TV case functions as a cooling surface that transfers heat from inside the unit to the cooler air outside. WARNING: To reduce the risk of fire or electric shock, do not expose Apple TV to rain, liquid, moisture, excessive heat, or naked flame.

Regulatory Compliance Information FCC Compliance Statement This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. See instructions if interference to radio or television reception is suspected. apple TV Setup Guide. Or consult an experienced radio/ television technician for additional suggestions. Important: Changes or modifications to this product not authorized by Apple Inc. Could void the EMC compliance and negate your authority to operate the product. This product has demonstrated EMC compliance under conditions that included the use of compliant peripheral devices and shielded cables (including Ethernet network cables) between system components. It is important that you use compliant peripheral devices and shielded cables between system components to reduce the possibility of causing interference to radios, television sets, and other electronic devices. Responsible party (contact for FCC matters only): Apple Inc.

Corporate Compliance I Infinite Loop , MS 26-A Cupertino , CA 95014 Radio and Television Interference This computer equipment generates , uses , and can radiate radio-frequency energy. If it is not installed and used properly—that is, in strict accordance with Apple's instructions—it may cause interference with radio and television reception. This equipment has been tested and found to comply with the limits for a Class B digital device in accordance with the specifications in Part 15 of FCC rules. These specifications are designed to provide reasonable protection against such interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation. You can determine whether your computer system is causing interference by turning it off. If the interference stops, it was probably caused by the computer or one of the peripheral devices. If your computer system does cause interference to radio or television reception, try to correct the interference by using one or more of the following measures: Turn the television or radio antenna until the interference stops. Move the computer to one side or the other of the television or radio. Move the computer farther away from the television or radio.

Plug the computer in to an outlet that is on a different circuit from the television or radio. (That is, make certain the computer and the television or radio are on circuits controlled by different circuit breakers or fuses.) If necessary , consult an Apple Authorized Service Provider or Apple. See the service and support information in the Wireless Radio Use This device is restricted to indoor use when operating in the 5. Exposure to Radio Frequency Energy The radiated output power of the Wi-Fi technology is below the FCC radio frequency exposure limits.

Nevertheless, it is advised to use the wireless equipment in such a manner that the potential for human contact during normal operation is minimized. Canadian Compliance Statement This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. This device complies with RSS 210 of Industry Canada. Declares that this Apple TV is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

A copy of the EU Declaration of Conformity is available at: www.apple.com/euro/compliance This equipment can be used in the following countries: This product is shipped with automatic power management enabled. For more information about ENERGY STAR®, visit: www.apple.com/energy Recognizes its responsibility to minimize the environmental impact of its operations and products. More information is available on the web at: www.apple.com For information about Apple's recycling program, go to: www.apple.com Some collection points accept products for free.

Special handling and disposal may apply. General (a) The software (including Boot ROM code and other embedded software), documentation, interfaces, content, fonts and any data that came with your Apple TV, whether on disk, in read only memory, on any other media or in any other form (collectively the "Apple Software") are licensed, not sold, to you by Apple Inc. ("Apple") for use only under the terms of this License. Apple and/or Apple's licensor(s) retain ownership of the Apple Software itself and reserve all rights not expressly granted to you. (b) Apple, at its discretion, may make available future updates to the Apple Software for your Apple TV. The Apple Software updates, if any, may not necessarily include all existing software features or new features that Apple releases for newer or other models of Apple TV.
