**Manual abstract:**

2 Extend the prongs and plug the charger into a power outlet. @No light: May indicate any of the following conditions: The batteries are charged and ready to use. Flashing Amber: May indicate any of the following conditions: The batteries may be faulty or damaged and should be replaced. You can replace the AC plug on the Apple Battery Charger with the AC power cord that came with your Mac, or with any of the adapters in the Apple World Travel Adapter Kit. To replace the AC plug: 1 Unplug the charger from the power outlet. @@@Dispose of used batteries according to the instructions. @Keep batteries out of the reach of children. @Do not connect or disconnect the charger with wet hands. The Apple Battery Charger may become warm during normal use.

Always allow adequate ventilation around the charger and use care when handling it.

Unplug the Apple Battery Charger if any of the following conditions exist: You suspect the charger needs service or repair. The AC power cord has become frayed or damaged. This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

@@@This device complies with part 15 of the FCC rules. @@@@If the interference stops, it was probably caused by the equipment.

@@@@@ â• Plug the equipment into an outlet that is on a different circuit from the television or radio. (That is, make certain the equipment and the television or radio are on circuits controlled by different circuit breakers or fuses. ) If necessary , consult an Apple Authorized Service Provider or Apple.

@@@@@Responsible party (contact for FCC matters only): Apple Inc. Recognizes its responsibility to minimize the environmental impacts of its operations and products.

When this product reaches its end of life, please dispose of it according to your local environmental laws and guidelines. For information about Apple's recycling program, visit [www.apple.com/eco](http://www.apple.com/eco). @When this product reaches its end of life, take it to a collection point designated by local authorities. Some collection points accept products for free. @@@.
