Manual abstract:

Using your PadFone 2 Use your PadFone 2 to enjoy the latest features and technologies of Android 4. 0 (Ice Cream Sandwich) operating system. Do work and play on your PadFone 2 to fully appreciate the tons of interactive applications and features, and the seamless connectivity solutions in data sharing and communication that Android 4. 0 has to offer. **1 Basics IMPORTANT:** Before you start, ensure that you have read all the safety information and operating instructions in the Important Notices to prevent injury or damage to your device. Refer to your PadFone 2 Quick Start Guide for instructions on installing the SIM card, installing an SD card, installing the battery, and charging your device. The first time you turn on your PadFone 2, you will see the Welcome screen. Touch the menu to choose your preferred language and touch Next Step. Follow the succeeding instructions to set up your PadFone 2.

NOTES: You can skip some of the steps and set them up later.

You can press the power key for 10 seconds to reset the system. **Navigating your PadFone 2** After you finish setting up your PadFone 2, the Home Screen appears. At the bottom of your Home Screen, you will find three navigation icons return to a previous page, or launch a recent app. icon Description , . .

These icons, which are always available on the system bar, allow you to instantly jump back to the Home Screen, Allows you to go back to the previous screen, until you are in the Home Screen.

If you wish to remove a thumbnail app, swipe it to the left or right. **Making calls** 1. Touch To make a call: on the Home Screen or touch to go to the All apps screen. 2. Touch the keys to key in the number you wish to call.

Setting up your contacts list To set up your contacts, you can do any of the following: Touch then select Create a new contact. Follow the succeeding screen instructions to add a new contact. Import your contacts from your SIM card into your PadFone 2. To import your contacts from your SIM card: 1. Install the SIM card into your PadFone 2. 2. From the Home Screen, touch 3. Touch Import from SIM card. When prompted, select to which account you want to add the contacts. 5.

To import the contacts one at a time, touch to select a contact you wish to import, then touch OK. When prompted, touch OK to confirm. to launch the People app. **Connecting to the world** Connecting to mobile networks After installing the SIM card, you are ready to use your PadFone 2 to make/receive voice calls or transmit/receive data. Different countries or regions may have different mobile networks available and you may have to configure your PadFone 2 to access these networks. to configure your Mobile networks setting: 1. Do any of the following to go to the Settings screen: Touch touch . To go to the All apps screen then touch Settings . Swipe your finger down from the top of the screen to go to ASUS Quick Settings then 2. From the Settings screen, touch More.

NOTE: For more details about ASUS Quick Settings, refer to the section Managing notifications in Chapter 4. **IMPORTANT:** Refer to your PadFone 2 Quick Start Guide for instructions on how to install a SIM card. If your PadFone 2 does not connect to a network, contact your mobile network carrier for assistance. **Connecting to Wi-Fi networks** Wi-Fi wireless networking technology allows you to exchange data wirelessly over a network. To use Wi-Fi, enable the Wi-Fi feature in your PadFone 2 and connect to a wireless network.

Some wireless networks are secured with a key or protected with digital certificates and requires additional steps to set up; others are open and you can easily connect to them. **TIP:** Turn OFF Wi-Fi when you are not using it to help save battery power. to enable Wi-Fi and connect to a Wi-Fi network: 1.
