All subsequent messages are also sent from this service.

Save draft messages To save a draft of a message, click the trackwheel. Click Save Draft. Add contacts to a message To send a message to multiple contacts, click the trackwheel. Click Add To, Add Cc, or Add Bcc. To attach a contact to a message, click the trackwheel.

Click Attach Address. Open a message An unopened email message appears in the messages list with a closed envelope icon. After you open the message, the closed envelope changes to an open envelope. Set the importance level When composing a message, click the trackwheel. Click Options. Set the Importance field to High or Low. Save your changes. Send an email message 1. 2. In the messages list, click the trackwheel.

Click Compose Email. 7 Change sent messages To change the text in a sent message and resend it, open the message. Click the trackwheel. Click Edit. Change the text. Click the trackwheel. Click Send. To change the recipient of a sent message and resend it, open the message. Click the trackwheel. Click Edit. Select a contact. Click the trackwheel. Click Change Address. Click a new contact. Send your message.

To resend your message to the same contact, open the message. Click the trackwheel. Click Resend. View filed messages To display all filed messages in the messages list, in the messages list, click General Options. Set the Hide Filed Messages field to No.

To view messages within a specific folder, in the messages list, click the trackwheel. Click View Folder. Click a folder. Click Select Folder. Note: To view sent messages, in the messages list, click the trackwheel. Click View Folder. Click Sent Items. Click Select Folder. Manage messages Open a message. Click the trackwheel.

Perform one of the following actions: Delete multiple messages at one time To delete multiple messages, hold the Shift key and select a series of messages. Press the Delete key. To delete sent and received messages prior to and including a date, click a date. Click Delete Prior. Note: When you reconcile your handheld with your mailbox, any messages that you deleted from your handheld using the Delete Prior option are not deleted from your mailbox. Related topic Save Reply Forward Reply To All Delete To delete the original message from a reply, click the trackwheel. Click Delete Original Text. File mess email filter 1. 2. 3.

4. 5. 6. In the messages options, click Email Filters. Click the trackwheel.

Click New. Set the filter information. Click the trackwheel. Click Save. . . Create a filter based on the sender: Click Filter Sender.

Create a filter based on the subject: Click Filter Subject. Add a title and save the filter. About folder redirection If rules within your mailbox direct new messages into different folders, you must specify which desktop email folders should forward messages to your handheld. To set folder redirection, your handheld must be integrated with an email account using the BlackBerry Enterprise Server version 4.0. Alternatively, you can use the BlackBerry Desktop Software to specify folder redirection settings. Note: Set folder redirection for each message service on your handheld. Notes: To add a contact to the From or Sent to fields, click the trackwheel. Click Select Name. Click a name.

Click Continue. To make the filter detect messages from multiple contacts, use semi colons to separate your contacts in the From or Sent to fields. Related topics . . . About email filters Use email filters 10 Set folder redirection 1. 2. 3. 4. 5. 6. In the messages options, click Email Settings. Click the trackwheel.

Click Folder Redirection. Select the check boxes. Click the trackwheel. Click Save. Notes: Verify that you selected the Inbox.

If you do not select the Inbox, email messages are not forwarded from this folder. To specify all of your folders for redirection, including your Sent Items folder, select the Select All check box. All email messages sent from your mailbox also appear on your handheld. Related topics . . . About folder redirection View filed messages How do I make changes to the folders on my handheld? 11 12 PIN messages About PIN messages Find your PIN Open a message Send a PIN message Save draft messages Add contacts to a message Change sent messages Manage messages Delete multiple messages at one time Mark a message as opened or unopened Search the messages list Search the handheld Email and PIN messages -- frequently asked questions Note: If your handheld is integrated with an email account using the BlackBerry Enterprise Server version 4.0, your PIN is displayed on the Enterprise Activation screen.

Send a PIN message 1. 2. 3. 4. 5. 6. 7. 8. 9. In the messages list, click the trackwheel.

Click Compose PIN. Click [Use Once]. Click PIN. Type a PIN number. Click the trackwheel. Click Continue. Type a message. Click the trackwheel. About PIN messages A personal identification number (PIN) uniquely identifies each BlackBerry handheld on the network. If you know the PIN of another BlackBerry handheld user, you can send a PIN message to that person.

PIN messages are not routed through an existing email account. When your PIN message is delivered to the recipient, a D appears with a check mark in the messages list. 10. Click Send. Note: If you have added contacts to the address book, you can select a contact from the list after you click Compose PIN.

Find your PIN In the handheld options, click Status. 13 14 SMS messages About SMS messages Find your SMS number Type an SMS number Open an SMS message Send an SMS message Save draft messages Manage messages Resend an SMS message Delete multiple messages at one time Mark a message as opened or unopened Search the messages list Search the handheld Leave SMS messages on the SIM card SMS messages -- frequently asked questions Note: In the phone, set your smart-dialing options to avoid typing the country code and area code. Related topic . About smart dialing Open an SMS message An unopened SMS message appears in the messages list with a closed italic envelope icon. After you open the message, the closed italic envelope changes to an open italic envelope. Send an SMS message 1.

2. 3. 4. 5. 6. 7. 8. 9. In the messages list, click the trackwheel. Click Compose SMS.

Click [Use Once]. Click SMS. Type the SMS-compatible phone number. Click the trackwheel. Click Continue. Type a message. Click the trackwheel. About SMS messages With an SMS-compatible phone number, you can send and receive short message service (SMS) messages. An SMS-compatible number is a phone number (work, home, mobile, or pager) that your service provider enables for SMS. You can send SMS messages to contacts who have SMS-compatible phone numbers.

[You're reading an excerpt. Click here to read official BLACKBERRY 7700 user guide](http://yourpdfguides.com/dref/1080843)

To turn an image 90 degrees in a clockwise direction, click the trackwheel. Click Rotate. To view an image in more detail after zooming in, click the trackwheel. Click Enlarge Area. 20 Synchronizing data · · · · · About email reconciliation Set wireless email reconciliation Reconcile deleted messages About

PIM synchronization Set wireless PIM synchronization Synchronization -- frequently asked questions Note: Set the Wireless Reconcile option for each message service on your handheld. Related topic · Can I reconcile email messages over the wireless network? Reconcile deleted messages To set how deleted messages are reconciled between your handheld and mailbox, in the messages options, click Email Reconciliation.

[You're reading an excerpt. Click here to read official BLACKBERRY
7700 user guide
http://yourpdfguides.com/dref/1080843](http://yourpdfguides.com/dref/1080843)

Set the Delete On field. Note: Set the Email Reconciliation option for each message service on your handheld. Related topic About email reconciliation Email reconciliation means that any message you file or delete on your handheld will also be filed or deleted in your mailbox. Likewise, any changes that you make to messages in your mailbox are reflected on your handheld.

If your handheld integration option supports wireless email reconciliation, changes are automatically reconciled over the wireless network. You can also configure wireless email reconciliation options using the handheld. If your handheld integration option does not support wireless email reconciliation, changes are reconciled using the BlackBerry Desktop Software. For more information on manual email reconciliation, refer to the BlackBerry Desktop Software Online Help. Related topic · Delete multiple messages at one time About PIM synchronization You can synchronize personal information management (PIM) items such as tasks, memos, contacts, and calendar entries so that the entries on your handheld and in your desktop email program are identical. If your handheld is integrated with an email account using the BlackBerry Enterprise Server™ version 4.0 and wireless PIM synchronization is enabled, PIM items are synchronized over the wireless network automatically. You can turn wireless PIM synchronization on and off using the handheld. Software Online Help. Related topic · Can I reconcile email messages over the wireless network? Set wireless email reconciliation In the messages options, click Email Reconciliation. Set the Wireless Reconcile field to On.

21 If your handheld is integrated with an email account using a BlackBerry Enterprise Server™ version 2.1 or later and wireless calendar synchronization is enabled, you can synchronize your calendar entries over the wireless network. You can synchronize all other PIM items using the BlackBerry Desktop Software. For more information on synchronizing PIM items manually or configuring wireless calendar synchronization using the desktop software, refer to the BlackBerry Desktop Software Online Help. Related topic · Can I synchronize PIM items over the wireless network? Set wireless PIM synchronization If you have been using your handheld with wireless PIM synchronization disabled or are enabling wireless PIM synchronization for the first time, synchronize your handheld using the desktop software before you enable wireless PIM synchronization.

In the tasks, memo, address book, or calendar options, set the Wireless Synchronization field to Yes. You can set wireless calendar synchronization using the BlackBerry Desktop Software. For more information, refer to the BlackBerry Desktop Software Online Help. Note: If you enable wireless PIM synchronization on the handheld, you cannot synchronize PIM items using the desktop software. Related topic · Can I synchronize PIM items over the wireless network? 22 Backing up and restoring handheld data · About backing up handheld data About restoring handheld data About backing up handheld data If your handheld is integrated with an email account using the BlackBerry Enterprise Server version 4.

0, settings on your handheld that would not be saved in your desktop email program are backed up over the wireless network automatically. These settings include fonts, bookmarks, and other handheld settings. Any information saved as part of personal information management synchronization or wireless email reconciliation is not backed up. If you are using the BlackBerry Desktop Software with your handheld, you can back up your handheld data using the Backup and Restore tool. For more information on manual handheld data backup, refer to the BlackBerry Desktop Software Online Help. About restoring handheld data If your handheld is integrated with an email account using the BlackBerry Enterprise Server version 4.0 and your handheld data is lost or erased, it can be restored to your handheld using enterprise activation. In the handheld options, click Enterprise Activation. Type your corporate email address and the password supplied by your system administrator. Click the trackwheel.

Click Activate. If you are using the BlackBerry Desktop Software with your handheld and you have a backup of your handheld data on your computer, you can restore the data using the Backup and Restore tool. For more information on restoring handheld data manually, refer to the BlackBerry Desktop Software Online Help. 23 24 Typing · · · · · Use AutoText Create an AutoText entry Change AutoText entries Cut or copy text Paste text Typing tips Enable tones when pressing keys Set the cursor speed Typing -- frequently asked questions 7. 8. 9. or whether the entry is capitalized according to its context (SmartCase).
