To move the cursor in any direction and highlight items, slide your finger across the trackpad.

To select an item or follow a link, press the trackpad. To move back a screen, press the Escape key. To return to the Home screen, press the red End key. To open the menu, press the Menu key. To close the menu, press the Escape key.

Left Convenience key Launch the voice dialing application. Send key Menu key Trackpad End/Power key Right Convenience key Launch the camera. Backspace/Delete key Enter key Alt key Type the alternate character on a key. Left Shift key Capitalize letters. Speakerphone key Turn on/off during a call. Right Shift key Capitalize letters. Symbol key Open the symbol list. 4 5 sERVICE aCTIVaTION If you are a new T-Mobile customer and your service has not been activated, simply call Customer Care at 1-800-937-8997 from your landline phone and a T-Mobile Activations representative will assist you. You will need the following information when activating service: n sIm CaRD Your Subscriber Identity Module (SIM) card identifies you to the wireless network. Your phone will not work without the SIM card. To insert the SIM card and battery: 1. Detach your SIM card. n Service Agreement and agent code on your Agreement Your name, home address, home phone, and billing address Your Social Security number, current driver's license number, and date of birth for credit check purposes Your choice of T-Mobile rate plan and services (see www.t-mobile.com for latest plan information) SIM serial number and IMEI number (located on the box bar code label) NOTE: For business and government accounts, please provide the name of your company or government agency, address, and tax ID.

n 2. Lift and remove the back cover from the device. n 3. Slide the SIM card into the SIM card holder. n By activating service, you acknowledge that you have read, understand, and agree to be bound by each of T-Mobile's Terms and Conditions and your Service Agreement. 4. Insert the battery so that the metal contacts on the battery align with the metal contacts on the device. Insert the tabs on the back cover into the device and click the back cover into place. 7 6 baTTERY You can charge your device using the charger cable connected to a wall power outlet or by using the USB cable connected to your computer.

POWER To turn on the device, press and hold the red End key.

Charge using a charger cable To charge, connect the small end of the charger cable to the micro-USB port on the side of your device. Plug the other end of the charger into a wall outlet. sETUP WIZaRD The setup wizard appears when you first power on your device. Follow the wizard instructions to learn how to enter text and personalize your device. The wizard also helps you set up e-mail and configure Wi-Fi and Bluetooth®.

See the following sections in this guide for more information on: n Charge using a USB cable To charge, connect the small end of the USB cable to the micro-USB port on the side of your device. Plug the other end of the USB cable into the USB port of your computer. NOTE: Your computer's USB port must supply more than 130mA. n n Wi-Fi Calling Setup E-mail Setup Bluetooth Setup Full battery Battery charging Low battery 8 If the setup wizard screen does not appear when you power on your device, go to the Home screen and press the Menu key. Scroll to and select Settings and select Setup Wizard.

9 Call fUnCTIOns To make a call, enter the number and press the green Send key. To answer a call, press the green Send key. To end a call, press the red End key. Check Visual Voicemail 1. On the Home screen, press the Menu key. 2. Scroll to and select Visual Voice Mail. 3. Scroll to and select a message to do the following: Select the Back or Forward icons to scroll through multiple voicemails. Select the Play icon to listen to a voicemail.

Press the Menu key and then select Delete to delete a voicemail. Press the Menu key and then select Call Voice Mail to call the caller. Press the Menu key and then select Add To Contacts to add the caller to your phone book. n n n n Setup Visual Voicemail Visual Voicemail allows you to play and replay messages in any order, save voice messages to your phone, choose how you want to respond to messages, share special audio messages via e-mail, and create personalized greetings. 1. On the Home screen, press the Menu key. 2. Scroll to and select Visual Voice Mail. 3. Read the License Agreement.

4. Scroll down and select I Accept. 5. Scroll to and select Next. 6.

Select Standard Greeting, Personal Greeting, or Name. 7. Press the trackpad to select the Record icon. 8. Press the trackpad again when done.

9. Press the Escape key. 10. Scroll to and select Next. 10 Set up and call voicemail To set up voicemail, press and hold the 1 key and follow the tutorial.

To reset the password to the last four-digits of your phone number, enter #PWD# or #793# and press the green Send key. To call voicemail, press and hold the 1 key. 11 mObIE baCKUP Mobile Backup is a free service that lets you store contact information on your phone and on www.my.t-mobile.

com. Once you opt in, you can manage contacts on your phone or on the Web and the changes are automatically synchronized. With Mobile Backup, you don't have to worry about losing your contact information if you lose your phone. Simply opt in while going through the Setup Wizard and T-Mobile will back up your phone contacts and then will synchronize them each time you make a change. Your contacts are available to view and manage on www.my.t-mobile.com.

You may opt out of this service. However, if you choose certain services (like myFaves®), your address book may be backed up in order to deliver these specific services.

See the FAQ section on www.my.t-mobile.com for more details. COntACTs Add contacts 1.

2. 3. 4. 5. 6.

On the Home screen, enter the phone number. Press the Menu key. Scroll to and select Add to Contacts. Enter the contact's information. Press the Menu key. Select Save. Call a contact from the contacts list 1. On the Home screen, select Contacts. 2. Scroll to the contact.

3. Press the green Send key. 12 13 WI-fi CallIng sETUP Your device is HotSpot-enabled, allowing you to connect to the network in three ways: n Mobile Device Home T-Mobile HotSpot n n To standard mobile phone service (cell towers): Automatically connects to standard mobile phone service when you have coverage and whenever you are not in range of a saved Wi-Fi network or a T-Mobile HotSpot. To Wi-Fi using your home Wi-Fi network: Automatically connects to your home Wi-Fi network after you set up your T-Mobile wireless router (or nonT-Mobile wireless router) and save the network to your device. To Wi-Fi using T-Mobile HotSpot: Automatically connects to Wi-Fi when you are at a T-Mobile HotSpot location. T -M ob il e H o t S p o t Your device can easily switch (while on a call) between saved Wi-Fi networks, standard mobile phone service, and T-Mobile HotSpot locations. Your device will use the connection with the best signal strength. 14 15 Step 1 - Set up a wireless router T-Mobile wireless routers Run the setup CD that comes with your router. Other routers Set up the router using the manufacturer's instructions. Get security key The Get Security Key feature allows you to transfer the security key defined on your T-Mobile wireless router to your device.

To generate a security key: 1. On the Home screen, press the Menu key. 2. Scroll to and select Settings. 3.

Scroll to and select Set Up Wi-Fi. 4. Select Next. 5. Scroll to and select Get Security Key.

6. Select Next. 7. Press the Secure button on your wireless router. 8. On your device, select Done. Step 2 - Set up Wi-Fi 1. 2. 3. 4.

5. 6. 7. 8. 9. On the Home screen, press the Menu key. Scroll to and select Manage Connections. Scroll to and select Set Up Wi-Fi Network. At the Set Up Wi-Fi screen, select Next. Select Scan For Networks.

If prompted, select Turn Wi-Fi on. Scroll to and select the desired network. If prompted, enter a key or password. Select Connect. 16 17 E-mail sETUP Set up personal e-mail 1.

2. 3. 4. 5. On the Home screen, press the Menu key.

Scroll to and select Settings. Scroll to and select Manage Internet Email. Select Add. Perform one of the following: To access personal e-mail from accounts such as Yahoo!®, Gmail®, Hotmail®, and AOL®, select the desired provider or select Other. Enter your e-mail address and password and select Next. You can add up to 10 accounts. If you want to create a new BlackBerry e-mail account, scroll down and select Create New Address. Enter your username, which will appear before @tmo.blackberry.net.

Select Nend icons at any time. Phone numbers: You can only change a contact's phone number once per calendar month. If a number change is not allowed, you will receive an error message explaining why. 1. On the Home screen, scroll to and select the contact. 2. Press the Menu key. 3. Select Edit Contact. 4. Edit the contact's name, number, icon, ringtone, birthday, or anniversary. 5. Press the Menu key. 6. Select Save.

Replace a myFaves contact 1. On the Home screen, scroll to and select the contact. 2. Press the Menu key. 3.
