Here are the top 10 things they want to know how to do on their devices. Set up an email address 1. On the Home screen, click the Setup icon. 2. In the Setup section, click the Email Accounts icon. 3. Follow the screens to set up your email address. When your email address is set up correctly, you receive a confirmation message. To view and manage your email messages, on the Home screen, click the Messages icon.

Note: In some cases, you might see the following options. If so, select one of the options. · Internet Mail Account: Use this option to associate your BlackBerry® device with one or more existing email accounts (for example, Windows Live™ Hotmail®) or to create a new email address for your device. · Enterprise Account: If your administrator gave you an enterprise activation password, use this option to associate your device with your work email account using the BlackBerry® Enterprise Server. If you are trying to set up a Internet email account (for example, Windows Live™ Hotmail®) or a new email address for your device, and do not see this option, contact your administrator or wireless service provider.

Related topics Change options for your personal email account, 68 Change your ring tone, notifiers, or reminders In addition to changing the tone, you can also change options for volume, LED, vibration, and notification during calls. 1. On the Home screen, click the Sound and Alert Profiles icon. 2. Click Change Sounds and Alerts > Sounds for Selected Profile. · To change your ring tone, click Phone. · To change notifiers or reminders, click to expand a section. Click an option. 3. @@@@Find and click a song. @@@Find and click a voice note. · To use a preloaded alert, click All Alerts. Find and click an alert. key > Save. 4.

Press the Related topics I cannot change the number of times that my device rings, 55 9 User Guide Quick Help Find or hide an application icon Depending on your theme, you might not be able to hide some application icons. On the Home screen or in a folder, do any of the following: · To see all your application icons, press the key > All. key > Hide. · To hide an application icon, highlight the icon. Press the key > Show All. · To show all hidden application icons, press the key > Hide. A check mark should not appear beside the Hide · To stop hiding an application icon, highlight the icon. Press the field. About adding applications Depending on your wireless service provider and region, you might have the option to add or update applications using the BlackBerry App World™ storefront, the BlackBerry® Desktop Software, or the Application Center. You might also be able to download applications from a web page (try

visiting mobile.

blackberry.com from your BlackBerry device), or from an application offered by your wireless service provider. Additional terms and conditions might apply to software and services made available through the BlackBerry App World™ storefront, the BlackBerry Desktop Software, or the Application Center. Data charges might apply when you add or use an application over the wireless network. For more information, contact your wireless service provider.

BlackBerry App World If you have BlackBerry App World on your device, you can search for and download games, social networking applications, personal productivity applications, and much more. Using an existing PayPal® account, you can buy and download items over the wireless network to your device. To download BlackBerry App World, visit www.blackberryappworld.com.

For more information about managing applications using BlackBerry App World, click the BlackBerry App World icon. Press the Help. BlackBerry Desktop Software If you have the BlackBerry Desktop Software installed on your computer, you can connect your device to your computer to add, update, remove, or restore applications. You can also add applications to your device that you have downloaded to your computer, without having to use the wireless network. To download the BlackBerry Desktop Software, visit www.blackberry.com/desktop. For more information about managing applications using the BlackBerry Desktop Software, see the Help in the BlackBerry Desktop Software. Application Center If you have the Application Center on your device, you can add, update, or return to the previous version of a select number of applications that are hosted by your wireless service provider. Depending on your wireless service provider, this feature might not be available.

For more information about managing applications using the Application Center, click the Application Center icon. Press the Help. key > key > 10 User Guide Quick Help Add or change your signature Depending on your wireless service plan, this feature might not be supported. 1. On the Home screen, click the Messages icon. key > Options. 2. Press the · For a work email account, click Email Preferences. If the Message Services field appears, change this field to the appropriate email account. If the Use Auto Signature check box is not selected, select it.

In the field that appears, place your cursor. · For a personal email account, click Email Account Management. Click an email account.

<http://yourpdfguides.com/dref/3585795>

Click Edit. 3.

Type a signature. key > Save. 4. Press the Your signature is added to your email after you send it. Use a picture as your device wallpaper 1.

On the Home screen, click the Media icon > Pictures icon. 2. Browse to a picture. 3. Press the key > Set As Wallpaper. Supported audio and video file formats Depending on your BlackBerry® device model and wireless service provider, some media file formats might not be supported. Type Audio File format AAC AMR FLAC MP3 M4A OGG WMA WAV 3GP 3GP2 AVI ASF MP4 Video 11 User Guide Quick Help Type File format . . . MOV WMV

For information about codecs and recommended video and audio file formats for your device, visit www.blackberry.com/docs/smartphones and click Multimedia > Media Types Supported on BlackBerry Smartphones. Transfer a file from your computer to your device using your device as a USB memory drive You must use the BlackBerry® Desktop Software to manage and preserve the information or the encryption that is associated with your media files when you transfer files between your BlackBerry device and your computer.

1. Connect your device to your computer using a USB cable. 2. Do one of the following: · If you want to transfer most types of files, in the dialog box that appears on your device, select the USB option. · If you want to transfer media files that are protected with DRM, in the dialog box that appears on your device, select the media transfer option. 3. If necessary, type a password. Your device appears as a drive on your computer. 4. Drag a file from a location on your computer to a folder on your device.

To view the transferred file on your device, disconnect your device from your computer and find the file. Related topics Transfer your media files from your computer to your device using BlackBerry Desktop Software, 28 Open, close, or switch between tabs Do one of the following: key > Tabs. Click the New Tab icon. · To open a new tab, in the browser, press the · To open a new tab for a link on a web page, highlight the link. Press the key > Open Link in New Tab.

key > Tabs. Click a tab. · To switch between tabs, in the browser, press the key > Tabs. Highlight a tab. Click the icon.

· To close a tab, in the browser, press the Reconcile email over the wireless network You can set the Wireless Reconcile option for each email address that is associated with your BlackBerry® device. 1. On the Home screen, click the Messages icon. 2. Press the key > Options > Email Reconciliation. 3. If the Message Services field appears, set this field to the appropriate email account. 4. Select the Wireless Reconcile check box. key > Save.

5. Press the 12 User Guide Quick Help If your device is associated with a Microsoft® Outlook® email account, you must use the synchronization tool of the BlackBerry® Desktop Software to reconcile email in personal folders. For more information, see the Help in the BlackBerry Desktop Software. Getting to know your smartphone Find out about apps and indicators, and what the keys do on your BlackBerry® smartphone. Important keys Front keys Key Name Trackpad Actions Slide your finger to move around the screen. Press (click) to select an item. Press and hold to open a pop-up menu. Open a menu. Select a highlighted menu item. Press and hold to switch applications quickly.

Return to the previous screen. Close the menu. Make a call. Answer a call. End a call.

Return to the Home screen. Press and hold to turn on or turn off your BlackBerry® device. Menu Escape Send End/Power Top keys Key Name Power/Lock Mute Actions . . . Lock or unlock the screen. Press and hold to turn on or turn off your device. Mute a call.

Mute the volume. Side keys 13 User Guide Quick Help Key Name Volume Actions . . . Change the volume. Press and hold to play the next or previous media file. Before you take a picture or record a video, press to zoom in or out. Take a picture. You can also customize this key. Convenience key Keyboard Key Name Shift Alt Symbol Backspace/Delete Enter Speakerphone Actions Capitalize letters. Type the alternate character on a key. Open the symbol list. Delete the previous character or a selected item.

Select an item. Turn on or turn off the speakerphone during a call. About the slider and keyboard The slider enables you to use your BlackBerry® device when it is open or closed. For example, when the slider is closed, you can use the touch screen keyboard to type short responses to messages. When the slider is open, the slide-out keyboard is available for you to type longer messages, access keyboard shortcuts, and type while you view a full screen of content. You can also open the slider to answer a call and to turn on backlighting. You can use the touch screen keyboard in either portrait or landscape view. If you open the slider when the touch screen keyboard is displayed, the touch screen keyboard disappears and the device displays screens in portrait view. Videos are displayed according to your device's orientation. Select commands using toolbars and pop-up menus Several menu commands are also available on the screen to help you to perform common actions quickly.

Toolbars Toolbars are available in most applications, and appear at the bottom of the screen. You can use the toolbar in the Messages application, for example, to quickly search your messages, compose an email, or open or delete the highlighted message. · To see a description for a toolbar icon, touch and hold the icon. · To select the command, tap the icon. 14 User Guide Quick Help Pop-up menus Pop-up menus are available in most applications, and appear in the center of the screen.

You can use the pop-up menu when you are viewing a message, for example, to file, forward, or reply to the message. · To open a pop-up menu, touch and hold an item on the screen or press and hold the trackpad. · To select a command, tap the icon or click the trackpad. · To see additional commands, tap the Full Menu icon. Tips: Doing things quickly For full instructions, click the links under Related information at the bottom.

Use the Quick Access area to access popular options Highlight and click an area at the top of the Home screen to access options such as changing your ring tone, setting the alarm, viewing notifications, and turning on or off network connections. On the navigation bar, click All. Press and hold the key. Click an app. See all the apps and folders on the Home screen, or minimize your view and view the wallpaper Switch to another app Open an app with a convenience key Use toolbars Note: The other app might still be running in the background.

Indicators often appear on app icons, new content within apps, and at the top of the Home screen. Remove the new item indicator Remove the unopened message indicator Open each item that has this indicator. For example, to remove it from the Messages icon, click the icon. In the Messages app, do one or more of the following: · Open all of your messages by clicking on them. If you cannot find all of your unopened messages in your inbox, look in your messages folders. 17 User Guide Quick Help · · Identify an indicator · Mark a message as opened. Highlight a message. Press the key > Mark Opened.

Mark all messages that are prior to a date as opened. Highlight key > Mark Prior Opened. a date field. Press the You might be able to identify an indicator by seeing the icon of the application that the indicator refers to. To see a complete list of applications on your device and their icons, on the Home screen or in a folder, click the Options icon. Click Device > Application Management. For a complete list of BlackBerry® indicators, visit www.blackberry.com/docs/smartphones. Click your device model, and then click the Icons and Indicators guide.

· Feature availability The following items affect the availability of features on your BlackBerry® device. The features discussed are meant as examples, and are not inclusive of every feature that might or might not be available on your device. Device model Features such as GPS, the camera and video camera, and network connection options are dependent on your device model. To find feature specifications for your device model, visit www.blackberry.com/go/devices. You must purchase or change your wireless service plan through your wireless service provider. A wireless service plan with phone or voice is required for you to use the phone application and to send and receive text messages. A wireless service plan with data is required for you to use the browser service and instant messaging applications, and to send and receive email messages and PIN messages. For more information about your plan, contact your wireless service provider.

BlackBerry Internet Service and BlackBerry Enterprise Server Once you have a data plan, you must set up your email address or third-party instant messaging account in order to send and receive email messages, use third-party instant messaging applications, and use some browser options. Wireless service plan 18 User Guide Quick Help If you are an individual user, when you set up your email address or instant messaging account, you are associating it with the BlackBerry® Internet Service. If you are a corporate user, your administrator sets up your email account by associating it with a BlackBerry® Enterprise Server. Your administrator might set options that determine the features and settings that are available on your device. To view the IT policies that have been set by your administrator, on the Home screen or in a folder, click the Options icon. Click Security > Security Status Information > View IT Policy.

Wireless service provider Features such as text messaging, location-based services, and some phone features are dependent on your wireless service provider's offerings. For more information, contact your wireless service provider. The wireless network that your device is connected to might affect the availability of some features. Depending on your wireless service provider and available roaming options, different wireless networks are available.

Some wireless networks do not support features such as call blocking, call forwarding, or cell broadcasting. For more information, contact your wireless service provider. Wireless network Related topics BlackBerry Device Software, 212 Find more information, 30 Check what wireless networks your device connects to, 215 Tips Save time and maximize your efficiency with these quick tips. Tips: Finding apps Look in a folder on your Home screen Make all hidden apps visible on the Home screen Some apps are located in folders on your Home screen. Click a folder to see what apps are inside. On the Home screen, press the key > Show All. To unhide the app, highlight it and then click Hide to clear the check mark.
