..... 19 Safety information Please read these safety instructions and the operation instructions provided in this booklet before using the BlackBerry® HS-655 wireless headset. Retain these instructions for future use. Electrical Safety The BlackBerry HS-655 should be charged only from the type of power source indicated in the operation instructions.

Route all cables so that they are not likely to be walked on, tripped over or pinched by items placed upon or against them. Pay particular attention to the point where the power cable plugs in to the BlackBerry HS-655 charging pocket. Do not overload power outlets, extension cords, or integral convenience receptacles as this can result in a risk of fire or electric shock. To reduce the risk of damage to the cord or the plug, pull by the plug rather than the cord when you disconnect the BlackBerry HS-655 charging pocket from the power source. Never push objects of any kind through openings in the BlackBerry HS-655 or charging pocket as they might short-out parts and could result in a fire or electric shock. Never spill liquid of any kind on the BlackBerry HS-655 or charging pocket. Do not use the BlackBerry HS-655 or charging pocket near water (for example near a bathtub, or a sink, in a wet basement, near a swimming pool, etc.). Whether in use or not, the BlackBerry HS-655 and charging pocket should be situated away from heat sources, such as radiators, heat registers, stoves, flames, lit candles, cigarettes, or other products (including amplifiers) that produce heat. Care Unplug the BlackBerry HS-655 charging pocket from the power outlet before cleaning.

Do not use liquid or aerosol cleaners. Rather, use a dry cloth to clean the unit. Unplug the BlackBerry HS-655 charging pocket during lightning storms or when unused for long periods of time. CAUTION: To reduce the risk of fire or electric shock, do not expose the BlackBerry HS-655 or charging pocket to water, rain, or other moisture. Service Disconnect the USB cable from the BlackBerry HS-655 charging pocket and from the power outlet.

.....

Plug the power adapter into a power outlet. Charge the BlackBerry HS-655 using an automotive charger 1. 2. Connect the smaller end of the automotive charger to the base of the charging pocket. 3. Connect the larger end of the automotive charger to the convenience receptacle in your vehicle. Charge the BlackBerry HS-655 with the BlackBerry Power Station Note: The only headset that the BlackBerry® Power Station is compatible with is the BlackBerry® HS-655 wireless headset. 1. Place the BlackBerry HS-655 in its charging pocket. 2.

Place the charging pocket in the integrated charging receptacle in the BlackBerry Power Station. 11 12 Using the BlackBerry HS-655 Turn on the BlackBerry HS-655 · Hold the call control button until the indicator light glows blue. Note: The indicator light will flash blue every 5 seconds when the power is on. Turn off the BlackBerry HS-655 · Hold the call control button for 6 to 8 seconds until the indicator light glows red. 13 Pair the BlackBerry HS-655 with your BlackBerry device Depending on the type of BlackBerry® device that you have, the procedure for pairing the BlackBerry® HS-655 wireless headset might differ. To find the pairing instructions that are specific to your BlackBerry device, perform the following actions: 1. On the BlackBerry HS-655, hold the call control button for 10 seconds until the status indicator begins to flash red then blue. Note: The BlackBerry HS-655 remains in pairing mode for 120 seconds. 2. On your BlackBerry device, in the device options, click Bluetooth.

3. In the menu, click Help. 4. Follow the instructions for pairing a Bluetooth enabled headset with your BlackBerry device. Note: If you are prompted to type a passkey when pairing the BlackBerry HS-655 with your BlackBerry device, type 0000.

14 Answer a call · Briefly press the call control button on the BlackBerry® HS-655 wireless headset. End a call · Briefly press the call control button on the BlackBerry® HS-655 wireless headset. Ignore a call · When receiving a call, hold the call control button on the BlackBerry® HS-655 wireless headset for 3 seconds. 15 Adjust the volume CAUTION: For your comfort, health, and safety, do not exceed moderate listening levels. · To increase the volume, press the upper end of the volume button.

· To decrease the volume, press the lower end of the volume button. Mute a call · To mute a call, press both ends of the volume button simultaneously until you hear a beep. · To turn off mute, press both ends of the volume button simultaneously until you hear a beep. 16 Make a call using a voice command Verify that your BlackBerry® device uses BlackBerry Device Software Version 4.2 or later and that your device supports voice dialing. 1. Hold the call control button. 2.

Say the voice command. 17 18 Legal notice ©2006 Research In Motion Limited.
