.....37 4 Welcome to BlackBerry! Thank you for choosing a BlackBerry® Storm2™ smartphone! To set up your device, insert the SIM card (if a SIM card was included with your device), insert the battery, and complete the setup wizard. For more information, see the Start Here and Explore posters that came with your device.

Before you use your device or any accessories for your device, see the Safety and Product Information booklet, located on the BlackBerry® User Tools CD. For the most recent version of the booklet, visit [www.blackberry.com/go/docs](http://www.blackberry.com/go/docs). 5 About inserting a SIM card A SIM card stores important information about your wireless service.

A SIM card might already be inserted in your BlackBerry® device. Insert a SIM card into your device in one of the following situations: · Your wireless service provider provided you with a SIM card or it is included in the box with your device. · You are switching from one device that required a SIM card to another device. Remove the SIM card from your previous device and insert it into your new BlackBerry device. Depending on your wireless service provider, you might need a PIN code for the SIM card.

For more information, contact your wireless service provider. · You purchased an optional SIM card from your wireless service provider as part of a global roaming package so that you can connect your device to a GSM® or UMTS network while you are traveling. For more information, see the Start Here poster.

6 Phone basics Do not hold your BlackBerry® device near your ear while you use the speakerphone. Hearing damage can occur. For more information, see the Safety and Product Information booklet, located on the BlackBerry® User Tools CD. Make a call 1. From the Home screen, press the 2. Type a phone number. 3.

Press the key. To end the call, press the key. key. Change your ring tone 1. From the Home screen, press the 2. Press the key. key. 3. Click Set Ring Tone. 4. Perform one of the following actions: · To use a preloaded ring tone, in the Ring Tone field, click a ring tone. · To use a ring tone that you downloaded, in the Ring Tone field, click Select Music at the top of the list. Navigate to the ring tone. Click the ring tone. 5.

Press the key. 7 6. Click Save. Add a contact 1. 2.

3. 4. On the Home screen, click the Contacts icon. Click New Contact. Type the contact information. Press the key. 5. Click Save. Phone tips To Answer a call

Adjust the volume during a call Turn on or turn off mute during a call Do Press the key Press the Volume keys on the right side of your BlackBerry® device

Press the key at the top of your device 8 Pair with a Bluetooth enabled device You must pair your BlackBerry® device with a Bluetooth® enabled device before you can connect to it. For more information about preparing the Bluetooth enabled device for pairing, see the documentation that came with the Bluetooth enabled device.

1. 2. 3. 4. 5. On the Home screen, click the Manage Connections icon. Click Set Up Bluetooth. Click Search. Click a Bluetooth enabled device. If necessary, perform one of the following actions: · If the Bluetooth enabled device does not have a keyboard (for example, a headset), on your BlackBerry device, type the pairing passkey that is in the documentation that came with the Bluetooth enabled device.

The passkey is often a numeric or alpha-numeric code. · If the Bluetooth enabled device has a keyboard (for example, a laptop), type a pairing passkey of your own choosing on both devices. Bluetooth indicators Indicators at the top of the Home screen display information about Bluetooth® technology. Bluetooth

technology on Bluetooth technology connected 9 About emergency calls If you are outside of a wireless coverage area and the SOS wireless coverage indicator appears, you can only call emergency numbers. Your BlackBerry® device is designed to allow emergency calls even when your device is locked.

Depending on your device model and the wireless network that your device is connected to, your device is also designed to allow emergency calls when the SIM card is not inserted. If the connection to the wireless network is turned off when you initiate an emergency call, your device is designed to connect to the wireless network automatically. You can only make emergency calls by typing official emergency access numbers (for example, 911 or 112). You should not rely on any wireless device for essential communications, including medical emergencies. Emergency numbers may vary by location and emergency calls may be blocked or impeded by network, environmental, or interference issues.

10 Typing basics About typing using different keyboard styles When you need to type, your BlackBerry® device displays one of three keyboard styles automatically, based on the field that you type in and the orientation of your device. If you are using your device in portrait view, you can switch between the SureType® keyboard, multi-tap keyboard, and full keyboard, and you can set one of these keyboard styles to be your default. If you are using your device in landscape view, you can type using the full keyboard. Switch typing input methods when you are typing To perform this task, you must be using your BlackBerry® device in portrait view. 1. When you are typing, press the Menu key. re viewing a picture Zoom in to a specific location on a picture Touch the

location twice quickly 17 18 Browser basics Visit a web page Depending on your wireless service provider, multiple browsers might appear on your BlackBerry® device. For more information about the charges associated with using each browser, contact your wireless service provider. 1. On the Home screen, click the Browser icon.

2. Perform one of the following actions: · If a web address field appears on the screen, type a web address. · If a web address field does not appear on the screen, press the Go To. Type a web address. 3. Press the Enter key. key. Click Browser tips To Do Show or hide the shortcut bar at the bottom Touch the screen of the screen Zoom in to a specific location on a web page Touch the location twice quickly 19 To Do icon icon Show the cursor so that you can select Click the items and links Pan and zoom in to web pages Click the 20 Wi-Fi connection basics Connect to a Wi-Fi network 1. On the Home screen, click the Manage Connections icon. 2.

Click Set Up Wi-Fi Network. 3. Perform one of the following actions: · Click Scan for Networks. Click a network. · Click Manually Add Network.

[You're reading an excerpt. Click here to read official BLACKBERRY STORM2 9520 user guide](http://yourpdfguides.com/dref/2436425)  
<http://yourpdfguides.com/dref/2436425>

Type the network name. Click Add. · If you are using a wireless access point or router that is enabled with Wi-Fi Protected Setup™, click Push Button Setup. 4. Complete the instructions on the screen.

5. When you are prompted to save a profile for the Wi-Fi® network, click Next so that your BlackBerry® device connects to the Wi-Fi network automatically next time. 6. Click Finish. To change your Wi-Fi options again later, on the Home screen, click Manage Connections. Click Wi-Fi Options. 21 Wi-Fi connection indicators Indicators at the top of the Home screen display Wi-Fi® connection details for the area you are using your BlackBerry® device in. + Wi-Fi network name + Wi-Fi network name You can send and receive email messages and use the browser over a Wi-Fi connection. Your device is connected to a Wi-Fi network but does not have access to BlackBerry services over the Wi-Fi connection. Your connection to a Wi-Fi network is turned on, but you are not in a Wi-Fi coverage area.

22 Personalize your device Change your wallpaper 1. From the Home screen, press the key. 2. Click Options. 3. Click Wallpaper. 4. Perform one of the following actions: · To take a picture, click Camera. Click the camera icon. · To select a picture that you have already taken, click the picture. · To select a preloaded picture, click Pictures. Click a picture. 5. Press the key. 6.

Set As Wallpaper. 7. Press the key twice to return to the Home screen. 23 24 About the BlackBerry Desktop Software You can use BlackBerry® Desktop Software to charge your BlackBerry device, back up and restore device data, and synchronize calendar appointments, music, pictures, and so on, between your device and your computer. For more information, see the online help in the BlackBerry® Desktop Manager.

System requirements: BlackBerry Desktop Software · · · · Intel® compatible 486 or later computer that is compliant with USB 1.1 or later Windows® XP or later or Mac 10.5.5 or later BlackBerry® User Tools CD On Windows computers, iTunes 7.2 or later or Windows Media® Player 10 or later On Mac computers, iTunes 7.7 or later Install the BlackBerry Desktop Software You can install the BlackBerry® Desktop Software from the BlackBerry® User Tools CD or from [www.blackberry.com/softwaredownloads](http://www.blackberry.com/softwaredownloads). 25 If your BlackBerry device is connected to your computer, disconnect it. Insert the BlackBerry User Tools CD into the CD drive on your computer.

Click BlackBerry Desktop Software. Complete the instructions on the screen. If you are using a Windows® computer, on the Integration Options screen, select the Integrate with a personal email account option, unless you are a corporate user and your work email account is associated with a BlackBerry® Enterprise Server. For more information, contact your administrator. 6. If you are prompted, restart your computer. 7. When the installation is complete, connect your device to your computer using the USB cable. If the BlackBerry® Desktop Manager does not open automatically, perform one of the following actions: · If you are using a Windows computer, click Start > All Programs > BlackBerry > Desktop Manager. · If you are using a Mac computer, in the Applications folder, click the BlackBerry Desktop Manager icon.

1. 2. 3. 4. @ @ @ @ 1.

Connect your BlackBerry® device to your computer. 2. On your computer, open the BlackBerry® Desktop Manager. 3. @ @ @ @ @ On your computer, open the BlackBerry® Desktop Manager.

Open the message. Press the · If you use email message filters, verify that the options for email message filters are set correctly. The battery is not charging For more information about charging your BlackBerry® device, see the user guide for your device. 32 Safety information Carrying your device Your BlackBerry® device might not come with a holster (body-worn carrying solution equipped with an integrated belt clip). If you wear the device on your body, always put the device in a holster with an integrated belt clip supplied or approved by Research In Motion. Carrying solutions, including RIM approved carrying solutions and carrying solutions not approved by RIM, that do not come equipped with an integrated belt clip should not be worn or carried on the body. For more information about carrying your device, including separation distances when wearing your device, see the Safety and Product Information booklet located on the BlackBerry® User Tools CD that came with your device. To purchase RIM approved holsters equipped with an integrated belt clip or other accessories for your device, contact your wireless service provider or visit [www.shopblackberry.com](http://www.shopblackberry.com).

Driving and walking safely Give your full attention to driving; driving safely is your first responsibility. You are responsible for knowing and obeying the laws and regulations regarding the use of wireless devices in the areas where you drive. 33 Research In Motion recommends that you do not use your BlackBerry® device while you drive. Instead, consider having a passenger in the vehicle use the device for you, or find a safe location to stop your vehicle before you use the device. Avoid using your device while walking or engaging in any activity that requires your full attention. Inattention to vehicular traffic or other pedestrian hazards could result in serious bodily injury. For important safety information about driving safety, see the Safety and Product Information booklet, located on the BlackBerry® User Tools CD. Specific Absorption Rate data The BlackBerry® device is a radio transmitter and receiver. It is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission (FCC) of the U.S.

Government, Industry Canada of the Canadian Government (IC), and the recommendations of The Council of the European Union. The exposure standard for wireless devices employs a unit of measurement known as the Specific Absorption Rate, or SAR. This BlackBerry device model meets government requirements for exposure to RF energy. For more information on the SAR data for this BlackBerry device, see the Safety and Product Information booklet, located on the BlackBerry® User Tools CD.

34 Interference with electronic equipment Most modern electronic equipment is shielded from radio frequency (RF) signals.

However, certain electronic equipment, including medical devices, might not be shielded against the RF signals from the BlackBerry® device. For more information, see the Safety and Product Information booklet, located on the BlackBerry® User Tools CD. 35 36 Legal notice ©2009 Research In Motion Limited. All rights reserved.
