@@MAT-26205-001 | PRINTSPEC-058 | SWD-656736-1124085627-001 | RCF7xCW Welcome to BlackBerry! Get ready to experience the freedom and connectivity of your all-in-one mobile solution. Setting up your BlackBerry® Tour™ smartphone is easy. Simply follow the instructions in this guide to set up your device and learn the basics quickly. Charge the battery Complete the setup wizard The setup wizard is designed to help you learn about navigation and typing, change options to personalize your BlackBerry® device, set up wireless and Bluetooth® connections and set up one or more email addresses. The setup wizard should appear automatically the first time that you turn on your device. 1. If the setup wizard does not appear automatically, on the Home screen or in the Setup folder, click the Setup Wizard icon. 2. Complete the instructions on the screen. 4.

Complete the instructions on the screen. Note: When your email address is set up correctly, you receive a confirmation message. To view and manage your email messages, on the Home screen, click the Messages icon. Insert the SIM card and battery Depending on your BlackBerry® device model or your wireless service provider, you might not need to insert a SIM card to use your device. For more information, see the Learn More booklet that came with your device.

I cannot set up an email address Try performing the following actions: · @@On the email setup screen, verify that you have typed all the email address information correctly. To view the password that you typed, select the Show Password check box. · Verify that the email address is associated with a supported email account (for example, a POP3 email account or an IMAP email account). For more information about supported email accounts, contact your wireless service provider. · If you are switching from another BlackBerry® device that is associated with one or more email addresses using the BlackBerry® Internet Service, you must switch devices automatically or manually using the email setup application.

@@@1. @@2. @@@@ @@@@ @@@@3. @@@@ @@If the battery is charged, your device might turn on automatically. @@@@ @@To select a highlighted menu item, press the Menu key again. @@@@ @@If the discomfort persists, consult a physician. @@Click Navigation and Typing Tutorials. @@@@ @@For example, to type the number one (1), press the key and the number key key and . key. key again.

Type To view more applications on the Home screen, press the Menu key. To return to the Home screen, when you are not on a call, press the End To move back a screen, press the Escape key. To move the cursor in any direction and highlight items, roll the trackball. To select an item or open a link, click the trackball. To change the value in a field, click a field. Click a value. · To insert an at sign (@) or a period (.) in an email address field, press the key. · To type a symbol, press the key. To view more symbols, press the the letter that appears below the symbol.

Typing indicators When you type, typing indicators appear at the top-right corner of the screen. CAP lock (capital letter lock) NUM lock (number lock) Alt mode Applications You can access applications on the Home screen and in folders on the Home screen. To view the Home screen, when you are not on a call, press the End key. The initial view of the Home screen displays only some of the available applications. To view more applications on the key.
