Manual abstract:

@@@ 4a. Then insert the battery unit again and confirm that it operates as desired. @@@@ Make sure that the holding strap has engaged into the fixing plate! Then cut the strap using a knife or any similar device, fig. 1/1a. (The ends of the holding strap must not overlap. @@ Use both rubber parts where required, see fig. 2. Try out first before finally gluing the parts in place. Then attach the control unit on the right as shown in fig. 2 (see arrow 1), engage it, and turn it to the left (push back, see arrow 2).

@@ 3. Avoid turning the control unit after it has been finally attached. Unlock it again when the battery needs replacement, see fig. 3/4/4b. @@.
