Manual abstract:

@@@ Do not hold the motor part 1 under running water or immerse it entirely in water. Never remove the transparent lid 2 before the blades 5 have stopped rotating. Braun electric appliances meet applicable safety standards. Repairs or the replacement of the mains cord must only be done by authorised service personnel. faulty , unqualified repair work may cause considerable hazards to the user. Description 1 Motor part with grinding area (maximum capacity 60 g of coffee beans) 2 Transparent lid 3 On/off switch 4 Measuring calibration 5 Blades 6 Cord storage area Grinding coffee Take care not to overload the unit. Do not fill coffee beans beyond the brim of the unit (a). To start the coffee grinder (b), replace the transparent lid 2 onto the motor part 1, and depress the on/off switch 3. to stop it , simply release the on/off switch. @@It is recommended not to continue grinding for more than 30 seconds.

@@You will soon find your desired consistency of grind. @@@@ @@@@ wipe the motor part 1 with a damp cloth only. @@Excess cord may be wrapped around the base. Subject to chance without notice. @@@@Disposal can take place at a Braun Service Centre or at appropriate collection points provided in your country.

Within the guarantee period we will eliminate, free of charge, any defects in the appliance resulting from faults in materials or workmanship, either by repairing or replacing the complete appliance as we may choose. This guarantee extends to every country where this appliance is supplied by Braun or its appointed distributor. This guarantee does not cover: damage due to improper use, normal wear or use as well as defects that have a negligible effect on the value or operation of the appliance. The guarantee becomes void if repairs are undertaken by unauthorised persons and if original Braun parts are not used.

@@@.
