Manual abstract:

Please read the use instructions carefully before first use. If the cord is damaged, take the charging unit to an Oral-B Braun Service Centre. A damaged or non-functioning unit should no longer be used. This product is not intended for use by children under age three. Do not place or store the charger where it can fall or be pulled into a tub or sink. Do not place the charger in water or other liquid. Do not reach for a charger that has fallen into water. Do not disassemble the product except when disposing of the battery. When taking out the battery for disposal, use caution not to short the positive (+) and negative (-) terminals. Do not insert any object into any opening of the appliance/charger.

Do not touch the power plug with wet hands. When unplugging, always hold the power plug instead of the cord. Use this product only for its intended use as described in this manual. Do not use attachments which are not recommended by the manufacturer. If you are undergoing treatment for any oral care condition, consult your dental professional prior to use.

Plug the charging unit (D) into an electrical outlet. Overcharging is impossible. Battery maintenance To maintain the maximum capacity of the rechargeable battery, unplug the charging unit and discharge the handle by regular use at least every 6 months. The toothbrush can be used with any leading brand of toothpaste. To avoid splashing, guide the brush head to your teeth before switching the appliance on (B).

Slowly guide the brush head from tooth to tooth, spending a few seconds on each tooth surface. Brush the gums as well as the teeth, first the outsides, then the insides and finally the chewing surfaces (15). brush at least 2 minutes to thoroughly remove plaque. Do not press too hard or scrub. A short stuttering sound indicates the end of the professionally recommended 2-minute brushing time. Multiangled bristles clean between teeth and along the gumline. We do not recommend using the Oral-B 3DWhite brush head with braces. Dentists recommend replacing any toothbrush every 3 months. Therefore the brush heads feature light blue INDICATOR® bristles to help you monitor brush head replacement need (I. a).

With thorough brushing, twice a day for two minutes, the blue color will fade halfway down approximately in a 3-month period (I. C), you are exerting too much pressure on teeth and gums. During the first days of using the toothbrush, your gums may bleed slightly. In general, bleeding should stop after a few days. Then switch off the handle and take off the brush head. Subject to change without notice, this product contains rechargeable batteries.

Disposal can take place at an Oral-B Braun Service Centre or at appropriate collection points provided in your country. We grant 2 years guarantee on the product commencing on the date of purchase. Within the guarantee period we will eliminate, free of charge, any defects in the appliance resulting from faults in materials or workmanship, either by repairing or replacing the complete appliance as we may choose.

For UK only: This guarantee in no way affects your rights under statutory law. För miljöns skull rekommenderar dock Oral-B att man drar ut kontakten till laddningsenheten till nästa laddningstillfälle. .
