A vertical black advertisement graphic for Canon IR 2018. On the left, it says 'you can Canon' in red and white. Below that, it lists two series: 'IR1018/1022 Series' (models IR1018, IR1018, IR1022A, IR1022F, IR1022L, IR1022F) and 'IR2018/2030 Series' (models IR2018A, IR2022A, IR2025A, IR2030A). To the right of this text, it says 'Black & White printers for medium-sized workgroups'. In the center, there is a white Canon IR 2018 printer with a red wireframe overlay. To the right of the printer, the words 'PRINT', 'SCAN', 'COPY', and 'SEND' are stacked vertically in large white capital letters. A red line connects the 'you can Canon' text to the printer, and another red line connects the 'SEND' text to the printer.

Manual abstract:

@@From entry-level everyday black & white printers to more sophisticated document and publishing capabilities up to A3, you'll find what you're looking for with these two great ranges. You'll also enjoy expert installation, training and on-site service, plus pre-determined Service Level Agreements and with click charging, you only pay for what you actually print, which helps you gain a greater control of costs. CANON EASY SERVICE PLAN If you prefer to buy from an authorised Canon partner, you can still benefit from Canon's quality service with our Easy Service Plan. Any Canon device you buy is maintained by us and our authorised partners, so you don't have to worry about a thing. @@@@You can print 18-22 pages per minute and also scan and send information directly from the device in a variety of formats. SAVE SPACE, AND THE ENVIRONMENT TOO A compact footprint means you don't have to use valuable floor space for different devices, you get everything you need in one small desktop model. As part of Canon's commitment to reducing environmental impact, these models automatically go into energy-saving sleep mode when the device is not in use and can power back up in seconds as soon as they are needed.
