**Manual abstract:**

*Compact. COLOUR iRC3380/i / iRC2880/i High quality. Introducing total colour multifunctionality Cost efficient. Secure. Priorities for any business are straightforward when it comes to print: keep costs low, make the device easy to use, and enable high levels of control and security. The compact iRC2880/i and iRC3380/i deliver in every area. The iRC2880/i and iRC3380/i devices also offer Auto Colour Sensing (ACS). iWMC is a standard feature that enables remote management of device settings, discovery of new devices using automated tasks, and device Effortless control error notifications via email, such as out-of-toner enabling problems to be dealt with easily and quickly ensuring minimal downtime. iWMC also allows administrators to easily replicate settings and address books across multiple devices. Canon's unique e-Maintenance automatically reports any problems to service centres and Canon partners, so you don't need to worry about constant monitoring.*

*Canon's Department ID and the optional iWAM MEAP software detail who prints what, where and when. You can control the amount of colour used, setting individual or departmental quotas, by managing password access to the smart colour capability. The new Access Management System (AMS) featured within uniFLOW Output Manager (UFOM), allows IT managers to create access profiles to devices functions (colour printing, fax, scan) for single users, groups, departments enabling organisations to control costs, and security. A smarter way to work The iRC2880i and iRC3380i are network-ready. For maximum security, you can even conceal the job log history.*

*With Canon's Stay secure printer security option, data on the device hard drive can be secured with 128-bit encryption technology and set to automatically overwrite traces of previously stored data. COLOUR iRC3380/i / iRC2880/i Share. Everything you need in one device Scan. Send. The iRC2880/i and iRC3380/i are fully multifunctional devices.*

*That means you don't need to have, or manage separate hardware for printing, copying, faxing, scanning or sending at speed. You save money on capital expenditure, save time on management and, because our printers have small footprints, you save even more on space. Fast, high-quality colour Better results with professional finishing With finishing features including folding, back and front covers and hole punch, it's quick, easy and cost-effective to create a variety of full finished reports and other professional documents from your office. Plus, the iWPM software enhances productivity further.*

*Buffer Pass Unit E2 is required. For extra copies or heavier workloads, the Finisher Y1 is ideal with its two trays and a 2,000 sheet capacity. It also accommodates 50 sheet stapling for sturdier report production. Buffer Pass Unit E2 is required. 1 Saddle Finisher Y2\* 2 Hole Puncher Unit\* 3 Finisher Y1\* 4 DADF L1\* 5 Internal Finisher Z1\* 6 Advanced Technology 7 Paper Cassette 8 Cassette Feeding Unit Y3\* 9 Side Paper Deck Z1\* 10 Stack Bypass \*Optional 1 2 4 A 50 sheet document feeder (DADF) helps cope with scanning and sizeable copy runs, accommodating documents with different sized pages. This way you can future proof your investment.*

*Each of the 550 sheet cassettes are useradjustable to cope with paper sizes between A5A3+. A total of 4,950 sheets gives huge versatility from 6 different sources, including optional additional trays, allowing you to produce stunning colour documents combining different media types and weights. 9 Configure the iRC2880/i and iRC3380/i with the 2,700 sheet Paper deck and you have a comprehensive paper supply equipped for the most demanding workloads.
