8X USB Powered Slim Multiformat DVD Writer with LED Power Indicator

HP's Multiformat drive offers high speeds and double-layer recording, and it's LightScribe Version 1.2 ready for high-contrast LightScribe labeling. It lets users easily preserve, edit and share up to 8.5 GB of video, photos, and multimedia presentations on one double-layer disc – and quickly store, back up and transport files on DVDs and CDs.

The dvd556s, with its sleek, compact, and USB powered design, gives the user a state of the art optical storage solution on the go. LED Power Indicator detects USB power sufficiency, and provides signals to the user whether a second USB connection will be needed for DVD write operations.

**Compatible and Versatile**

- Record to major formats on one drive: DVD±R/RW, DVD±R DL, DVD-RAM, CD-R/RW, and LightScribe.
- Enjoy excellent playback compatibility on DVD drives and players.
- Record video onto DVD with your PC, then play it back in your living room.
- Record and back up critical files on DVD-RAM.

**The Latest Technologies**

- Higher transfer rates with USB2.0 Connection.
- Get the latest optical storage features in the HP dvd556s.
- Record to single or double-layer DVDs and now to DVD-RAM.
- Burn labels directly to disc with the latest LightScribe technology.
- LED Power Indicator detects USB power sufficiency.

**LightScribe Direct Disc Labeling**

- LightScribe is artistic: Create beautiful labels and burn them directly to your LightScribe discs.
- LightScribe is easy: Just burn your CD or DVD, then flip the disc over and burn a label.
- LightScribe can't peel off, get stuck, or cause disc damage the way paper labels can.
- LightScribe direct disc labeling means no pens, no ink, no printer and no sticky labels.

**Creative, Fun and Robust**

- Full software suite included – edit video, create slideshows, back up music and data, create personalized label designs, and more.
- Surprise your family and friends with slideshows and home movies, digitally preserved on DVD or CD, beautifully labeled with your own personal touch and ready for playback.
- Rely on HP's comprehensive testing standards for high compatibility and quality results.
