**D-Link** HIGH-SPEED ADSL BROADBAND

**WIRELESS N 150 ADSL2+ MODEM ROUTER**

<p><b>HIGH SPEED INTERNET</b> Latest ADSL2+ standards provide Internet transmission of up to 24 Mbps downstream, 1 Mbps upstream, Max rate 25 Mbps up for Annex M</p>	<p><b>HIGH-PERFORMANCE WIRELESS</b> Wireless N technology is ideal for high-speed wireless connection and has complete compatibility with 802.11g wireless devices</p>	<p><b>TOTAL SECURITY &amp; QoS</b> Firewall protection, user access control, WPA/WPA2 support, and priority queues for smooth VoIP and multimedia</p>

**HIGH-SPEED INTERNET**  
The Wireless N 150 ADSL2+ Modem Router is a versatile, high-performance remote router for home and the small office. With integrated ADSL2+ supporting up to 24 Mbps download speed, firewall protection, Quality of Service (QoS), 802.11n wireless LAN and 2 Ethernet switch ports, this router provides all the functions that a home or small office needs to establish a secure and high-speed remote link to the outside world.

**ULTIMATE WIRELESS CONNECTION**  
The Wireless N 150 ADSL2+ Modem Router provides wireless speeds that are many times faster than 802.11g. Maximize wireless performance and stay connected from virtually anywhere at home and in the office. The DSL-2680 supports WPA/WPA2 and WEP data encryption methods for flexible user access security. The Wireless N 150 ADSL2+ Modem Router is backward compatible with existing 802.11b and 802.11g wireless equipment, ensuring compatibility with a wide range of wireless devices.

**FULL FEATURED SECURITY SUITE**  
Security features prevent unauthorized access to the home and office network from wireless devices or from the Internet. The Wireless N 150 ADSL2+ Modem Router provides firewall security, such as Stateless Packet Inspection (SPI) and hacker attack logging. SPI inspects the content of incoming packets before they are allowed in, while hacker logging helps to protect your network against Denial of Service (DoS) attacks. For Quality of Service (QoS), the router supports priority queues to enable a group of home or office users to experience the benefit of a smooth network connection without concern of traffic congestion.

**WIRELESS N** WIRELESS N 150 ADSL2+ MODEM ROUTER DSL-2680
