Precautions for Safe Use · Plug the power cord into a 120V AC 60Hz receptacle outlet. When plugging or unplugging, hold the plug body, not flex. · Do not vacuum inflammable materials, needles, pins, razor blades, etc.

· Do not vacuum without a dust bag. If no dust bag, the dust cover would not be closed completely. · Keep the unit away from heat sources such as a heater. · Do not step on the hose or pull it forcibly. The hose may be flattened or torn. · This product is provided with a cable which, if damaged, must be replaced by a repair shop authorized by the manufacturer since special tools are required. · Do not vacuum dust which contains moisture/water. · When rewinding the power cord, hold the plug body before pressing the cord rewind button. @@How to operate · Put together as shown on page 3. Description.

· Plug the power cord into a 120V AC 60Hz ; receptacle outlet. · Set the remote control switch "ON". · O the vacuum cleaner will be vacuuming at this time. @@ · O adjust the switch as needed for different cleaning jobs. @@How to change the dust bag.

· Open the cover. @@@@How to clean the filter. · Open the cover. · Please pull out the plug before cleaning. · Pull the filter out from the unit while lifting the gasket.

· After washing the filter with water, dry it completely. · Insert it again originally. 6 7. @@Pipeholder Groove · Wind the hose around the hose handle as shown below. 7 Before Asking for Service s Before Asking for Service, please check each item below if you have trouble with your cleaner. Problem Suction power is weak. The cleaner does not work. Power cord does not rewind. When the dust bag is full or blocked or any of the accessories is blocked, the overheating protection for the motor is activated. Check Point · Dust bag · Pipe or hose · Power cord · Suction hose · Power cord Measure If dust bag is dirty, clean it.

If clogged or blocked, remove the object. Check if power cord is plugged. Check if hose is attached firmly into suction hole. Pull the power cord out a little and press the cord rewind button. @@The cleaner can be switched on again about 30 minutes. 8.
