□ Be sure your AC power cord meets the relevant local safety standard. Caution, Important and Note Caution, Important, and Note in this manual are indicated as below and have the following meaning. Must be 2 Basic Guide Control Panel Overview □ Unplug the product and refer servicing to qualified service personnel under the following conditions: The power cord or plug is damaged; liquid has entered the product; the product has been dropped or the casing damaged; the product does not operate normally or exhibits a distinct change in performance. Do not adjust controls that are not covered by the operating instructions. □ Place the product near a wall outlet where the plug can be easily unplugged.

□ Do not place or store the product outdoors, near excessive dirt or dust, water, heat sources, or in locations subject to shocks, vibrations, high temperature or humidity. □ Take care not to spill liquid on the product and not to handle the product with wet hands. □ Keep this product at least 22 cm away from cardiac pacemakers. Radio waves from this product may adversely affect the operation of cardiac pacemakers. □ Avoid using a telephone during an electrical storm. There may be a remote risk of electric shock from lightning. □ Do not use a telephone to report a gas leak in the vicinity of the leak. Note: The following provides safety instructions for ink. & "Refilling Ink" on page 12 Control Panel Overview 3 English □ Never disassemble, modify, or attempt to repair the power cord, plug, printer unit, scanner unit, or options by yourself, except as specifically explained in the product's guides. □ If the LCD screen is damaged, contact your dealer.

If the liquid crystal solution gets on your hands, wash them thoroughly with soap and water. If the liquid crystal solution gets into your eyes, flush them immediately with water. If discomfort or vision problems remain after a thorough flushing, see a doctor immediately. basic Guide Control Panel Overview \* emits a beep. Buttons and LCD Buttons a b c d e f l, u, r, d, OK Function Turns the product on and off Enters copy mode. Press OK to confirm the setting you have selected and go to next screen. When typing a fax number, l acts as a backspace key, and r inserts a space. Specifies the date/time or the number of copies, as well as fax numbers. Enters alphanumeric characters and switches between uppercase, lowercase, and numbers each time it is pressed. Press 1 symb to enter symbols such as the sharp sign (#), plus (+), and apostrophe (').

Displays the last number dialed. When entering numbers in fax mode, this inserts a pause symbol (-) that acts as a brief pause during dialing. Stops the ongoing operation or initializes the current settings. If this button is pressed to cancel copying, scanning, or faxing while the ADF is in use, all originals in the ADF will be fed out. Displays the Wi-Fi Setup menus that allow you to set up the product wirelessly.

For instructions on using the menus, see the Network Guide. Flashes when the product is receiving data, printing/copying/scanning/faxing, charging ink, or cleaning the print head. stays on while the product is connected to a Wi-Fi network. Flashes while the Wi-Fi network settings are being made. \* ADF On when originals are detected in the ADF.

\* The availability of this part varies by product. Paper and Media Handling Selecting Paper The product automatically adjusts itself for the type of paper you select in your print settings. That is why the paper type setting is so important. It tells your product what kind of paper you are using and adjusts the ink coverage accordingly. The table below lists the settings you should choose for your paper. For this paper Plain paper Epson Bright White Ink Jet Paper LCD paper type Plain Paper A Flip the feeder guard forward. B Slide out the paper support and the output tray and then raise the stopper. Loading Paper Follow these steps to load paper: Note: Leave enough space in front of the product for the paper to be fully ejected. C Slide the edge guide to the left. 5 English Basic Guide Paper and Media Handling D Load paper with the printable side up, against the right side of the rear paper feed.

F Flip the feeder guard back. Note: □ Fan and align the edges of the paper before loading. □ □ The printable side is often whiter or brighter than the other side. Always load paper into the rear paper feed short edge first, even when you are printing landscape-oriented pictures. You can use the following sizes of paper with binding holes: A4, A5, A6, Legal, Letter. Load only 1 sheet of paper at a time. Note: For instructions on loading media other than plain paper, see the PDF User's Guide. @@You can use the following originals in the ADF. @@@@ documents. For these types, use the scanner glass.

@@Documents that have tape or paper stuck to them. @@@@ □ The ADF light will not turn on when the product is in sleep mode. Press any button other than P to recover from sleep mode. @@@@Doing so may prevent the ADF from operating. When you use the copy function with the Automatic Document Feeder (ADF), the print settings are fixed at Reduce/Enlarge - Actual Size, Paper Type - Plain Paper, and Paper Size - A4/Legal.

The print is cropped if you copy an original larger than A4/Legal. □ □ C Slide the edge guide on the Automatic Document Feeder. Scanner glass A D Insert the originals face-up and short edge first into the Automatic Document Feeder. Open the document cover and place your original face-down on the scanner glass. B E Slide the edge guide until it is flush with the originals.

Slide the original to the corner. c 7 Close the cover gently. English A Make sure that there are no originals on the scanner glass. The ADF may not detect documents in the feeder if there are originals on the scanner glass. F Check that the ADF light in the control panel is on. Basic Guide Copying Copying Follow the steps below to copy documents.
