Epson Perfection V330 Photo

Superior quality, expert scanning for photos, slides and film

Capture more detail with this 4800 dpi Charged Coupled Device (CCD) scanner that has the superior quality you'd expect from an Epson Perfection scanner. With virtually no warm-up time and low power consumption, Epson ReadyScan LED technology offers expert scanning for photos. The built-in transparency unit can be opened in either portrait or landscape orientation for convenient scanning of slides and film, and even bulky or 3D objects. The included stitching software¹ allows you to scan materials larger than A4 and a dedicated button lets you scan to multi-page, searchable PDF, or scan straight to email. Epson Easy Photo Fix™ software makes it simple to restore colour, remove dust and correct backlight for perfect results.

- Low power consumption thanks to ReadyScan LED technology
- Scan film and slides with built-in transparency unit
- Scan larger than A4 with included stitching software (software compatible with Microsoft Windows only)
- Capture more detail from film and slides with 4800 dpi optical resolution CCD
- Get superior scan quality with virtually no warm-up time
- Restore colour, remove dust and correct backlight with included Epson Easy Photo Fix™ software
- Scan straight to email with one-touch button
- Scan to multi-page, searchable PDF
- Scan in portrait or landscape
- Scan books and 3D objects with extendable hinge design
