DATASHEET FUJITSU FUTRO S450-2 THIN CLIENT **FUJITSU**

DATASHEET FUJITSU FUTRO S450-2 THIN CLIENT

THE LOW-PRICED HIGH-END THIN CLIENT

FUTRO S450-2
The small but powerful FUTRO S450 is your ideal client for server-based computing and virtual workplace solutions, as a thin client for Windows terminal services or as Java-based network terminal. Low power consumption, no fans nor rotating drives make your system a reliable and quiet thin client.

GREEN TECHNOLOGY
Your company's contribution to environmental protection

- A modern, environmentally conscious product concept - from development to recycling

RELAXED WORKING
Quiet system for a pleasant working environment

- Flash memory and passive cooling concept

ENERGY EFFICIENCY
Saves energy and reduces CO2 emissions

- Integrated system concept with high-level power-saving components

SECURITY
Prevents the installation of non-licensed software and virus infections

- Write-protected file system which can be written by the administrator as required

BACKPACK SOLUTION
Fewer cables and less space needed

- The FUTRO S450 can be mounted behind the screen
