Data Sheet

Fujitsu LIFEBOOK S710 Notebook

Your best friend on the move

LIFEBOOK S710
The LIFEBOOK S710 offers the perfect balance between low weight and high-end performance. Weighing only 2.15 kg it is one of the lightest modular 35.6cm (14-inch) notebooks. A flexible modular bay and a phantastic battery life enable convenient working. Integrated 3GUMTS and the optional webcam enable connectivity anytime, anywhere.

Ergonomic working
Enjoy constant access to all your data thanks to a versatile mobile device.

- Lean, lightweight notebook weighing only 2.15 kg with a 35.6 cm (14-inch) HD display with LED backlight, with up to 14 hours running time with a second battery

Ultimate connectivity
Be available wherever you are, wireless connectivity anytime anywhere, even if there is no hotspot nearby.

- Integrated DisplayPort, e-SATA, FireWire, optional integrated 3GUMTS, WLAN and Bluetooth

Reliable companion
Secure and effective working for the most demanding of users - in every kind of situation.

- Spill-resistant keyboard and further innovative highlights

Maximum security
Protect your company data against unauthorized third-party access.

- Benefit from our end-to-end anti-theft concept and system and user protection, such as Computrace® enabled BIOS, integrated SmartCard slot, optional fingerprint sensor, TPM module and SmartFace Logon*

Great flexibility
The family concept offers standard accessory components for the LIFEBOOK S710 and LIFEBOOK E780.

- Standardized part replication, power supply unit, keyboard and modular bay for optical drive, second battery or second hard disk drive
