? 3 Enter all or part of the search term.? Suggested search terms appear below the search bar.? 4 Select an option: ? To search for a type of business, enter a category name (for example, "movie theaters").? ? To search for a business name, enter all or part of the name.

? ? To search for an address near you, enter the street number and street name.? ? To search for an address in another city, enter the street number, street name, city, and state.? ? To search for a city, enter the city and state.? ? To search for coordinates, enter latitude and longitude coordinates.? 5 Select an option: ? To search using a suggested search term, select the term.? ? To search using the text you entered, select .? 6 If necessary, select a location.? 5 If necessary, select the appropriate destination.? Finding RV Services NOTE: This feature is not available in all areas.? You can find nearby locations that offer repair, towing, and other services for RVs.

? Select Where To? > RVServices.? Finding RV Parks NOTE: This feature is not available in all areas.? You can search for RVparks based on the amenities available.? 1 Select Where To? > RVParks.? 2 If necessary, select Select to filter by amenities, select one or more amenities, and select Save.? 3 Select a location.? Finding ACSI? Campsites NOTE: This feature is not available in all areas.? You can search for Auto Camper Service International (ACSI)campsites based on the amenities available.? 1 Select Where To? > ACSI.? 2 If necessary, select Select to filter by amenities, select one or more amenities, and select Save.

? 3 Select a location.? Finding MHF Campgrounds and Camper Parking NOTE: This feature is not available in all areas.? You can search for Motorhome Facts (MHF)campgrounds and camper parking.? 1 Select Where To? > MHF.? 2 Select an option: ? To search the entire database, select All Categories. ? Locations Changing the Search Area 1 From the main menu, select Where To??.? 2 Select Searching Near.? 3 Select an option.? Finding a Location by Browsing the Map Before you can find places included in the map data, such as restaurants, hospitals, and fuel stations, you must enable the map layer for places along the road (page7).? 1 Select View Map.

? 2 Drag and zoom the map to display the area to search.? 3 If necessary, select , and select a category icon to view only a specific category of places.? Location markers ( or a blue dot) appear on the map.? 4 Select an option: ? Select a location marker.? ? Select a point, such as a street, intersection, or address location.? If necessary, select the location description to view additional 5 information.? Finding an Address NOTE: The order of the steps may change depending on the map data loaded on your device.? 1 Select Where To? > Address.? 2 Enter the address number, and select Done.? 3 Enter the street name, and select Next.

? 4 If necessary, select Searching Near to change the city, state, or province.? 5 If necessary, select the city, the state, or the province.? 3 6 If necessary, select the address.? Finding Recently Found Destinations Your device stores the last 50 destinations you have found.? 1 Select Where To? > Recent.? 2 Select a location.? Clearing the List of Recently Found Locations Select Where To? > Recent > > Clear > Yes.? Saving a Home Location You can set your home location for the location you return to most often.? 1 Select Where To? > > Set Home Location.? 2 Select Enter My Address, Use Current Location, or Recently Found.

? The location is saved as "Home" in the Saved menu.? Going Home Select Where To? > Go Home.? Finding Parking 1 Select Where To? > Categories > Parking.? 2 Select a parking location.? Search Tools Search tools allow you to search for specific types of locations by responding to on-screen prompts. ? 1 Select Where To? > Categories > Intersections.? 2 Select an option: ? Select a state or province.? ? To change the country, state, or province, select State or Country, and enter a name.? Enter the first street name, and select Next.? If necessary, select the street.

? Enter the second street name, and select Next.? If necessary, select the street.? If necessary, select the intersection.? Finding an Intersection 1 2 3 4 5 Editing Your Home Location Information Select Where To? > Saved > Home.? Select .? Select > Edit.? Enter your changes.? Select Done.? 3 4 5 6 7 Editing a Saved Location 1 Select Where To? > Saved.? 2 If necessary, select a category.

? 3 Select a location.? 4 Select .? 5 Select > Edit.? 6 Select an option: ? Select Name.? ? Select Phone Number.? ? Select Categories to assign categories to the saved location.? ? Select Change Map Symbol to change the symbol used to mark the saved location on a map.? 7 Edit the information.? 8 Select Done.? Finding a City 1 Select Where To? > Categories > Cities.

? 2 Select Enter Search.? 3 Enter a city name, and select .? 4 Select a city.? Finding a Location Using Coordinates You can find a location using latitude and longitude coordinates.? This can be helpful when geocaching.

? 1 Select Where To? > Categories > Coordinates.? 2 If necessary, select , and change the coordinate format or datum.? 3 Select the latitude coordinate.? 4 Enter the new coordinate, and select Done.? 5 Select the longitude coordinate.

? 6 Enter the new coordinate, and select Done.? 7 Select View on Map.? Assigning Categories to a Saved Location You can add custom categories to organize your saved locations.? NOTE: Categories appear in the saved locations menu after you have saved at least 12 locations.? 1 Select Where To? > Saved.? 2 Select a location.? 3 Select .? 4 Select > Edit > Categories.? 5 Enter one or more category names, separated by commas.? 6 If necessary, select a suggested category.

? 7 Select Done.? Saving Locations Saving a Location 1 Search for a location (page3).? 2 From the search results, select a location.? 3 Select .? 4 Select > Save.? 5 If necessary, enter a name, and select Done.? Saving Your Current Location 1 From the map, select the vehicle icon.? 2 Select Save.? 3 Enter a name, and select Done.? 4 Select OK.

? Deleting a Saved Location NOTE: Deleted locations cannot be recovered.? 1 Select Where To? > Saved.? 2 Select > Delete Saved Places.? 3 Select the box next to the saved locations to delete, and select Delete.? Setting a Simulated Location If you are indoors or not receiving satellite signals, you can use the GPS to set a simulated location.

? 1 Select Settings > Navigation > GPS Simulator.? 2 From the main menu, select View Map.? 3 Tap the map twice to select an area.? The address of the location appears at the bottom of the screen.? Locations 4 4 Select the location description.

? 5 Select Set Location.? Adding a Shortcut You can add shortcuts to the Where To? menu.? A shortcut can point to a location, a category, or a search tool.? The Where To? menu can contain up to 36 shortcut icons.? 1 Select Where To? > Add Shortcut.? 2 Select an item.? Select Settings > Navigation > Calculation Mode.

? Viewing Current Location Information You can use the Where Am I? page to view information about your current location.? This feature is helpful if you need to tell emergency personnel your location.? From the map, select the vehicle.

? 1 Select Settings > Map & Vehicle > Map Tools.? 2 Select the map tools to include in the menu.? 3 Select Save.? Customizing the Map Layers You can customize which data appear on the map, such as icons for points of interest and road conditions.? 1 Select Settings > Map & Vehicle > Map Layers.? 2 Select the layers to include on the map, and select Save.? Finding Nearby Services You can use the Where Am I? page to find nearby services, such as fuel, hospitals or police stations.? 1 From the map, select the vehicle.? 2 Select a category.? Getting Directions to Your Current Location If you need to tell another person how to get to your current location, your device can give you a list of directions.

? 1 From the map, select the vehicle.? 2 Select > Directions to Me.? 3 Select a starting location.? 4 Select Select.? Changing the Map Data Field 1 From the map, select a data field.? NOTE: You cannot customize Speed.? 2 Select a type of data to display.? 3 Select Save.? Avoiding Road Features 1 Select Settings > Navigation > Avoidances.? 2 Select the road features to avoid on your routes, and select Save.

? Changing the Map Perspective 1 Select Settings > Map & Vehicle > Driving Map View.? 2 Select an option: ? Select Track Up to display the map in two dimensions (2D), with your direction of travel at the top.? ? Select North Up to display the map in 2-D with north at the top.? 7 Navigation ? Select 3-D to display the map in three dimensions.? Safety Cameras NOTICE Garmin is not responsible for the accuracy of or the consequences of using a custom point of interest or a safety camera database.

? Safety camera information is available in some locations.? Check [www.garmin.com/?safetycameras](http://www.garmin.com/?safetycameras) for availability.? For these locations, you can purchase a subscription for safety camera information.

? The subscription includes the locations of hundreds of safety cameras.? Your device alerts you when you are approaching a safety camera and can warn you if you are driving too fast.? The data is updated at least weekly, so you can update your device regularly to receive the most up-to-date information.? You can purchase a new region or extend an existing subscription at any time.? Each region that you purchase has an expiration date.? Your device can receive traffic signals from a station broadcasting traffic data.? NOTE: In some areas, traffic information may be received from FM radio stations using HD Radio? technology.? 1 Connect the traffic-compatible power cable to an external power source.? 2 Connect the traffic-compatible power cable to the device.? When you are within a traffic coverage area, your device displays traffic information.

? Traffic Receiver Traffic NOTICE Garmin is not responsible for the accuracy or timeliness of the traffic information.? Traffic information may not be available in all areas or countries.? For information about traffic receivers and coverage areas, go to [www.garmin.com/?traffic](http://www.garmin.com/?traffic).? A traffic receiver is included in some packages, built into either the vehicle power cable or the device, and is an optional accessory for all models.? ? Traffic alerts appear on the map when there are traffic incidents along your route or in your area.? ? You can receive traffic information through a traffic receiver or as a subscription service through Smartphone Link (page11).? ? The device must be connected to Smartphone Link with an active traffic subscription to receive traffic information through Smartphone Link.? ? The device must be connected to vehicle power to receive traffic information through a traffic receiver.

? ? The powered traffic receiver and the device may need to be in data range of a station transmitting traffic data to receive traffic information.? ? You do not need to activate the subscription included with your device or traffic receiver.? ? If your device includes an external traffic antenna, you should always leave the external antenna plugged in for the best traffic reception.? Mini-USB connector External antenna connector Internal antenna Power LED Vehicle power adapter Positioning the Traffic Receiver You can position the traffic receiver power cable for optimal traffic reception.? 1 Uncoil the cable.

? 2 Place the middle of the cable in a location with an unobstructed view of the sky, such as the dash.? NOTE: Do not rest the cable on the cable plug that connects to the vehicle power source.? Do not place the cable on the floor or underneath other objects.? Viewing Upcoming Traffic You can view traffic incidents coming up along your route or along the road on which you are traveling.? 1 While navigating a route, select > Traffic.

? The nearest upcoming traffic incident appears in a panel on the right side of the map.? 2 Select the traffic incident to view additional details.? Viewing Traffic on the Map The traffic map shows color-coded traffic flow and delays on nearby roads.? 1 From the main menu, select Apps > Traffic.? 2 If necessary, select > Legend to view the legend for the traffic map.? Receiving Traffic Data Using a Traffic Receiver NOTICE Heated (metallized) windshields could degrade the performance of the traffic receiver.? Before you can receive traffic data using a traffic receiver, you must have a traffic-compatible power cable.? If your device model includes lifetime traffic, you should use the vehicle power cable packaged with your device.? If your device model does not include traffic, you must purchase a Garmin traffic receiver accessory.? Go to [www.garmin.com/?traffic](http://www.garmin.com/?traffic) for more information.

? Searching for Traffic Incidents 1 From the main menu, select Apps > Traffic.? 2 Select > Incidents.? 3 Select an item in the list.? 4 If there is more than one incident, use the arrows to view additional incidents.? Traffic on Your Route When a traffic delay occurs on your route, an alert appears on the map, and the device calculates an alternate route to avoid the delay.? You can choose whether to use alternate routes automatically, or upon request.? See Traffic Settings for more information (page14).? Your device may route you through a Traffic 8 traffic delay if a better alternative route does not exist.

? The delay time is added into your estimated time of arrival automatically.? trafficTrends? When the trafficTrends feature is enabled, your device uses historic traffic data to calculate more-efficient routes.? NOTE: Different routes may be calculated based on traffic trends for the day of the week or the time of day.? Taking an Alternate Route If you do not have your device set to use alternate routes automatically, you can manually start an alternate route to avoid a traffic delay.? 1 While navigating a route, select > Traffic.

? 2 Select Alternate Route.? NOTE: If a better alternative route does not exist, this option is not available, and On Fastest Route appears instead.

? Select Go! ? 3 Disabling trafficTrends To prevent your device from recording or sharing traffic data, you must disable trafficTrends. ? Select Settings > Traffic > trafficTrends.

? Enabling Traffic You can enable or disable traffic data. ? When traffic data is disabled, the device does not receive traffic data, but it still avoids potentially congested areas in routes using the trafficTrends feature, if enabled (page9). ? 1 Select Settings > Traffic. ? 2 Select the Traffic check box. ? About Traffic Cameras Traffic cameras provide live images of traffic conditions on major roadways and intersections. ? You can save cameras that you want to view regularly. ? Saving a Traffic Camera Before you can use this feature, you must subscribe to the photoLive service, and your device must be connected to a supported phone running Smartphone Link (page11). ? This feature is not available in all areas. ? 1 Select Apps > photoLive. ? 2 Select Touch to Add.

? 3 Select a road. ? 4 Select an intersection. ? 5 Select Touch to Add. ? Voice Command NOTE: Voice command is not available for all languages and regions, and may not be available on all models. ? NOTE: Voice Activated Navigation may not achieve desired performance when in a noisy environment. ? Voice command allows you to use your device by saying words and commands. ? The voice command menu provides voice prompts and a list of available commands. ? Viewing a Traffic Camera Before you can view a traffic camera, you must save a traffic camera (page9). ? 1 Select Apps > photoLive. ? 2 Select a camera.

? Setting the Wakeup Phrase The wakeup phrase is a word or phrase you can say to activate voice command. ? The default wakeup phrase is Voice Command. ? TIP: You can reduce the chance of accidental voice command activation by using a strong wakeup phrase. ? 1 Select Apps > Voice Command > Customize Phrase. ? 2 Enter a new wakeup phrase.

? The device indicates the strength of the wakeup phrase as you enter the phrase. ? 3 Select Done. ? About Traffic Subscriptions You can purchase additional subscriptions or a renewal if your subscription expires. ? Go to <http://www.garmin.com/traffic>. ? Subscription Activation You do not need to activate the subscription included with your FM traffic receiver. ? The subscription activates automatically after your device acquires satellite signals while receiving traffic signals from the pay service provider. ? Activating Voice Command Say your wakeup phrase. ? The voice command menu appears. ? Viewing Traffic Subscriptions Select Settings > Traffic > Subscriptions. ? Adding a Subscription You can purchase traffic subscriptions for other regions or countries. ? 1 From the main menu, select Traffic. ? 2 Select Subscriptions > . ? 3 Write down the FM traffic receiver unit ID.

? 4 Go to [www.garmin.com/fntraffic](http://www.garmin.com/fntraffic) to purchase a subscription and get a 25-character code. ? The traffic subscription code cannot be reused. ? You must obtain a new code each time you renew your service. ? If you own multiple FM traffic receivers, you must obtain a new code for each receiver. ? 5 Select Next on the device. ? 6 Enter the code. ? 7 Select Done. ? Voice Command Tips ? Speak in a normal voice directed at the device. ? ? Reduce background noise, such as voices, or the radio, to increase the accuracy of the voice recognition. ? ? Speak commands as they appear on the screen. ? ? Respond to voice prompts from the device as needed. ? ? Increase the length of your wakeup phrase to reduce the chance of accidental voice command activation. ? ? Listen for two tones to confirm when the device enters and exits voice command.

? Starting a Route Using Voice Command You can say the names of popular, well-known locations. ? 1 Say your wakeup phrase (page9). ? 2 Say Find Place. ? 3 Listen for the voice prompt, and speak the name of the location. ? 9 Voice Command 4 Say the line number.

? 5 Say Navigate. ? 2 Select Phone > None > Save. ? Your phone is disconnected from your device but remains paired with your device. ? Muting Instructions You can disable the voice prompts for voice command without muting the device. ? 1 Select Apps > Voice Command > . ? 2 Select Mute Instructions > Enabled. ? Deleting a Paired Phone You can delete a paired phone to prevent it from automatically connecting to your device in the future. ? 1 Select Settings > Bluetooth > Phone. ? 2 Select . ? 3 Select the phone, and select Delete.

? Disabling Voice Command You can disable voice command, which prevents you from accidentally activating voice command while speaking. ? 1 Select Apps > Voice Command > . ? 2 Select Voice Command > Disabled. ? Placing a Call Dialing a Number 1 Select Apps > Phone > Dial. ? 2 Enter the number. ? 3 Select Dial. ? Calling a Contact in Your Phone Book Your phone book is loaded from your phone to the device each time your phone and the device connect. ? It may take a few minutes for the phone book to be available. ? Some phones do not support this feature. ? 1 Select Apps > Phone > Phone Book. ? 2 Select a contact. ? 3 Select Call. ? Hands-Free Phone Calls About Hands-Free Calling NOTE: Bluetooth wireless technology is not available on all models, or for all languages and regions. ? Hands-free calling is available on some models. ? Using Bluetooth wireless technology, your device can connect to your mobile phone to become a hands-free device.

? To determine whether your mobile phone with Bluetooth technology is compatible with your device, go to [www.garmin.com/bluetooth](http://www.garmin.com/bluetooth). ? Your phone may not support all of the hands-free phone features your device provides. ? Enabling Bluetooth Wireless Technology 1 Select Settings > Bluetooth. ? 2 Select Bluetooth. ? Calling a Location 1 Select Apps > Phone > Browse Categories. ? 2 Select a point of interest. ? 3 Select Call. ? Receiving a Call When you receive a call, select Answer or Ignore. ? Pairing Your Phone Before you can use hands-free calling, you must pair your device with a compatible mobile phone. ? 1 Place your phone and your Bluetooth device within 33 ft. ? (10 m) of each other. ? 2 On your device, enable Bluetooth wireless technology. ? 3 Select an option: ? Select Settings > Bluetooth > Add Phone.

? ? ? If you have already paired a different phone, select Settings > Bluetooth > Phone > . ? 4 On your phone, enable Bluetooth wireless technology. ? 5 On your device, select OK. ? A list of nearby Bluetooth devices appears. ? 6 Select your phone from the list, and select OK. ? 7 If necessary, on your phone, confirm that the device is allowed to connect. ? 8 If necessary, enter the device Bluetooth PIN into your phone. ? Using the Call History Your call history is loaded from your phone to the device each time your phone and the device connect. ? It may take a few minutes for the call history to be available. ? Some phones do not support this feature.

? 1 Select Apps > Phone > Call History. ? 2 Select a category. ? A list of calls appears, with the most recent calls at the top. ? 3 Select a call. ? Using In-Call Options 1 From the map, while on a call, select 2 Select an option.

? .? ? To transfer audio to your phone, select Handset.? TIP: You can use this feature if you want to turn off your device and remain on the call, or if you need privacy.? TIP: You can use this feature to use automated systems, such as voice mail.? ? To mute the microphone, select Mute.  
? ? To hang up, select End Call.? Tips After Pairing the Devices ? After the initial pairing, the two devices can connect automatically each time you turn them on.? ? When your phone is connected to your device, you are ready to receive voice calls.? ? When you turn on the device, it tries to connect to the last phone to which it was connected.? ? You might need to set your phone to connect to the device automatically when the device is turned on.? Saving a Home Phone Number TIP: After you save a home number, you can edit the home number by editing ?Home? in your list of saved locations (page4).? 1 Select Apps > Phone >> Set Home Number.? 2 Enter your phone number.? 3 Select Done.? Hands-Free Phone Calls Disconnecting Your Phone 1 Select Settings > Bluetooth.

? 10 Calling Home Before you can call home, you must enter a phone number for your home location.? Select Saved > Home >> Call.? 1 Select Apps > Smartphone Link.? 2 Select your phone.? 3 Clear the Hands-Free Calling check box.? Garmin Live Services Using the Apps Using Help Select Apps > Help to view information about using the device.? Searching Help Topics Select Apps > Help > .? Smartphone Link Smartphone Link is a phone application that allows you to synchronize location data with your phone and access live information using your phone data connection.? Your device transfers data from Smartphone Link using Bluetooth wireless technology.? Live information is available through free and subscription-based plans from Garmin Live Services (page11).

? Saved locations and recently found locations are synchronized with your phone each time your device connects to Smartphone Link.? Before you can use Garmin Live Services, your device must be connected to a supported phone running Smartphone Link (page11).? Connecting to Smartphone Link provides access to Garmin Live Services.? Garmin Live Services provides free and subscriptionbased plans to view live data on your device, such as traffic conditions and weather.? Some services, like weather, are available as separate apps on your device.

? Other services, like traffic, enhance the existing navigation features on your device.? Features that require access to Garmin Live Services display the Smartphone Link symbol and appear only when the device is connected to Smartphone Link.? Subscribing to Garmin Live Services Before you can subscribe to Garmin Live Services, you must install the Smartphone Link app on your phone.? 1 Start the Smartphone Link app on your phone (page11).? 2 Select Garmin Live Services.

? A list of services and subscription prices appears.? 3 Select a service.? 4 Select the price.? 5 Select Subscribe.? 6 Follow the on-screen instructions.? Downloading Smartphone Link Smartphone Link is available for some smartphones.? Go to [www.garmin.com/?smartphonelink](http://www.garmin.com/?smartphonelink) or see the application store for your phone for compatibility and availability information.? Download Smartphone Link from the application store on your supported phone.

? See your phone owner's manual for information on downloading and installing applications.? Finding Your Last Parking Spot When you disconnect the device from vehicle power while the device is on, your current location is saved as a parking spot.? Select Apps > Last Spot.? Connecting to Smartphone Link Before you can connect to Smartphone Link, you must download and install the Smartphone Link application on your phone.? 1 Start Smartphone Link on your phone.? 2 From your device, select Settings > Bluetooth, and select the Bluetooth check box.? 3 From your phone, select Bluetooth Settings.? 4 From your phone, enable Bluetooth wireless technology, and scan for nearby Bluetooth devices.? See your phone owner's manual for more information.? 5 From your phone, select your device from the list of nearby devices.

? 6 Follow the on-screen instructions on your phone and on your device to confirm the pairing request.? appears in the status bar on your device when Smartphone Link is connected.? About ecoRoute In some areas, before you can use ecoRoute? features, you must purchase an unlock code or an ecoRoute HD accessory.? Go to [www.garmin.com/?ecoroute](http://www.garmin.com/?ecoroute) for more information.? The ecoRoute feature calculates the fuel economy and the fuel price of navigating to a destination, and offers tools for improving fuel efficiency.? The data provided by the ecoRoute feature is an estimate only.? The data is not actually read from the vehicle, unless you are using the ecoRoute HD accessory.? To receive more-accurate fuel reports for your specific vehicle and driving habits, calibrate the fuel economy (page12).

? ecoRoute HD Accessory When connected to the ecoRoute HD accessory, your device can receive real-time vehicle information, such as error messages, RPM, and battery voltage.? Your device includes data read from the vehicle by the ecoRoute HD accessory when calculating ecoRoute data.? The ecoRoute HD accessory is compatible only with devices that have Bluetooth wireless technology.? Go to [www.garmin.com/?ecoroute](http://www.garmin.com/?ecoroute).? Sending a Location from Your Phone to Your Device Smartphone Link is registered as a navigation application on your phone.? 1 From your phone, select the button to start navigating to a location (see the owner's manual for your phone).? 2 From the application menu, select Smartphone Link.? The next time you connect your device to your phone, the location is transferred to the recently found items on your device.

? Setting Up the Vehicle The first time you use the ecoRoute features, you must enter vehicle information.? 1 Select Apps > ecoRoute.? 2 Follow the on-screen instructions.? Disabling Calls While Connected to Smartphone Link While the device is connected to the phone and receiving Garmin Live Services, you can disable hands-free calling.? Using the Apps 11 Changing the Fuel Price 1 Select Apps > ecoRoute > At the Pump.? 2 Enter the current price of fuel, and select Next.? 3 Select Yes.? Calibrating the Fuel Economy You can calibrate the fuel economy to receive more-accurate fuel reports for your specific vehicle and driving habits.? You should calibrate when you fill up your fuel tank.? 1 Select Apps > ecoRoute > At the Pump.

? 2 Enter the current fuel price.? 3 Enter the amount of fuel the vehicle has used since the last time the fuel tank was filled.? 4 Enter the distance you have traveled since the last time the fuel tank was filled.? Select Next.? 5 The device calculates the average vehicle fuel economy.

? 6 Select Save.? Viewing myGarmin Messages Before you can use this feature, your device must be connected to a supported phone running Smartphone Link (page11).? This feature is not available in all areas.? You can view messages from myGarmin, such as notifications for software and map updates.

? 1 Select Apps > myGarmin.

? If you have unread messages, the number of unread messages appears on the myGarmin icon.? 2 Select a message subject.? The full message appears.? Viewing the Weather Forecast Before you can use this feature, your device must be connected to a supported phone running Smartphone Link (page11).? This feature is not available in all areas.? 1 Select Apps > Weather.? 2 Select a day.? The detailed forecast for that day appears.? About ecoChallenge ecoChallenge helps you maximize the vehicle fuel economy by scoring your driving habits.? The higher your ecoChallenge scores, the more fuel you have saved.

? The ecoChallenge collects data and calculates a score whenever your device is moving and in Automobile transportation mode.? Viewing ecoChallenge Scores Select Apps > ecoRoute > ecoChallenge.? About the ecoChallenge Score Acceleration: Displays your score for smooth and gradual acceleration.? You lose points for rapid acceleration.? Braking: Displays your score for smooth and gradual braking.? You lose points for hard braking.? Overall: Displays an average of the speed, acceleration, and braking score.? Speed: Displays your score for driving your vehicle at the optimal speed for conserving fuel.?

Resetting the ecoChallenge Scores 1 Select Apps > ecoRoute > ecoChallenge.? 2 Select > Reset.

? Viewing Weather Near a Different City 1 Select Apps > Weather > Current Location.? 2 Select an option: ? To view weather for a favorite city, select a city in the list.? ? To add a favorite city, select Add City, and enter a city name.? Viewing the Weather Radar You can view an animated, color-coded radar map of current weather conditions, as well as a weather icon on the map.? The weather icon changes to show weather in the vicinity, such as rain, snow, and thunderstorms.

? 1 Select Apps > Weather.? 2 If necessary, select a city.? 3 Select > Weather Radar.? Viewing Weather Alerts While you are traveling with your device, weather alerts may appear on the map.? You can also view a map of weather alerts near your current location or near a selected city.

? 1 Select Apps > Weather.? 2 If necessary, select a city.? 3 Select > Weather Alerts.? Viewing Fuel Economy Information 1 Select Apps > ecoRoute > Fuel Economy.? 2 Select a section of the graph to zoom in.? Mileage Reports Mileage reports provide the distance, the time, the average fuel economy, and the fuel cost of navigating to a destination.? A mileage report is created for every route that you drive.? If you stop a route on your device, a mileage report is created for the distance you traveled.? Viewing a Mileage Report You can view saved mileage reports on the device.? TIP: You can connect the device to your computer and access mileage reports in the Reports folder on the device.

? 1 Select Apps > ecoRoute > Mileage Report.? 2 Select a report.? Checking Road Conditions 1 Select Apps > Weather.? 2 If necessary, select a city.? 3 Select > Road Conditions.? Planning a Trip You can use the trip planner to create and save a trip with multiple destinations.? 1 Select Apps > Trip Planner.? 2 Select New Trip.? 3 Select Select Start Location.? 4 Search for a location (page3).

? 5 Select Select.? 6 To add additional locations, select .? 7 Select Next.? 8 Enter a name, and select Done.? Resetting ecoRoute Information 1 Select Apps > ecoRoute > Vehicle Profile.

? 2 Select > Reset.? 12 Using the Apps Scheduling a Trip You can use the trip planner to create and save a trip with multiple destinations.? 1 Select Apps > Trip Planner.? 2 Select a trip.? 3 Select a location.

? 4 Select an option: ? Select Departure Time.? ? Select Arrival Time.? 5 Select a date and time, and select Save.? 6 Select Duration.? 7 Select the amount of time you will spend at the location, and select Save.? 8 If necessary, repeat steps 3?7 for each location.? Installing a Memory Card The device supports microSD? and microSDHC memory cards.? 1 Insert a memory card into the slot on the device.? 2 Press it in until it clicks.? Connecting the Device to Your Computer You can connect the device to your computer using the USB cable included with your device.

? 1 Plug the small end of the USB cable into the port on the device.? 2 Plug the larger end of the USB cable into a port on your computer.? A picture of your device connected to a computer appears on the device screen.? Depending on your computer operating system, the device appears as either a portable device, a removable drive, or a removable volume.? Navigating to a Saved Trip 1 Select Apps > Trip Planner.? 2 Select a saved trip.? 3 Select Go!.? 4 If prompted, select a route (page5).? Editing a Saved Trip 1 Select Apps > Trip Planner.? 2 Select a saved trip.

? 3 Select .? 4 Select an option: ? Select Rename Trip.? ? Select Edit Destinations to add and delete a location, or to change the order of locations.? ? Select Delete Trip.? ? Select Optimize Order to arrange the stops on your trip in the most-efficient order.

? Transferring Data From Your Computer 1 Connect the device to your computer (page13).? Depending on your computer operating system, the device appears as either a portable device, a removable drive, or a removable volume.? On your computer, open the file browser.? Select a file.? Select Edit > Copy.? Browse to a folder on the device.? NOTE: For a removable drive or volume, you should not place files in the Garmin folder.? Select Edit > Paste.? 2 3 4 5 6 Disconnecting the USB Cable If your device is connected to your computer as a removable drive or volume, you must safely disconnect your device from your computer to avoid data loss.? If your device is connected to your Windows computer as a portable device, it is not necessary to safely disconnect.? 1 Complete an action: ? For Windows computers, select the Safely Remove Hardware icon in the system tray, and select your device.? ? For Mac computers, drag the volume icon to the trash.? 2 Disconnect the cable from your computer.? Viewing Previous Routes and Destinations Before you can use this feature, you must enable the travel history feature (page14).? You can view your previous routes and places you have stopped on the map.

? Select Apps > Where I've Been.? Data Management You can store files on your device.? The device has a memory card slot for additional data storage.? NOTE: The device is not compatible with Windows 95, 98, Me, Windows NT, and Mac OS 10.?3 and earlier.? Customizing the Device Map and Vehicle Settings To open the Map and Vehicle settings, from the main menu, select Settings > Map & Vehicle.? Vehicle: Changes the icon to represent your position on the map.? Go to [www.garmin.com](http://www.garmin.com) for more icons.

? Driving Map View: Sets the perspective on the map.? Map Detail: Sets the level of detail on the map.? More detail may cause the map to draw slower.? Map Theme: Changes the color of the map data.? Map Tools: Selects the shortcuts that appear in the map tools menu.

? Map Layers: Sets the data that appears on the map page (page7).? myMaps: Sets which installed maps the device uses.
