<http://yourpdfguides.com/dref/5573813>

? Updating the Software 1 Open myDashboard (page1).? 2 Under Software Updates, click Update Now.? 3 Follow the on-screen instructions.? nMaps Guarantee? If you register the device at <http://www.garmin.com> within 90 days of acquiring satellites while driving, your device could be eligible for one free map update.

? Go to www.garmin.com/numaps for terms and conditions.? Updating Maps 1 Open myDashboard (page1).? 2 Register the device (page1).? 3 Select an option: ? Under Map Updates, click Update Now.? ? If a free map update is no longer available, click Buy Now.? 4 Follow the on-screen instructions.? 1 Mount the device (page1).? 2 Register the device (page1).

? 3 Check for updates: ? Software updates (page1).? ? Free map update (page1).? Connecting the Device to Vehicle Power WARNING This product contains a lithium-ion battery.? To prevent the possibility of personal injury or product damage caused by battery exposure to extreme heat, store the device out of direct sunlight.? Before you use your device on battery power, you should charge it.

? 1 Plug the vehicle power cable into the USB port on the mount.? 2 Press the mount onto the suction cup until it snaps into place.? 3 Press the suction cup to the windshield, and flip the lever back toward the windshield.? 4 Fit the tab on the top of the mount into the slot on the back of the device.? Lifetime Subscriptions Some models include subscriptions to lifetime features.

? For more information, go to www.garmin.com/lmt.? LT: This model includes a lifetime traffic subscription and a traffic receiver.? LM: This model includes a nMaps Lifetime? subscription, which provides quarterly map updates for the useful life of your device.? For terms and conditions go to www.garmin.com/us/?maps/?numaps?_?lifetime.? LMT: This model includes a nMaps Lifetime subscription, lifetime traffic subscription, and a traffic receiver.? Activating Lifetime Maps 1 Go to www.garmin.com/lifetimeupdater.

? 2 Follow the on-screen instructions.? NOTE: If you register the device, you can receive e-mail notifications when a map update is available (page1).? Entering a Truck or RV Profile 5 Press the bottom of the mount into the device until it clicks.? 6 Plug the other end of the vehicle power cable into a power outlet in your vehicle.? WARNING Entering your vehicle profile characteristics does not guarantee that your vehicle's characteristics will be accounted for in all route suggestions or that you will receive the warning icons in all cases.? Limitations may exist in the map data such that your device cannot account for these restrictions or road conditions in all cases.? Always defer to all posted road signs and road conditions when making driving decisions.? 7 If necessary, connect the external antenna to the traffic receiver and secure it to the windshield using the suction cups.

? About myDashboard Use myDashboard to register your device, check for software and map updates, access product manuals and support, and more.? device.? 2 Plug the larger end of the USB cable into an available USB port on your computer.? 3 Go to www.garmin.com/dashboard.? 4 Follow the on-screen instructions.? Setting Up myDashboard 1 Plug the small end of the USB cable into the port on the 1 2 3 4 Select Settings > Truck Profile.? Select Truck or RV.? Select .

? Follow the on-screen prompts.? Turning Off the Device 1 Hold the Power key .? Registering the Device 1 Open myDashboard (page1).? 2 Click Register Now.? 3 Follow the on-screen instructions.? Getting Started 1 GPS signal status.? Bluetooth technology status (appears when Bluetooth is enabled).? Transportation mode indicator.? Current time.? Battery status.

? Acquiring GPS Signals To navigate with your device, you must acquire satellites.? in the status bar indicates the satellite signal strength (see page2).? Acquiring satellites can take several minutes.? 1 Turn on the device.? 2 If necessary, go outdoors to an open area, away from tall buildings and trees.? to view detailed information about the 3 If necessary, hold satellite signals.? Viewing GPS Signal Status Hold for three seconds.? NOTE: If you hold the Power key for less than 5 seconds, the device enters sleep mode (page2).? 2 Select Off.? Resetting the Device You can reset your device if it stops functioning.

? Hold the Power key for 10 seconds.? Transportation Modes Truck mode RV mode Automobile mode About Sleep Mode Use sleep mode to conserve battery power when your device is not in use.? Sleep mode uses very little power, and a battery charge lasts for weeks when your device is in sleep mode.? Entering Sleep Mode Press the Power key.? Routing and navigation are calculated differently based on your transportation mode.

? Choosing a Transportation Mode Select .? Exiting Sleep Mode While the device is in sleep mode, press the Power key.? Battery Information After the device is connected to power, it begins to charge.? in the status bar indicates the status of the internal battery.? To increase the accuracy of the battery gauge, you should fully discharge the battery and then fully charge it.

? Do not unplug the device until it is fully charged.? Adjusting the Screen Brightness 1 Select Settings > Display > Brightness.? 2 Use the slider bar to adjust the brightness.? Adjusting the Volume 1 Select Volume.? 2 Select an option: ? Use the slider bar to adjust the volume.? ? Select to mute the device.? ? Select > Audio Mixer and use the slider bars to adjust the volume for navigation prompts, phone, and media.? Setting the Time NOTE: You can select Automatic to automatically set the time each time the device is powered on.? .? 1 Select 2 Scroll the numbers to set the time.

? Using a Backup Camera WARNING Keep your eyes and mind on driving while using the backup camera.? Using a backup camera is an enhancement for safety practices.? The backup camera is not a replacement for driver attentiveness and good judgment.? If a composite video backup camera has been installed in your vehicle, you can view the output of the camera on your device.? 1 If necessary, connect the camera to the video-in jack on the mount.? About Automatic Volume On devices with hands-free calling, automatic volume allows the device to adjust the volume level based on the background noise in the vehicle (page9).? Automatic volume control lowers the volume of the device when background noise is low and raises the volume level when background noise increases.? Enabling Automatic Volume Your device can increase or decrease the volume automatically based on the level of background noise.? Select Volume > > Automatic Volume.? Status Bar Icons The status bar is located at the top of the main menu.

? The status bar icons display information about features on the device.? You can select some icons to change settings or view additional information.? 2 Getting Started ? ? ? ? ? ? ? ? By category (page3).? Near another location (page4).? By spelling the name (page3).

? By address (page4).? Using recently found locations (page5).? Using coordinates (page4).

? Using the map (page4).? Using saved locations (page5).

? About Locations 2 Select an option: ? If your camera is connected to your brake lights, put your vehicle in reverse. ? ? If your camera is connected to the vehicle battery, select on the screen. ? The camera output appears on the device screen. ? The detailed maps loaded in your device contain locations, such as restaurants, hotels, and auto services. ? You can use categories to browse for nearby businesses and attractions. ? Finding a Location by Category 1 Select Where To?. ? 2 Select a category, or select Categories. ? 3 If necessary, select a subcategory. ? 4 Select a location. ? Searching Within a Category After you have performed a search for a point of interest, certain categories may display a Quick Search list that shows the last three destinations you selected.

? 1 Select Where To?. ? 2 Select a category, or select Categories. ? 3 Select a category. ? 4 If applicable, select a destination from the Quick Search list. ? Disabling a Backup Camera With the backup camera enabled, select . ? Using the On-Screen Buttons ? ? ? ? ? Select to return to the previous menu screen. ? Hold to quickly return to the main menu. ? Select or to see more choices. ? Hold or to scroll faster. ? Select to see a menu of options for the current screen. ? Using the On-Screen Keyboard See "Language and Keyboard Settings" to change the keyboard layout (page18). ? ? Select a character on the keyboard to enter a letter or number. ? ? Select a series of letters, such as "A-I," to select a letter in that series. ? ? Select to add a space. ? ? Select to delete a search entry. ? ? Select to delete a character. ? ? Select to change the keyboard language mode. ? ? Select to enter special characters, such as punctuation marks. ? ? Select to change character capitalization. ? 5 If necessary, select the appropriate destination.

? Finding Trucking Points of Interest The detailed maps loaded in your device contain trucking points of interest, such as truck stops, rest areas, and weigh stations. ? Select Where To? > Trucking. ? Finding TruckDown Points of Interest The TruckDown directory lists businesses for the trucking industry such as truck repair and tire sales. ? The Truckdown directory is not available in all areas. ? Data for the directory is updated periodically. ? 1 Select Where To?. ? 2 Select TruckDown. ? 3 Select a category. ? 4 If necessary, select a subcategory. ? 5 Select a destination.

? About Shortcuts Adding a Shortcut Icon You can add shortcuts to the Where To? menu. ? A shortcut can point to a location, a category, or a search tool. ? The Where To? menu can contain up to 36 shortcut icons. ? 1 Select Where To? > Add Shortcut. ? 2 Select an item. ? Removing a Shortcut 1 Select Where To? > > Remove Shortcut(s). ? 2 Select the shortcut to remove. ? 3 Select the shortcut again to confirm. ? Finding a Location Using the Search Bar You can use the search bar to search for locations by entering a category, brand name, address, or city name. ? 1 Select Where To?.

? 2 Select Enter Search in the search bar. ? 3 Enter all or part of the search term. ? Suggested search terms appear below the search bar. ? Finding Locations The device offers many methods for finding locations. ? Finding Locations 3 4 Select an option: ? To search for a type of business, enter a category name (for example, "movie theaters").

? ? To search for a business name, enter all or part of the name. ? ? To search for an address near you, enter the street number and street name. ? ? To search for an address in another city, enter the street number, street name, city, and state. ? ? To search for a city, enter the city and state. ? ? To search for coordinates, enter latitude and longitude coordinates.

? 5 Select an option: ? To search using a suggested search term, select the term. ? ? To search using the text you entered, select . ? 6 If necessary, select a location. ? 3 4 5 6 7 ? To change the country, state, or province, select State or Country, and enter a name. ? Enter the first street name, and select Next. ? If necessary, select the street. ? Enter the second street name, and select Next. ? If necessary, select the street. ? If necessary, select the intersection. ? Finding a City 1 Select Where To? > Categories > Cities.

? 2 Select Enter Search. ? 3 Enter a city name, and select . ? 4 Select a city. ? Finding a Location Using Coordinates You can find a location using latitude and longitude coordinates. ? This can be helpful when geocaching. ? 1 Select Where To? > Categories > Coordinates. ? 2 If necessary, select > Format, select the correct coordinate format for the type of map you are using, and select Save. ? 3 Select the latitude coordinate. ? 4 Enter the new coordinate, and select Done. ? 5 Select the longitude coordinate.

? 6 Enter the new coordinate, and select Done. ? 7 Select View on Map. ? Changing the Search Area 1 From the main menu, select Where To?. ? 2 Select Searching Near. ? 3 Select an option.

? Reporting a Closed or Missing Location If your search results include an outdated or incorrect location, you can report the error to Garmin and remove the location from future searches. ? 1 Search for a location (page3). ? 2 From the search results, select a location. ? 3 Select . ? 4 Select > Edit.

? 5 Select Report as Closed or Report as Missing. ? The information is sent to Garmin when you connect your device to myDashboard using your computer (page1). ? Finding a Location by Browsing the Map Before you can find places included in the map data, such as restaurants, hospitals, and fuel stations, you must enable the map layer for places along the road (page7). ? 1 Select View Map. ? 2 Drag and zoom the map to display the area to search. ? 3 If necessary, select , and select a category icon to view only a specific category of places. ? Location markers (or a blue dot) appear on the map. ? 4 Select an option: ? Select a location marker. ? ? Select a point, such as a street, intersection, or address location. ? 5 If necessary, select the location description to view additional information.

? Rating a Point of Interest 1 2 3 4 You can assign a star rating to a point of interest. ? Search for a location (page3). ? From the search results, select a location. ? Select . ? Select the stars to rate the point of interest. ? The star rating updates on your device. ? About Search Tools You can search for locations by using the on-screen keyboard or by entering the location address or coordinates. ? Saving a Home Location You can set your home location for the location you return to most often. ? 1 Select Where To? > > Set Home Location. ? 2 Select Enter My Address, Use Current Location, or Recently Found.

? The location is saved as "Home" in the Saved menu. ? Finding an Address NOTE: The order of the steps may change depending on the map data loaded on your device. ? 1 Select Where To? > Address. ? 2 Enter the address number, and select Done. ? 3 Enter the street name, and select Next.

? 4 If necessary, select Searching Near to change the city, state, or province. ? If necessary, select the city, the state, or the province.
