Using the Main Menu GPS satellite strength. Bluetooth technology status. Touch to select a usage mode. Current time. Touch to change time settings.

Battery status. Touch to find a destination. Touch to view the map. Touch to make a call when connected to a compatible mobile phone on some models. Touch to adjust the volume.

Touch to use the tools such as settings and Help. 1 Speaker Mini-USB connector microSD™ card slot Microphone Note: Depending on your nüvi model, some images and screen shots could look different. nüvi 1200/1300/1400 Series Owner's Manual Getting Started Setting Up Your nüvi Before mounting the nüvi, see the Important Safety and Product Information guide for information about laws pertaining to windshield mounting. 1. Remove the clear plastic from the suction cup.

Place the suction cup on the windshield. Suction cup mount 2. Flip the lever back toward the windshield. 3. Snap the cradle onto the suction cup arm. 4. Plug the vehicle power cable into the back of your nüvi. 5. Plug the other end of the vehicle power Cradle cable into a power outlet in your vehicle. Your unit should turn on automatically if it is plugged in and the vehicle is running.

Follow the on-screen instructions. 6. Fit the bottom of your nüvi into the cradle.

[You're reading an excerpt. Click here to read official GARMIN NUVI 1410 user guide](http://yourpdfguides.com/dref/2368318)
<http://yourpdfguides.com/dref/2368318>

7. Tilt your nüvi back until it snaps into place. 8. If you are using a traffic receiver in Europe, connect the external antenna to the traffic receiver and secure it to the windshield using Vehicle power the suction cups. (Traffic receivers are included cable in some nüvi packages. See page iv.) WarNiNg: This product contains a lithium-ion battery.

To prevent damage, remove the unit from the vehicle when exiting or store it out of direct sunlight. Mounting Your nüvi 2 nüvi 1200/1300/1400 Series Owner's Manual Getting Started 1. Go outdoors to an open area, away from tall buildings and trees. 2. Turn on your nüvi. Acquiring Satellites Acquiring satellite signals can take a few minutes. The bars indicate satellite strength. When at least one of the bars is green, your nüvi has acquired satellite signals. Selecting a Usage Mode Pedestrian Bicycle Automobile combination of public transit options, such as riding a bus or subway, and walking. cityXplorer maps are not included with your nüvi.

See www.garmin.com to purchase cityXplorer maps. To change your usage mode: 1. From the Main menu, touch the usage mode icon on the upperleft corner.

2. Select a mode, and touch OK. 3. Touch Yes, and follow the on-screen instructions to configure your settings. Your nüvi offers several usage modes for navigation methods.

Routing is calculated differently based on your usage mode. For example, in Pedestrian usage mode with cityXplorerTM maps loaded, your nüvi calculates a route that uses a nüvi 1200/1300/1400 Series Owner's Manual Navigating Off Road If you are not following roadways as you navigate, use Off Road mode.

Touch tools > Settings > Navigation > route Preference > off road > oK. 3 Getting Started Using the Power Button Press and quickly release the Power button to view additional options: · Touch and to adjust the screen brightness. · Touch Lock Screen to prevent accidental screen touches. · Touch Power off to turn off your nüvi. You can also turn off the nüvi by holding the power button for approximately three seconds. Resetting Your nüvi If your nüvi stops functioning, reset your nüvi by pressing and holding the Power button. Navigating the Screens · To quickly return to the Main menu, touch and hold . · Touch and to see more choices.

Touch and hold to scroll faster. Finding Your Destination The Where To? menu provides several different categories for you to use when searching for addresses, cities, and other locations. The detailed maps loaded in your nüvi contain millions of points of interest, such as restaurants, hotels, and auto services. Adjusting the Volume From the Main menu, touch Volume. Touch and to adjust the volume.

Touch the box next to Mute to mute all audio. 4 nüvi 1200/1300/1400 Series Owner's Manual Getting Started 1. Touch Where To?. 4. Select a destination. 2. Select a category. 5. Touch Go!. 3. Select a subcategory. nüvi 1200/1300/1400 Series Owner's Manual Getting Started Navigating in Pedestrian Usage Mode Using the Itinerary Page In Pedestrian usage mode, the Itinerary page appears after you touch go!. Select a leg of the route to view more detailed instructions, or touch Start to create a route. 1. Selt Rating--touch a circle to give the point of interest (POI) a rating from 1 to 5 stars.

· Report Error--the item will be removed from future searches. Reports will be sent to Garmin when your nüvi is connected to a computer. See page 24. · Edit Phone Number--use the keyboard to change the phone number. 10 Using the On-Screen Keyboard When an on-screen keyboard appears, touch a letter or number to enter it. nüvi 1200/1300/1400 Series Owner's Manual Where To? Searching Near Another Location Touch to add a space. Touch and to move the cursor (available on some nüvi models). Touch to delete a character. Touch and hold to erase the entire entry. Touch Mode to select the keyboard language mode.

Touch to enter special characters, such as punctuation marks. To change the keyboard layout, see page 38. 1. Touch Where To? > Near. 2. Select an option: · Where I Am Now--search near your current location. · A Different City--search near the city you enter. · A Recent Destination-- search near recent destination · A Favorite Destination-- select a destination from Favorites. · My Current Route--search along your active route. · My Destination--search near your current destination.

nüvi 1200/1300/1400 Series Owner's Manual 11 Where To? Finding Recently Found Places Your nüvi stores the last 50 of your recentfindsintheRecentlyFound list. The most-recently viewed places appear at the top of the list. Touch Where to? > recently Found to view your recently found items. Deleting Recently Found Places To remove all places from the Recently Found list, touch Clear > Yes. All items from the list are removed, but this does not delete the actual place from your nüvi. Using Favorites vorites You can save places in your Favoritessoyoucanquicklyfind them and create routes to them. Your home location is also stored in Favorites. 12 Saving Your Current Location From the Map page, touch . Touch Save Location to save your current location. 1.

From the Go! page, touch Save. 2. Touch OK. The place is saved in Favorites. Saving Places You Find Finding Saved Places 1. Touch Where To?. 2. Touch Favorites. 3. Select a category.

Your saved locations are listed. 1. Touch Where To? > Favorites. 2. Select the category and the location you want to edit.

3. Touch Edit. 4. Touch an item to edit: · Change Name--enter a new name, and touch Done. nüvi 1200/1300/1400 Series Owner's Manual Editing Saved Places Where To? · Attach Photo--select a picture that you have loaded on your nüvi or on a memory card to assign to the location. · Change Map Symbol--touch a new symbol used to mark this location on the map. · Change Phone Number-- enter a phone number, and touch Done. · Change Categories--select another category for the location. · Delete--touch Yes to remove this item from the Favorites list. Finding a Place Using the Map Use the Browse Map page to view different parts of the map. Touch Where to? > Browse Map. Tips for Browsing the Map · Touch the map, and drag to view different parts of the map. · Touch and to zoom in and out. · Touch any object on the map. An arrow appears, pointing at the object, and a box displays information on the location.

When the box displays Press for more, several POIs exist at that location. Press to see the list of POIs. · Touch Save to save this location. · Touch go! to navigate to the location. · If the GPS simulator is on, touch Set Location to set your location to the selected location.

<http://yourpdfguides.com/dref/2368318>

See page 38. *nüvi 1200/1300/1400 Series Owner's Manual 13 Where To? Entering Coordinates* If you know the geographic coordinates of your destination, you can use your nüvi to navigate to your destination using the latitude and longitude coordinates. This can be especially helpful when geocaching. 1. Touch *Where To? > Coordinates*.

2. Touch the coordinate you want to adjust. 3. Touch *Format* to select the correct coordinate format for the type of map you are using. 4. Enter the coordinates, and touch *Next*. Using *Photo Navigation Panoramio™* provides pictures that include location information. You can load these pictures on your nüvi or on a memory card and create routes to them. 1. Connect your nüvi to your computer. 2. Go to <http://connect.garmin.com/photos> to download pictures with location information. 3. Follow the instructions on the Web site to select and load pictures. 4. Touch *Where To? > Favorites > Panoramio Photos*. Pictures with location information are listed. 5.

Touch a picture. 14 *nüvi 1200/1300/1400 Series Owner's Manual Using the Map Pages Using the Map Pages* Your route is marked with a magenta line. As you travel, your nüvi guides you to your destination with voice prompts, arrows on the map, and directions at the top of the map. A checkered flag marks your destination. If you depart from the original route, your nüvi recalculates the route and provides new directions. A speed limit icon may appear as you travel on major roadways. This icon displays the current speed limit of the roadway. On some models, the turn indicator also includes *Lane Assist*, which tells you which lane you should be in to prepare for your next maneuver. See page iv to view a list of models that include *Lane Assist*. *nüvi 1200/1300/1400 Series Owner's Manual Touch* to view the next turn.

Touch to view the turn list. Touch to zoom in and zoom out. Touch to return to the Main menu. Touch to display a different datafield. Touch to view the *Where Am I?* page.

Touch to view the trip computer. 1 *Using the Map Pages Viewing the Trip Computer* Touch *reset > reset Max* to reset the maximum speed. Touch *reset > reset Fuel Price* to reset the fuel price. Viewing the *Turn List* The trip computer displays your current speed and provides statistics about your trip. To view the trip computer, touch the *Speedfield* on the map.

Note: If you make frequent stops, leave the nüvi turned on so it can accurately measure elapsed time during the trip. When you are navigating a route, the turn list displays turn-by-turn instructions for your entire route and the distance between turns. Touch the text bar on the top of the map to open the turn list. Touch a turn on the list to view the next turn for that route. Touch *Show Map* to view the entire route on the *Browse Map* page. *nüvi 1200/1300/1400 Series Owner's Manual Resetting Trip Computer Information From the map, touch the Speedfield. Touch reset > reset trip Data* to reset the information on the trip computer. 1 *Using the Map Pages Viewing the Next Turn Page Viewing the Junction View Page* When you are navigating a route, the next turn shows the turn on the map and the distance and time left before you reach the turn. To view an upcoming turn on the map, touch the turn indicator in the top left corner of the map, or touch any turn from the turn list. On some nüvi models, the *Junction View* page displays a view of some upcoming junctions and in which lane you should be driving.

To view the *Junction View* page, touch the upper-left corner of the *Map* page. To access the *Junction View* page from the *Next Turn* page, touch *Junction View*. See page iv to view which nüvi models include *Junction View*. *nüvi 1200/1300/1400 Series Owner's Manual 1 Using the Map Pages Using the Pedestrian Map Page* In *Pedestrian* usage mode, your route is displayed on a two-dimensional map. The , , , , and icons indicate the navigation method for that section of the route. For example, when you see , board a bus at that point in the route. Touch to toggle between legs of the route. The nüvi zooms in and out on each leg of your route, but it does not automatically move to the next leg. Touch to view the route itinerary. Touch to zoom in and zoom out. Touch to recenter the map on your current location. 1 *nüvi 1200/1300/1400 Series Owner's Manual Making Hands-Free Phone Calls Making Hands-Free Phone Calls* Bluetooth wireless technology is available on some nüvi models. See page iv. Bluetooth wireless technology establishes a wireless link between two devices, such as a mobile phone and your nüvi. To determine whether your mobile phone with Bluetooth technology is compatible with the nüvi, go to www.garmin.com/bluetooth.

The first time you use two devices together you must "pair" them by establishing a relationship using a PIN or passkey. After the initial pairing, the two devices can connect automatically each time you turn them on. Note: You might have to set your mobile phone to connect to the nüvi automatically when it is turned on.

Pairing Your Phone To pair and connect, your phone and the nüvi must be turned on and be within 33 ft. (10 m) of each other. Initiate pairing from your nüvi or from your phone. Refer to your phone instructions. *Pairing Using Your Phone Settings* 1. Touch *Tools > Settings > Bluetooth*. 2. Select *Enabled*. *nüvi 1200/1300/1400 Series Owner's Manual 1 Making Hands-Free Phone Calls* 3. Enable the *Bluetooth* component on your phone.

This might be in a menu called *Settings, Bluetooth, Connections, or Hands-free*. 4. Initiate a search for *Bluetooth* devices. 5. Select the nüvi from the list of devices. 6. Enter the nüvi *Bluetooth PIN (1234)* into your phone. When your phone is connected to your nüvi, you are ready to make phone calls. Touch *Phone* on the *Main* menu to access the *Phone* menu. When you turn on the nüvi, it tries to connect to the last phone to which it was connected.

1. From the *Main* menu, touch *Tools > Settings > Bluetooth > Add*. 2. Enable the *Bluetooth* component on your phone, and enable *Find Me/Discoverable/Visible* mode. These settings might be in a *Bluetooth, a Connections, or a Hands-free* menu.

3. Touch *OK* on the nüvi. 4. Select your phone, and touch *OK*. 5.

Enter the nüvi *Bluetooth PIN (1234)* in your phone. 20 *Pairing Using the nüvi Settings Receiving a Call* When you get a call, the *Incoming Call* window opens. Touch *answer* to answer the call. Touch *ignore* to ignore the call and stop your phone from ringing. The internal microphone is in the front of the nüvi; speak normally. *nüvi 1200/1300/1400 Series Owner's Manual Making Hands-Free Phone Calls In a Call During a call, the in Call icon appears. Touch > end Call* to hang up. Touch *> Call options* for the following options: · touch *tones--* displays a keypad page so that you can use automated systems, such as voice mail.

[You're reading an excerpt. Click here to read official GARMIN NÜVI 1410 user guide](http://yourpdfguides.com/dref/2368318)
<http://yourpdfguides.com/dref/2368318>

· transfer audio to Phone--this is helpful if you want to turn off the nüvi but remain on the call, or if you need privacy. To switch back, touch transfer audio to Device.

· Mute Microphone. Note: Depending on the screen that appears on your nüvi, the In Call icon could look different. Using Call Waiting When you are on a call and you receive a second call (call waiting), the Incoming Call window appears. Touch answer to answer the call. The first call is placed on hold. Switching Between Calls 1. Touch > Switch To. 2. Touch End Call to hang up. This does not disconnect the call on hold.

Accessing the Phone Menu From the Main menu, touch Phone to open the Phone menu. Note: Not all phones support all features of the nüvi Phone menu. nüvi 1200/1300/1400 Series Owner's Manual 21 Making Hands-Free Phone Calls Using Your Phone Book Each time your phone connects with the nüvi, the phone book is automatically loaded into the nüvi. It can take a few minutes for the phone book to be available. Phone book transfer is not available on all phones.

1. Touch Phone > Phone Book. 2. Touch the phone book entry (contact) you want to call. 3.

Touch Call to call the contact. 1. Touch Phone > Points of Interest. 2. Search for the point of interest you want to call. 3. Touch Call or touch the phone number. Viewing Your Call History Each time your phone connects to the nüvi, your call history is automatically transferred to the nüvi. It can take a few minutes to transfer this data to the nüvi. 1.

Touch Phone > Call History. 2. Touch a category to view those calls. The calls are listed in chronological order. The most recent calls are at the top of the list. 3. Touch an entry, and touch Dial. Dialing a Point of Interest Calling Home Enter a phone number for your home location so you can quickly call home.

1. Touch Phone > Call Home.

2. The nüvi dials your home phone number. Dialing a Number 1. Touch Phone > Dial. 2.

Enter the number, and touch Dial. 22 nüvi 1200/1300/1400 Series Owner's Manual Making Hands-Free Phone Calls 1. Touch Phone > Call Home. 2. Touch Enter Phone Number to use the keypad page or Select From Phonebook (only available if your phone supports phone book transfer).

3. Touch Done > Yes. The nüvi dials your home phone number. Note: To edit your home location or phone number, touch Where to? > Favorites > Home > edit. Entering Your Phone Number Placing Calls Using Voice Dial You can place calls by speaking the contact's name. You might need to "train" your phone to recognize your voice dial commands. Refer to your phone instructions. 1. Touch Phone > Voice Dial. 2.

Speak the contact name. Checking the Phone Status Check the battery level and signal strength for your phone by touching Phone > Status. nüvi 1200/1300/1400 Series Owner's Manual 23 Managing Files Managing Files You can store files, such as JPEG image files, in the internal memory on the nüvi or on a memory card. Note: The nüvi is not compatible with Windows® 95, 98, Me, Windows NT®, and Mac® OS 10.3 and earlier. monitors your computer USB ports and allows you to easily check for available updates. See page 52 for more information. 1. Insert a memory card (optional). Press it in until it clicks. 2. Connect the mini-USB connector to the back of the nüvi. 3. Connect the larger end of the cable to an available USB port on your computer. Supported File Types · JPEG and JPG image files: see page 27 · Maps and GPX waypoint files from MapSource®: see page 49 · GPICustom POI files from Garmin POI Loader: see page 50 Your nüvi and memory card appear as removable drives in My Computer in Windows and as mounted volumes on Mac computers.

Note: Some computers with multiple network drives can not display nüvi drives. See your operating system Help file to learn how to map the drives. Connecting Your nüvi to Your Computer When you connect your nüvi to your computer, you will see an option to install myGarmin Agent™, which 24 nüvi 1200/1300/1400 Series Owner's Manual Managing Files 1. Browse your computer for the file you want to copy. 2.

Highlight the file., and click Edit > Copy. 3. Open the "Garmin" or memory card drive/volume. 4. Click Edit > Paste. The file appears in the list of files in the nüvi memory or on the memory card. 5. When you are finished transferring files, click in your toolbar (system tray), or drag the volume icon to the Trash on Mac computers. 6.

Unplug your nüvi from your computer. Transferring Files 1. Connect the nüvi to your computer, and open the nüvi or memory card drive/volume. 2. Highlight the file you want to delete. 3. Press the Delete key on the computer keyboard. Caution: If you do not know the purpose of a file, do not delete it. Your nüvi memory contains important system files that should not be deleted. Deleting Files nüvi 1200/1300/1400 Series Owner's Manual 2 Using the Tools Using the Tools The Tools menu provides many features that are helpful when you are traveling.

From the Main menu, touch tools. 1. From the Main menu, touch Tools > Where Am I?. 2. Touch a button on the right to view the nearest locations in that category.

3. Touch Save Location to save your current location. Accessing the Settings For information about the settings, see pages 38-44. Accessing Help Touch Help to get information about using your nüvi. Touch Search to search help topics for a keyword.

Using the Where Am I? Page Use the Where Am I? page to view current location information, including hospitals, police stations, and fuel. This feature is helpful if you need to tell emergency personnel your location. Using MSN® Direct You can only access MSN Direct content with an optional MSN Direct receiver. For more information, visit <http://garmin.msndirect.com> or www.garmin.com/traffic. To purchase an accessory, visit <http://buy.garmin.com>.

com. nüvi 1200/1300/1400 Series Owner's Manual 2 Using the Tools For information about activating MSN Direct service or using MSN Direct, refer to the MSN Direct Owner's Manual Supplement at www.garmin.com. 3. Use the scroll bar at the bottom of the screen to change how many pictures appear on the screen. 1. Touch Tools > Picture Viewer > . Each picture appears for a few moments. 2.

Touch anywhere on the screen to stop the slide show. Viewing a Slide Show Using the Picture Viewer Use the picture viewer to view pictures that you have stored in your nüvi or on a memory card. 1. Touch Tools > Picture Viewer. · Touch the arrows to scroll through the images.

2. Touch a picture to view a larger image of it. · Touch to view information on the selected picture. · Touch the map and drag to view different parts of the map. · Touch to hide the menu bar.

nüvi 1200/1300/1400 Series Owner's Manual Navigating to a Picture If a picture contains location information, you can create a route to it.

[You're reading an excerpt. Click here to read official GARMIN NÜVI 1410 user guide](http://yourpdfguides.com/dref/2368318)
<http://yourpdfguides.com/dref/2368318>

1. Touch Tools > Picture Viewer. 2. Select a picture. 3. Touch > Go!. See page 24 for more information about loading pictures on your nüvi. 2 Using the Tools Accessing My Data 6. Touch to view the clocks again.

Use this tool to manage and delete your saved data, such as your Favorites. 1. Touch Tools > My Data. 2. Select an option: · Set Home Location · Delete Selected Favorites · Clear Trip Log · View Map Errors 1. Touch Tools > World Clock. 2. To change a listed city, touch one of the cities. 3. Enter a city name, and touch Done.

4. Select the correct city, if necessary. 5. Touch World Map to view a map. Nighttime hours are shown in the shaded area.

2 Using the Calculator Touch tools > Calculator to activate the calculator. 1. Touch Tools > Unit Converter. 2. Touch Conversion, select a type of measurement, and touch OK.

3. Touch a unit of measure that you want to change. 4. Select a unit of measure, and touch OK. Repeat if necessary. 5. Touch the box next to the unit of measure to enter a value. 6. Enter a value, and touch Done. The unit is converted.

7. Touch Clear to perform another conversion. Using the Unit Converter Using the World Clock nüvi 1200/1300/1400 Series Owner's Manual Using the Tools Updating Conversion Rates You can update the currency conversion rates manually so that you are always using the most current rates. 1. Touch Tools > Unit Converter > Conversion. 2. Select Currency, and touch OK. 3. Touch the currency buttons and select the currencies you want to update. 4. Touch Update. 5. Touch the boxes next to the currencies to enter new rates. 6. Touch Save to save the new rates.

Touch Restore to use the original rates. Using ecoRoute™ Touch tools > ecoroute. The ecoRoute feature calculates your vehicle fuel economy, carbon footprint, and the fuel price of navigating to a destination, and offers tools for improving fuel efficiency. The data provided by the ecoRoute feature are estimates only. The data is not actually read from your vehicle.

To receive more-accurate fuel reports for your specific vehicle and driving habits, calibrate the fuel economy. The first time you access the ecoRoute features you will be asked to enter fuel and mileage information about your vehicle. nüvi 1200/1300/1400 Series Owner's Manual 2 Using the Tools Viewing the Fuel Report If you have entered your vehicle profile and the current fuel price, your nüvi calculates the average fuel economy for your vehicle, your carbon footprint, and the cost of the fuel consumed. The fuel consumption data is based on estimates for speed and acceleration for an average vehicle. Touch tools > ecoroute > Fuel report. tiP: To ensure fuel data is always recorded, keep your nüvi turned on while driving. Calibrating the Fuel Economy Calibrate the fuel economy to receive more-accurate fuel reports for your specific vehicle and driving habits. Calibrate when you fill up your fuel tank. 1. Calculate your miles per gallon or liters per 100 kilometers.

2. Touch Tools > ecoRoute > Fuel Report > Calibrate. 3. Touch and to enter the result from step 1. 4. Touch OK. Adjusting the Fuel Price Enter fuel price information to calculate the fuel cost of routes and to calculate the fuel reports. 1. Touch Tools > ecoRoute > Fuel Price. 2.

Enter the current fuel price, and touch Done. 30 nüvi 1200/1300/1400 Series Owner's Manual Using the Tools Taking the Driving Challenge The Driving Challenge tool helps you maximize your fuel economy by scoring your driving habits. The higher your overall score for a Driving Challenge, the more fuel you could save. Touch tools > ecoroute > Driving Challenge > Start. Understanding Your Driving Challenge Score Touch on the Map page to view details about your current challenge.

The leaf color on the driving challenge icon changes depending on your performance in the challenge. Your overall score is the average of three scores: acceleration score--gain points for gradual acceleration; lose points for rapid acceleration. @@@@Stopping the Driving Challenge 1. From the Map page, touch 2. @@@@Touch Tools > ecoRoute > Mileage Report.

2. @@@@A mileage report is created for every route that you drive. @Touch Tools > ecoRoute. 2. @Ad-based traffic information is only available in North America. @If the offer includes a coupon icon, touch the coupon icon on the Go! page to receive a coupon code. @@@@Your nüvi displays both types of traffic content in the same manner. @@@@The traffic icon changes color to indicate the severity of traffic conditions on your route or the road you are currently travelling. Color Description Meaning Traffic is Green Low severity flowing normally. Yellow Medium severity Traffic is slightly congested.

Traffic on Your Route When calculating your route, the nüvi examines the current traffic and automatically optimizes the route for the shortest time. If a severe traffic delay occurs on your route while you are navigating, the nüvi automatically recalculates the route. You might still be routed through traffic if no better alternative routes exist. Traffic icon Red Traffic is heavily High severity congested or stopped. If a non-severe traffic delay occurs on your route, touch the traffic icon to display a tab that shows how much time the delay has added to your route. This time is already included in your estimated arrival time. nüvi 1200/1300/1400 Series Owner's Manual 3 Using FM Traffic 1. On the Map page, touch the traffic icon. 2. Touch Traffic On Route.

3. Touch the arrows to view other traffic delays on your route, if necessary. 4. Touch Avoid to avoid the traffic delay. Manually Avoiding Traffic on Your Route 1.

On the Map page, touch the traffic icon. 2. Touch Traffic Search to view a list of traffic delays. 3. To view details, touch an item in the list.

If there is more than one delay, touch the arrows to view additional delays. Viewing Traffic Delays Viewing the Traffic Map The traffic map shows color-coded traffic flow and delay on nearby roads. Viewing Offers 1. On the Map page, touch the traffic icon. 2. Touch Show Traffic Map to view the traffic incidents on a map. In North America, if your nüvi package includes an FMTM traffic receiver, you will receive offers and coupons. Touch the offer on the screen to search for the nearest location related to that offer. Caution: Do not attempt to write down the coupon codes while driving. To return to the normal map from the traffic map, touch the traffic icon, and then touch Show Normal Map.

nüvi 1200/1300/1400 Series Owner's Manual To stop receiving offers, turn off the traffic feature. See page 33. 3 Customizing the nüvi Customizing the nüvi 1. Touch Tools > Settings. usage Mode--specify how you will be navigating to optimize routes: automobile, Pedestrian, or Bicycle. Keyboard--touch QWERTY for a layout similar to a computer keyboard, or touch aBCDE for an alphabetical layout (only available on the nüvi 1300 and 1400 series).

units--change units of measure to Kilometers or Miles. about--display the nüvi software version number, the unit ID number, and information on several other software features. You need this information when you update the system software or purchase additional map data (see page 50). restore--restore the system settings.

2. Touch the setting you want to change. 3. Touch the button under the setting name to change it. Changing the System Settings Touch tools > Settings > System.

gPS Simulator--turn on the simulator to turn off the GPS mode and simulate navigation, and to save battery power. 3 nüvi 1200/1300/1400 Series Owner's Manual Customizing the nüvi Changing the Navigation Settings Touch tools > Settings > Navigation. route Preference--select a preference for calculating your route: · Faster time--to calculate routes that are faster to drive but can be longer in distance. · Shorter Distance--to calculate routes that are shorter in distance but can take more time to drive. · off road--to calculate point-to-point routes (without roads).

· Less Fuel--to calculate routes that could use less fuel than other routes. The route calculation is based on road speeds and vehicle acceleration data for a given route. avoidances--select the road types you want to avoid on your routes. nüvi 1200/1300/1400 Series Owner's Manual transit types--select which mode of public transit you would like your nüvi to avoid when calculating routes. Available when cityXplorer maps are loaded. See page 6. restore--restore the original navigation settings. Adjusting the Display Settings Touch tools > Settings > Display. Color Mode--select Day for a light background, Night for a dark background, or auto to automatically switch between the two. Screen Shot--turn on Screen Shot mode.

Touch to take a screen shot. The picture bit map file is saved in the screenshots folder on the nüvi drive. 3 Customizing the nüvi Brightness--adjust the backlight brightness level. Reducing the backlight brightness increases your battery life. restore--restore the original display settings. Setting the Languages Voice Language--change the language for voice prompts. Touch tools > Settings > Language. Updating the Time Settings Touch tools > Settings > time. Select a time format--select a 12-hour, 24-hour, or UTC time format. Current time--manually set the time on your nüvi.

Select automatic to have the nüvi set the time based on your location. restore--restore the original time settings. text Language--change all onscreen text to the selected language. Changing the text language does not change the language of user-entered data or map data, such as street names. Keyboard--select the keyboard for your language.

Touch Mode on any keyboard to change the keyboard language. restore--restore the original language settings. 40 nüvi 1200/1300/1400 Series Owner's Manual Customizing the nüvi Changing the Map Settings Touch tools > Settings > Map. Map Detail--adjust the amount of detail shown on the map. Showing more detail can cause the map to redraw slower.

Map View--select a map perspective. · track up--display the map in two dimensions (2D) with your direction of travel at the top. · North up--display the map in 2D with North at the top. · 3D--display the map in three dimensions (3D) in Track Up. Note: In Pedestrian usage mode, North Up is the only map view. want to use, and then touch oK. Download additional vehicle icons at www.garmin.com. trip Log--show or hide the log of your travels.

To clear trip log, touch tools > My Data > Clear trip Log. Map info--view the maps and the version of each map loaded on your nüvi. Touch a map to enable (check mark) or disable (no check mark) that map. restore--restore the original map settings. Changing Security Settings Touch tools > Settings > Security.

garmin Lock--turn on Garmin Lock™ to lock your nüvi. Enter a 4-digit PIN, and set a security location. For more information, see page 46. 41

Vehicle--touch Change to change the icon used to display your position on the map. Touch the icon you nüvi 1200/1300/1400 Series Owner's Manual Customizing the nüvi Safe Mode--turn safe mode on or off.

When your vehicle is moving, Safe mode disables all functions that require significant operator attention and could become a distraction while driving. restore--restore the original security settings. Note that restoring the security settings will not clear your Garmin Lock PIN or security location. Setting the Bluetooth Technology Options · Drop--select the phone you want to disconnect, and touch Yes. · remove--select the phone you want to delete from the nüvi memory, and touch Yes.

Bluetooth--turn the Bluetooth component on and off. The Bluetooth icon appears on the Main menu if the Bluetooth component is turned on. To prevent a phone from automatically connecting, touch Disabled. Friendly Name--enter a friendly name that identifies your nüvi on devices with Bluetooth technology. Touch Done.

restore--restore the original Bluetooth settings. This does not clear the pairing information. Touch tools > Settings > Bluetooth. Connections--touch add > oK to pair with a phone that has Bluetooth wireless technology. See pages 1923. Touch Change to connect with a different phone. 42 nüvi 1200/1300/1400 Series

Owner's Manual Customizing the nüvi Changing the Proximity Points Settings You must have proximity points (such as custom POIs or a safety camera database) loaded to adjust the proximity points settings. See page 50. Touch tools > Settings > Proximity Points. North American Options Your FM traffic subscriptions and expiration dates are listed.

Touch add to add a subscription. Non-North America Options Current--select which provider to use. Touch auto to use the best provider for the area, or select a specific provider to use. Find More--search for additional TMC traffic providers. To increase the search time, touch Yes to clear the provider table.

Subscriptions--view your FM traffic subscriptions and expiration dates. Touch add to add a subscription. Proximity alerts--turn the alerts on or off when you approach custom POIs or safety cameras. restore--restore the proximity points settings. Viewing Traffic Subscription Information The traffic receiver is included in some nüvi packages.

Touch tools > Settings > Traffic. nüvi 1200/1300/1400 Series Owner's Manual 43 Customizing the nüvi Adding a Subscription You can purchase additional subscriptions or a renewal if your subscription expires. Go to www.garmin.com/fmtraffic.

Note: You do not need to activate the subscription included with your FM traffic receiver (if it came with one). The subscription activates automatically after your nüvi acquires satellite signals while receiving traffic signals from the service provider.

[You're reading an excerpt. Click here to read official GARMIN NUVI 1410 user guide](http://yourpdfguides.com/dref/2368318)
<http://yourpdfguides.com/dref/2368318>

1. From the Main menu, touch Tools > Settings > Traffic. 2.

For non-North American units, touch Subscriptions > Add. For North American units, touch Add. 3. Write down the FM traffic receiver unit ID. 4. Go to www.garmin.com/fmtraffic to purchase a subscription and get a 25-character code. 4 5. Touch Next on the nüvi, enter the code, and touch Done.

The traffic subscription code cannot be reused. You must obtain a new code each time you renew your service. If you own multiple FM traffic receivers, you must obtain a new code for each receiver. 1. Touch Tools > Settings. 2. Touch Restore. 3. Touch Yes. Restoring All Settings nüvi 1200/1300/1400 Series Owner's Manual Appendix Caring for Your nüvi Your nüvi contains sensitive electronic components that can be permanently damaged if exposed to excessive shock or vibration.

To minimize the risk of damage to your nüvi, avoid dropping your unit and operating it in high-shock and high-vibration environments. Cleaning the Unit The nüvi is constructed of high-quality materials and does not require user maintenance other than cleaning. Clean the outer casing of the unit (not the touchscreen) using a cloth dampened with a mild detergent solution, and then wipe it dry. Avoid chemical cleaners and solvents that can damage plastic components. nüvi 1200/1300/1400 Series Owner's Manual Cleaning the Touchscreen Clean the touchscreen with a soft, clean, lint-free cloth.

Use water, isopropyl alcohol, or eyeglass cleaner, if needed. Apply the liquid to the cloth, and then gently wipe the touchscreen. Protecting Your nüvi · Do not store the nüvi where prolonged exposure to extreme temperatures can occur, because it can cause permanent damage. · Do not expose the nüvi to water.

Contact with water can cause this unit to malfunction.

· Although a PDA stylus can be used to operate the touchscreen, never attempt this while operating a vehicle. Never use a hard or sharp object to operate the touchscreen because damage might result. 4 Appendix Avoiding Theft · To avoid theft, remove the unit and mount from sight when not in use. Remove the residue left on the windshield by the suction cup. · Do not keep your unit in the glove compartment. · Register your product at <http://my.garmin.com>. · Use the Garmin Lock feature. See below for more information.

1. Touch Tools > Settings > Security. 2. Touch the button below Garmin Lock. 3. Enter a 4-digit PIN and drive to a security location. Locking Your nüvi What is a Security Location? Your security location should be a location you return to often, such as your home. If the nüvi has satellite signals and you are at the security location, you do not need to enter the PIN. Note: If you forget your PIN and your security location, you must send your nüvi to Garmin to get it unlocked. You must also send a valid product registration or proof of purchase.

Garmin Lock is a theft-deterrent system that locks your nüvi. Each time you turn on the nüvi, enter the PIN or drive to the security location. 4 nüvi 1200/1300/1400 Series Owner's Manual Appendix Calibrating the Screen If the touchscreen is not responding properly, calibrate the touchscreen. 1. Turn off the nüvi.

2. Press and hold the Power button for about 30 seconds until the calibration screen appears (white screen with "Press dot"). 1. Connect the nüvi to your computer using the mini-USB cable. The AutoPlay menu opens.

2. Double-click on to open the myGarmin Agent download page. If the AutoPlay menu does not open, or you are on a Mac computer, go to www.garmin.com/agent. 3. Follow the on-screen instructions. myDashboard checks your nüvi for current software and provides additional information about your nüvi. Clearing User Data iMPortant: This deletes all user-entered information. 1.

Hold your finger on the lower-right corner of the nüvi screen while turning on the nüvi. 2. Keep your finger pressed until the pop-up window appears. 3. Touch Yes to clear all user data. Updating the Software All original settings are restored. Any items that you have saved are erased. After you have installed myGarmin Agent, you will be prompted to open myDashboard when you connect your nüvi to your computer. nüvi 1200/1300/1400 Series Owner's Manual Battery Information To maximize the lifetime of the battery, do not leave your nüvi in direct sunlight, and avoid prolonged exposure to excessive heat. 4

Appendix The battery icon in the corner of the Main menu indicates the status of the nüvi battery.

To increase the accuracy of the battery gauge, fully discharge the battery and then fully charge it. Do not unplug the nüvi until it is totally charged. Changing the Fuse Caution: When replacing the fuse, do not lose any of the small pieces, and ensure they are put back in the proper place. Charging Your nüvi · Connect the vehicle power cable to the mini-USB connector on your nüvi and to a power outlet in your vehicle. The vehicle key may need to be turned to ON/ACC for the nüvi to charge.

· Connect an AC adapter (optional accessory) to the nüvi and a wall outlet. · Connect your nüvi to a computer using a USB cable. The USB cable is included with some nüvi series packages. The computer must be on for the nüvi to charge. 4 If your unit will not charge in your vehicle, you might need to replace the fuse located at the tip of the vehicle adapter.

1. Unscrew the End black, round piece end piece, and Silver tip remove it. Fuse 2. Remove the fuse (glass and silver cylinder), and replace it with a 3 A fast-blow fuse. 3. Ensure that the silver tip is placed in the black end piece. Screw on the black end piece. nüvi 1200/1300/1400 Series Owner's Manual Appendix Removing the nüvi and Mount To remove the nüvi from the cradle, press the tab of the cradle while tilting the nüvi forward. To remove the cradle from the mount, turn the cradle to the right or left. Apply pressure in that direction until the cradle snaps off the mount.

To remove the suction cup mount from the windshield, flip the lever toward you. Pull the tab on the suction cup toward you. iMPortant: The permanent mounting adhesive is extremely difficult to remove after it is installed. 1. Clean and dry the dashboard where you are placing the disk. 2. Remove the backing from the adhesive on the bottom of the disk. 3. Place the disk on the dashboard. 4.

Remove the clear plastic cover from the top of the disk. 5. Place the suction cup mount on top of the disk. Flip the lever down (toward the disk). Mounting on Your Dashboard nüMaps Guarantee™ Use the enclosed mounting disk to mount your unit to the dashboard and comply with certain state regulations.

To receive one free map update (if available), register your nüvi at <http://my.garmin.com>.

My nüvi does not charge in my vehicle.

@@Remain stationary for several minutes. Clean the suction cup and windshield with rubbing alcohol. Dry with a clean, dry cloth. Mount the suction cup as described on page 2. Check the fuse in the vehicle power cable (see page 47). @@Your nüvi can only charge between 32°F and 113°F (between 0°C and 45°C). If the nüvi is placed in direct sunlight or in a hot environment, it cannot charge. To maximize the time between charges, turn down the backlight.

Touch Tools > Settings > Display > Brightness. Hold your finger on the lower-right corner of the nüvi screen while it is turning on.

Keep your finger pressed until the message appears. Touch Yes to clear all user data. My battery does not stay charged for very long. How do I clear all of my user data? nüvi 1200/1300/1400 Series Owner's Manual Appendix Problem/Question My battery gauge does not seem accurate. The touchscreen is not responding to my touches.

How do I know my nüvi is in USB mass storage mode? My computer never senses that the nüvi is connected. Solution/Answer Allow the unit to fully discharge, and fully charge it (without interrupting the charge cycle). Calibrate the touchscreen as described on pages 4445. When your nüvi is in USB mass storage mode, a picture of a nüvi connected to a computer is shown. Also, you should see two new removable disk drives listed in My Computer.

1. Unplug the USB cable from your computer. 2. Turn off the nüvi. 3. Plug the USB cable into a USB port on your computer and into your nüvi. The nüvi automatically turns on and goes into USB mass storage mode. Ensure your nüvi is connected to a USB port and not a USB hub. nüvi 1200/1300/1400 Series Owner's Manual Appendix Problem/Question I cannot see any new removable drives in my list of drives. Solution/Answer If you have several network drives mapped on your computer, Windows can have trouble assigning drive letters to your nüvi drives.

See your operating system Help file to learn how to map or assign drive letters. Save the hotel in your Favorites. See page 12 for more information on Favorites. You can then search near the hotel for restaurants. 1. Touch Where To? > Near. 2. Select A Favorite Destination. 3. Select a destination.

4. Touch Points of Interest > Food and Drink. 5. Select a category. Your nüvi searches for locations near the hotel.

6. Select a restaurant. Ensure you have a nüvi with Bluetooth. See page iv. Touch Tools > Settings > Bluetooth.

Verify that the Bluetooth field is set to Enabled. Ensure your phone is turned on and is less than 33 feet (about 10 meters) away from your nüvi. See www.garmin.com/bluetooth for more help. How can I find restaurants near the hotel I will be staying at in the future? My phone will not connect to the nüvi.
