Owner's Manual About Main Menu Customization On 2400 models, you can create a customized main menu by adding icons from other screens on the device, such as location categories or frequently used tools. You can also edit the size and position of the main menu icons. 9 Getting Started You can switch between the default main menu and your customized main menu.

Adding an Icon to the Custom Main Menu The main menu can contain up to 15 icons. 1. Touch Tools > Settings > Custom Main Menu. The icon is added to the custom main menu. TIP: Select to view additional icons in a category. 4. Touch Save. Editing the Main Menu Icons Before you can edit icons, you must create a customized main menu (page 10). 1. Touch Tools > Settings > Custom Main Menu.

2. Select an icon on th Navigating Off Road If you are not following roadways as you navigate, use Off Road mode. 1. From the main menu, touch Tools > Settings > Navigation. 2.

Touch Automobile > nüRoute > Calculation Mode > Off Road > Save. The route will be calculated as a straight line to the location. Setting a Home Location You can set your home location for the location you return to most often. 1. From the main menu, touch Where To? > Go Home.

2. Select Enter My Address, Use My Current Location, or Recently Found. Going Home Before you can navigate to home, you must set a home location. From the main menu, touch Where To? > Go Home. 1. From the main menu, touch Where To? > > Set Home Location. 2. Select an option. Resetting Your Home Location nüvi 2200/2300/2400 Series Owner's Manual 15 Finding Locations Editing Your Home Location Information 1. From the main menu, touch Where To? > Favorites > Home.

2. Touch > Edit. 3. Enter your changes. 4. Touch Done. Finding an Address NOTE: Depending on the version of the built-in map data on your device, the button names and the order of steps could be different than the steps below. 1. From the main menu, touch Where To? > Address. 2.

If necessary, change the state, the country, or the province. 3. Touch Spell City. 4. Enter the city/postal code.

TIP: If you are unsure of the city/postal code, select Search All. 5. Touch Done. 6. If necessary, select the city/postal code.

NOTE: Not all map data provides postal code searching. 7. Enter the number of the address. 8. Touch Done. nüvi 2200/2300/2400 Series Owner's Manual Location Searches You can search for locations by using the on-screen keyboard, entering the location's address or coordinates, browsing the map, and more.

Finding a Location by Spelling the Name 1. From the main menu, touch Where To? > Points of Interest > Spell Name. 2. Enter all or part of the name and select Done.

3. Select a destination and select Go!. 16 Finding Locations 9. Enter the street name. 10. Touch Done. 11. If necessary, select the street. 12. If necessary, select the address.

Browsing the Map · Touch Where To? > Browse Map. · See "Using the Location Map" (page 19) for information on using map buttons. Finding a Location Using the Map Viewing a List of Recently Found Locations Your device stores the last 50 locations you have found. From the main menu, touch Where To? >

Recently Found. Clearing the List of Recently Found Locations From the main menu, touch Where To? > Recently Found > > Clear > Yes.

1. From the main menu, touch Where To? > Browse Map. 2. Select a location. An information box appears for the location.

3. Touch the information box. 4. Touch Go!. nüvi 2200/2300/2400 Series Owner's Manual 17 Finding Locations Entering Coordinates If you know the geographic coordinates of your destination, you can use your device to navigate to the destination using the latitude and longitude coordinates. This can be especially helpful when geocaching. 1. From the main menu, touch Where To? > Coordinates. 2. Select a field to enter the latitude and longitude data.

3. Touch View on Map. 4. Touch Go!. 1. From the main menu, touch Where To? > Coordinates > Format. 2. Select a format. Changing the Map Coordinate Format Using Photo Navigation You can upload pictures onto your device or memory card that include location information and create routes to the pictured locations. 1.

Connect your device to your computer (page 47). 2. Go to <http://connect.garmin.com/photos>.

3. Follow the instructions on the Web site to select and load pictures. 4.

[You're reading an excerpt. Click here to read official GARMIN NÜVI 2340 user guide](#)

<http://yourpdfguides.com/dref/3755668>

Disconnect the device from the computer. 5.

Turn on the device. 6. From the main menu, touch Where To? > Favorites > Photos. A list of pictures with location information appears. 7. Select a picture. *nüvi 2200/2300/2400 Series Owner's Manual 18 Finding Locations Using the Location Map* The location map opens after you select a location from the Where To? menu. · Touch to return to the previous page. · Touch and drag to view different parts of the map. · Touch to create a turn-by-turn route to this location.

Viewing a Route on the Map 1. From the location map, touch the information balloon. 2. Touch the route information box. *Removing an Incorrect Point of Interest from the Map* If your search results contain an outdated or incorrect point of interest, you can remove the location from future searches. 1. From the location map, touch the information balloon. 2. Touch > Report Error > Yes. · Touch to save the location to your Favorites.

· On some models, touch to call the selected location when the device is connected to a phone. · Touch to switch between 2-D and 3-D views. · Touch to rotate the view. · Touch the information balloon to view more information for the location. · Touch to zoom in and out.

nüvi 2200/2300/2400 Series Owner's Manual 19 Finding Locations Rating a Point of Interest When available, you can view and change the star rating for a point of interest. 1. From the location map, touch the information balloon. If available, the star ratings appear under the address of the location. 2.

Touch the stars to rate the point of interest. The star rating updates on your device. *Editing a Phone Number* 1. From the location map, touch the information balloon. 2. Touch > Edit Phone Number. 3. Enter the correct phone number, and touch Done. 20 *Using Multiple Route Preview* NOTE: See (page 52) to enable multiple route preview. 1.

From the location map, touch Go! and, if necessary, select Drive (page 12). A map appears with Faster Time, Shorter Distance, and Less Fuel routes highlighted. 2. Use the on-screen buttons to select a route (page 7). 3. Touch Go!. *Setting a Simulated Location* 1. From the main menu, touch Tools > Settings > System > GPS Simulator > On. 2. From the main menu, touch Where To? > Browse Map.

3. Select an area on the map. An information box appears for the location. *nüvi 2200/2300/2400 Series Owner's Manual Finding Locations* 4. Touch > Set Location.

Favorites You can save locations in your Favorites so you can quickly find them and create routes to them. Your home location is also stored in Favorites. *Saving Your Location to Favorites* 1. From the map, touch the vehicle icon. 2.

Touch Save. 3. Enter a name. 4. Touch Done. The location is saved in Favorites. *Saving Locations to Favorites* 1. Search for the location (page 12). 2. From the location map, touch > Save > OK.

nüvi 2200/2300/2400 Series Owner's Manual Finding Favorites 1. From the main menu, touch Where To? > Favorites. 2. If necessary, select a category. 3. Select a saved location. *Editing Favorites* 1. From the main menu, touch Where To? > Favorites. 2. If necessary, select a category.

3. Select a Favorite. 4. Touch > Edit. 5.

1. From the main menu, touch Tools > Voice Command > . 2. Touch Mute Instructions > Enabled. Disabling Voice Command You can disable voice command, which prevents you from accidentally opening the voice command while speaking. 1. From the main menu, touch Tools > Voice Command > . 2.

Touch Voice Command > Disabled. Finding an Address 1. Say Voice Command. 2. Say Find Address. 3. Follow the on-screen instructions. Muting Instructions You can disable the voice prompts for Voice Command without muting the device. 26 nüvi 2200/2300/2400 Series Owner's Manual Map Pages Map Pages Viewing the Map While Navigating Notice The speed limit icon feature is for information only and does not replace the driver's responsibility to abide by all posted speed limit signs and to use safe driving judgment at all times. Garmin will not be responsible for any traffic fines or citations that you may receive for failing to follow all applicable traffic laws and signs.

The route is marked with a magenta line. A checkered flag marks your destination. As you travel, the device guides you to the destination with voice prompts, arrows on the map, and directions at the top of the map. If you depart from the original route, the device nüvi 2200/2300/2400 Series Owner's Manual recalculates the route and provides new directions. An icon displaying the current speed limit may appear as you travel on major roadways.

Changing the Map Data Field 1. From the map, touch the data field in the lower left-hand corner. 2. Select a type of data to display. 3.

Touch Save. Changing the Speed Limit 1. From the map, touch the Speed Limit Icon. 2. Touch and to change the speed limit. 27 Map Pages The myTrends™ feature senses when you are driving to a common destination and displays the destination and estimated time of travel in the navigation bar on the map. 1. From the main menu, touch Tools > Settings > Navigation. 2. Touch Automobile > nüRoute > myTrends > Enabled.

3. Save a common destination, like your home or workplace, as a Favorite (page 21). 4. With the device on, drive to the Favorite several times. 5. When myTrends information appears in the navigation bar, touch it to view route information. Using myTrends Viewing Trip Information The trip information page displays your present speed and provides statistics about your trip. TIP: If you make frequent stops, leave the device turned on so it can accurately measure elapsed time during the trip. From the map, touch the Speed field. 28 nüvi 2200/2300/2400 Series Owner's Manual Map Pages Resetting Trip Information 1. From the map, touch the Speed field > . 2. Select an option: · When not navigating a route, touch Reset All to reset every data field, except the speedometer, on the page. · Touch Reset Trip Data to reset the information on the trip computer. · Touch Reset Max.

Speed to reset the maximum speed. · Touch Reset Trip B to reset the odometer. Viewing the Turn List When you are navigating a route, you can view all of the turns for your entire route and the distance between turns. 1. Touch the text bar on the top of the map.

2. Select an option: · Select a turn on the list to view the next turn. · On nüvi 2400 models, if a traffic receiver is connected, touch a colored dot for information about a traffic delay (page 42). nüvi 2200/2300/2400 Series Owner's Manual 29 Map Pages · Touch > Show Map to view the entire route on the map. Viewing the Next Turn Before you can view the next turn, you must be navigating a route. The next turn shows the turn on the map and the distance and time left before you reach the turn. From the map, touch . About Upcoming Junctions On some models, as you approach a junction while navigating a route, a junction view may appear (page 1). 30 nüvi 2200/2300/2400 Series Owner's Manual Map Pages Using the Pedestrian Navigation Map In Pedestrian mode, your route is displayed on a two-dimensional map. Public Transit Options If you have cityXplorer maps installed, the device calculates a route that uses a combination of public transit options, such as riding a bus or subway, and walking.

cityXplorer maps are not included with the device. See <http://my.garmin.com> to purchase cityXplorer maps. The yellow icons indicate the navigation method used in each section of the route. For example, when you see , board a bus at that point in the route. The black dots on the map are public transit stops along your route. NOTE: You can limit the distance spent walking during a pedestrian route (page 51). · Touch to switch between sections of the route. · Touch to view the route itinerary.

· Touch to center the map on your current location. · Touch to zoom in and zoom out. nüvi 2200/2300/2400 Series Owner's Manual 31 Hands-Free Phone Calls Hands-Free Phone Calls Bluetooth® technology is available on some nüvi models. Bluetooth technology establishes a wireless link between two devices, such as a mobile phone and your device. To determine whether your mobile phone with Bluetooth technology is compatible with the device, go to

www.garmin.com/bluetooth. Pairing Using the Phone Settings You can initiate pairing from your phone. Refer to your phone instructions. 1.

From the main menu of the nüvi, touch Tools > Settings > Bluetooth > Bluetooth > Enabled > Save. 2. Enable the Bluetooth component on your phone.

NOTE: This might be in a menu called Settings, Bluetooth, Connections, or Hands-free. 3. Search for Bluetooth devices using your phone. 4. Select the device from the list of devices. 5. Enter the device Bluetooth PIN (1234) into your phone.

About Pairing the Devices The first time you use two devices together, you must pair them by establishing a relationship using a PIN or passkey. The phone and the device must be turned on and be within 33 ft. (10 m) of each other. 32 nüvi 2200/2300/2400 Series Owner's Manual Hands-Free Phone Calls Pairing Using the Device Settings 1. From the main menu of the device, touch Tools > Settings > Bluetooth > Bluetooth > Enabled > Save. 2. Touch Add Phone > OK. 3. Enable the Bluetooth component on your phone. 4.

Enable Find Me/Discoverable/ Visible mode on your phone. NOTE: This might be in a menu called Settings, Bluetooth, Connections, or Hands-free. A prompt to pair the phone with your device appears on the phone. 5. Touch OK on the device.

6. Select your phone from the list of devices. 7. Touch OK. 8.

Enter the device Bluetooth PIN (1234) in your phone. nüvi 2200/2300/2400 Series Owner's Manual Tips After Pairing the Devices · After the initial pairing, the two devices can connect automatically each time you turn them on. · When your phone is connected to your device, you are ready to make phone calls. · When you turn on the device, it tries to connect to the last phone to which it was connected.

LMT 42 nüvi 2200/2300/2400 Series Owner's Manual Traffic Traffic Receiver Receiving Traffic Information When the receiver is within a traffic coverage area your device will begin displaying traffic information. The traffic receiver and the device must be in data range of an FM station transmitting traffic information. 1. Connect the traffic receiver to an external power source.

2. Connect the traffic receiver to the device. NOTE: Heated (metallized) windshields could degrade the performance of the traffic receiver. Mini-USB connector External antenna connector Internal antenna Power LED Vehicle power adapter nüvi 2200/2300/2400 Series Owner's Manual 43 Traffic About the Traffic Icon When you are receiving traffic information, a traffic icon appears on the map. The traffic icon changes color to indicate the severity of traffic conditions.

Color Severity Green Low Yellow Medium Meaning Traffic is flowing freely. Traffic is moving but there is a delay. There is moderate traffic congestion. Traffic is not moving or moving very slowly. There is a severe delay. Traffic information is not available. Traffic on Your Route When calculating your route, the device examines the current traffic and automatically optimizes the route for the shortest time. If a severe traffic delay occurs on your route while you are navigating, the device automatically recalculates the route. You might still be routed through traffic if no better alternative routes exist. Manually Avoiding Traffic on Your Route 1.

From the map, touch . 2. Touch Traffic On Route. 3. If necessary, use the arrows to view other traffic delays on your route. 4. Touch > Avoid. Red High Gray No data 44 nüvi 2200/2300/2400 Series Owner's Manual Traffic Viewing the Traffic Map The traffic map shows color-coded traffic flow and delays on nearby roads. 1. From the map, touch .

2. Touch Traffic Map to view the traffic incidents on a map. Searching for Traffic Delays 1. From the map page, touch . 2.

Touch Traffic Search to view a list of roads with traffic delays. 3. Select an item in the list to view delays on the road. 4. If there is more than one delay, use the arrows to view additional delays.

Adding a Subscription You can purchase traffic subscriptions for other regions or countries. 1. From the main menu, touch Tools > Settings > Traffic. 2. Select an option: · For non-North American units, touch Subscriptions >. · For North American units, touch . 3. Write down the FM traffic receiver unit ID. 4. Go to www.

garmin.com/fmtraffic to purchase a subscription and get a 25-character code. 5. Touch Next on the device. 6. Enter the code. 7. Touch Done. The traffic subscription code cannot be reused. You must obtain a new 45 nüvi 2200/2300/2400 Series Owner's Manual Traffic code each time you renew your service. If you own multiple FM traffic receivers, you must obtain a new code for each receiver. Viewing Offers < CAUTION Do not attempt to write down the coupon codes while driving. 1. Select an offer that appears on the screen to search for the nearest location related to that offer. 2.

If the offer includes an icon, touch the icon on the location map to receive a coupon code. 3. Write down this code and present it when you arrive at the location. Viewing an Offer List From the main menu, touch Tools > Offers. Disabling Traffic and Offers In order to disable offers, you must disable traffic. From the main menu, touch Tools > Settings > Traffic > Disabled. About Offers If your device package includes a traffic receiver, you will receive location-relevant offers and coupons. Ad-based traffic information is only available in North America. The traffic receiver must be connected to external power and you must be in a coverage area to receive ad-based traffic information. See our privacy statement at www.garmin.com/privacy/ for important privacy information. 46 nüvi 2200/2300/2400 Series Owner's Manual Data Management Data Management You can store files, such as JPEG image files, on your device. The device has a memory card slot for additional data storage. NOTE: The device is not compatible with Windows® 95, 98, Me, Windows NT®, and Mac® OS 10.

3 and earlier. About Memory Cards File Types You can purchase memory cards from an electronics supplier, or purchase pre-loaded Garmin mapping software (www.garmin.com/trip_planning). In addition to map and data storage, the memory card can be used to store files such as maps, images, geocaches, routes, waypoints, and custom POIs. The device supports microSDTM and microSDHC flash memory cards. Installing a Memory Card 1. Insert a memory card into the slot on the device. 2. Press it in until it clicks.

The device supports the following file types: · JPEG and JPG image files (page 39) · Maps and GPX waypoint files from MapSource® (page 63) · GPI custom POI files from Garmin POI Loader (page 63) Transferring Files To Your Computer 1. Connect the device to your computer (page 4). nüvi 2200/2300/2400 Series Owner's Manual 47 Data Management 2. 3. 4.

5. 6. Your device and memory card appear as removable drives in My Computer in Windows and as mounted volumes on Mac computers. NOTE: Some computers with multiple network drives cannot display nüvi drives. See your operating system Help file to learn how to map the drives.

Browse your computer for a file. Highlight the file. Click Edit > Copy. Open the "Garmin" or memory card drive or volume. Select Edit > Paste. The file appears in the list of files in the device memory or on the memory card. · For Windows computers, click the eject icon in your system tray. · For Mac computers, drag the volume icon to the Trash. 2. Disconnect the cable from your computer.

Deleting Files Notice If you do not know the purpose of a file, do not delete it. Your device memory contains important system files that should not be deleted.

1. Open the "Garmin" drive or volume. 2. If necessary, open a folder or volume. 3. Select a file. 4. Press the Delete key on your keyboard.

nüvi 2200/2300/2400 Series Owner's Manual Disconnecting the USB Cable 1. Complete an action. 48 Customizing the Device Customizing the Device 1. From the main menu, touch Tools > Settings. 2.

Select a setting category. 3. Select the setting to change it. System Settings From the main menu, touch Tools > Settings > System. · GPS Simulator--stops the device from receiving a GPS signal, and saves battery power.

· Units--allows you to change the units of measure for distance. · Time Format--allows you to select a 12-hour, 24-hour, or UTC display time. · Current Time--allows you to manually change the time. nüvi 2200/2300/2400 Series Owner's Manual · Safe Mode--disables all functions that require significant operator attention and could become a distraction while driving.

1. From the main menu, touch Tools > Settings > Bluetooth > Phone.

2. Select an option: · Select a phone for your device to connect with. · Touch to add a phone to the menu. · Touch to delete a phone from the device memory. · Touch None to drop your current connection. From the main menu, touch Tools > Settings > Traffic > Traffic > Enabled. About Traffic Subscriptions You can purchase additional subscriptions or a renewal if your subscription expires. Go to www.garmin.com/fmtraffic.

Viewing Traffic Subscriptions From the main menu, touch Tools > Settings > Traffic > Subscriptions. Restoring Settings Enabling Traffic The traffic receiver is included in some device packages. 1. From the main menu, touch Tools > Settings. 2. If necessary, select a settings category. 3. Select > Restore > Yes. 56
nüvi 2200/2300/2400 Series Owner's Manual Appendix Power Cables Your device can be powered three ways. · Vehicle power cable · USB cable (included with some models) · AC adapter (optional accessory) Caring for Your Device Notice Avoid dropping your device and operating it in high-shock and highvibration environments.

Do not expose the device to water. Contact with water can cause this device to malfunction. Do not store the device where prolonged exposure to extreme temperatures can occur, because it can cause permanent damage. Never use a hard or sharp object to operate the touchscreen, or damage may result. About GPS Satellite Signals The device must acquire satellite signals in order to navigate.

When the device has acquired satellite signals, the signal strength bars on the main menu are green. When it loses satellite signals, the bars turn red or clear. For more information about GPS, go to www.garmin.com/aboutGPS.

nüvi 2200/2300/2400 Series Owner's Manual 57 Appendix Cleaning the Outer Casing Notice Avoid chemical cleaners and solvents that can damage plastic components. 1. Clean the outer casing of the device (not the touchscreen) using a cloth dampened with a mild detergent solution. 2. Wipe the device dry.

Cleaning the Touchscreen 1. Use a soft, clean, lint-free cloth. 2. If necessary, use water, isopropyl alcohol, or eyeglass lens cleaner. 3.

Apply the liquid to the cloth. 4. Gently wipe the screen with the cloth. Avoiding Theft · Remove the device and mount from sight when not in use. · Remove the residue left on the windshield by the suction cup. · Do not keep your unit in the glove compartment. · Register your device at <http://my.garmin.com>. · Use the Garmin Lock™ feature (page 59).

58 nüvi 2200/2300/2400 Series Owner's Manual Appendix Locking the Device Garmin Lock is a theft-deterrent system that locks your device. Each time you turn on the device, you must enter the PIN or drive to the security location. 1. From the main menu, touch Tools > Settings > System > Garmin Lock > Lock Device > Enabled. 2.

Enter a 4-digit PIN twice. 3. Drive to a security location. 4. Touch Set.

Changing Your Garmin Lock PIN 1. From the Garmin Lock menu, touch Change PIN. 2. Enter a new 4-digit PIN twice. Changing Your Security Location 1. From the Garmin Lock menu, Security Location. 2. Drive to the new security location. 3. Touch Set.

About the Security Location Your security location should be a location you return to often, such as your home. If the device has satellite signals and you are at the security location, you do not need to enter the PIN. NOTE: If you forget your PIN and your security location, you must send your device to Garmin to get it unlocked. You must also send a valid product registration or proof of purchase. nüvi 2200/2300/2400 Series Owner's Manual 59 Appendix 1. Turn the device on. 2. Hold your finger on the lower right corner of the device screen. 3. Keep your finger pressed until the pop-up window appears.

4. Touch Yes to clear all user data. All original settings are restored. Any items that you have saved are erased. Maximizing the Battery Life · Press and quickly release the Power key to lock the screen.

· From the main menu, touch Tools > Settings > Display > Brightness to turn down the backlight. · Do not leave your device in direct sunlight. · Avoid prolonged exposure to excessive heat. 60 Erasing User Data Changing the Fuse in the Vehicle Power Cable Notice When replacing the fuse, do not lose any of the small pieces and make sure they are put back in the proper position. The vehicle power cable does not work unless it is assembled correctly.

If your device does not charge in your vehicle, you may need to replace the fuse located at the tip of the vehicle adapter. 1. Unscrew the end piece. TIP: You may need to use a coin to remove the end piece. 2. Remove the end piece, the silver tip, and the fuse (glass and silver cylinder). 3. Install an 1 A fast-blow fuse. nüvi 2200/2300/2400 Series Owner's Manual Appendix 4. Place the silver tip in the end piece.

5. Screw the end piece back into the vehicle power cable. Mounting on Your Dashboard Notice The permanent mounting adhesive is extremely difficult to remove after it is installed. Use the enclosed mounting disk to mount your device to the dashboard and comply with certain state regulations. 1. Clean and dry the dashboard where you are placing the disk. 2. Remove the backing from the adhesive on the bottom of the disk. 3. Place the disk on the dashboard.

nüvi 2200/2300/2400 Series Owner's Manual 4. Remove the clear plastic cover from the top of the disk. 5. Place the suction cup mount on top of the disk. 6. Flip the lever down (toward the disk). Removing the Device, Cradle, and Mount Removing the Device from the Cradle 1. Press up on the tab on the top of the cradle. 2. Tilt the device forward.

61 Appendix Removing the Cradle from the Mount 1. Turn the cradle to the right or left. 2. Apply pressure until the socket on the cradle releases the ball on the mount. Removing the Suction Cup Mount from the Windshield 1. Flip the lever on the suction cup mount toward you. 2. Pull the tab on the suction cup toward you. For a one-time payment, you can receive up to four map updates each year for the life of your device. For more information on nüMaps Lifetime and complete terms and conditions, go to www.garmin.com.

and click on Maps. Some models include subscriptions nüMaps Lifetime. LM This model includes a nüMaps Lifetime subscription. LMT This model includes a lifetime traffic subscription, nüMaps Lifetime subscription, and a traffic receiver. About nüMaps Lifetime 62 nüvi 2200/2300/2400 Series Owner's Manual Appendix Purchasing Additional Maps 1. Go to your device product page on the Garmin Web site (www.garmin.com). 2.

Click the Maps tab. 3. Follow the on-screen instructions. Installing a POI Loader You can create or download custom POI lists and install them on your device using POI Loader software.
