63 Index 65 nüvi 2405/2505 Series Owner's Manual iii Getting Started WARNING See the Important Safety and Product Information guide in the product box for product warnings and other important information. Connecting the Device to Vehicle Power WARNING This product contains a lithium-ion battery. To prevent the possibility of personal injury or product damage caused by battery exposure to extreme heat, remove the device from the vehicle when exiting or store it out of direct sunlight. 1 Connect the device to vehicle power (page 1). 2 Mount the device (page 1). 3 Register the device (page 3). 4 Check for updates. · Software updates (page 3). · Free map update (page 3).

Before you use your device on battery power, you should charge it. 1 Plug the vehicle power cable into the USB port on the device. 2 Snap the mount onto the suction cup. 3 Press the suction cup to the windshield, and flip the lever back toward the windshield. 4 Fit the bottom of your device into the mount.

5 Tilt your device back until it snaps into place. 1 nüvi 2405/2505 Series Owner's Manual About myDashboard Use myDashboard to register your device, check for software and map updates, access product manuals and support, and more. Setting Up myDashboard 1 Connect the USB cable to the USB port on the device. 6 Plug the other end of the vehicle power 7 If necessary, connect the external antenna to the traffic receiver and secure it to the windshield using the suction cups. cable into a power outlet in your vehicle.

2 Connect the USB cable to the USB port on your computer. 3 Go to www.garmin.com/dashboard. 4 Follow the on-screen instructions. 2 nüvi 2405/2505 Series Owner's Manual Registering the Device 1 Open myDashboard (page 2). 2 Follow the on-screen instructions. Updating the Software 1 Open myDashboard (page 2). 2 Under Software Updates, click Update Now. 3 Follow the on-screen instructions.

If you register through myDashboard, your device could be eligible for one free map update within 90 days of first acquiring satellites while you drive. Go to www.garmin.com/numaps for details and terms and conditions. Updating Maps 1 Open myDashboard (page 2). 2 Register the device (page 3). 3 Under Map Updates, click Update Now. 4 Follow the on-screen instructions. Turning Off the Device You can power off the device completely. 1 Hold the Power key for 3 seconds.

nüMaps Guarantee TM NOTE: If you hold the Power key for less than 3 seconds, the device enters sleep mode (page 4). 2 Select Off. nüvi 2405/2505 Series Owner's Manual 3 Resetting the Device You can reset your device if it stops functioning. Hold the Power key for 10 seconds. Adjusting the Screen Brightness 1 Select Settings > Display > Brightness.

2 Use the slider bar to adjust the brightness. About Sleep Mode Use sleep mode to conserve battery power when your device is not in use. Sleep mode uses very little power, and a battery charge lasts for weeks when your device is in sleep mode. Adjusting the Volume 1 Select Volume. 2 Select an option: · · · Use the slider bar to adjust the volume.

Select to mute the device. Select > Audio Mixer and use the slider bars to adjust the volume for navigation prompts, phone, and media. Entering Sleep Mode Exiting Sleep Mode Press the Power key. While the device is in sleep mode, Press the power key and double-tap. 4 nüvi 2405/2505 Series Owner's Manual About Automatic Volume NOTE: Automatic volume is not available on all models. Your device can increase or decrease the volume automatically based on the level of background noise. Status Bar Icons The status bar is located at the top of the main menu. The status bar icons display information about features on the device. You can select some icons to change settings or view additional information. GPS signal status.

Bluetooth® technology status (appears when Bluetooth is enabled). See (page 31) Transportation mode indicator. Current time. Battery status. Enabling Automatic Volume 1 Select Volume > > Automatic Volume. 2 Select Enabled. nüvi 2405/2505 Series Owner's Manual 5 After the device is turned on, it begins acquiring satellite signals. The device may need a clear view of the sky to acquire satellite signals. When at least one of the bars is green, your device has acquired satellite signals. For more information about GPS, go to www.garmin.com.

garmin.com/aboutGPS. Satellite Signals Transportation Modes Automobile mode Pedestrian mode Viewing GPS Signal Status Hold for three seconds. Routing and navigation are calculated differently based on your transportation mode. For example, in Automobile mode, the estimated time of arrival is calculated using the speed limit of the roads on the route.

Pedestrian mode calculates time of arrival based on walking speed. NOTE: Pedestrian routes do not include highways. If you have cityXplorer™ maps loaded on your device, pedestrian routes may include public transit (page 29). Choosing a Transportation Mode Select or . 6 nüvi 2405/2505 Series Owner's Manual After the device is connected to power, it begins to charge.

in the status bar indicates the status of the internal battery. To increase the accuracy of the battery gauge, you should fully discharge the battery and then fully charge it. Do not unplug the device until it is fully charged. Battery Information Using the On-screen Keyboard Using the On-screen Buttons Select to return to the previous screen. Hold to quickly return to the main menu. Select or to see more choices. Hold or to scroll faster. Select to see a menu of options for the current screen. See "Language and Keyboard Settings" to change the keyboard layout (page 56). . Select a character on the keyboard to enter a letter or number.

. Select to add a space. . Select to delete an entry. . Select to delete a character. . Select to select the keyboard language mode. . Select to enter special characters, such as punctuation marks. . Select to change character capitalization. nüvi 2405/2505 Series Owner's Manual 7 About Shortcuts You can add shortcuts to the Where To? menu. A shortcut can point to a location;. 3 Select the stars to rate the point of interest. nüvi 2405/2505 Series Owner's Manual NOTE: The order of the steps may change depending on the map data loaded on your device.

1 Select Where To? > Address. 2 Enter information as prompted by the onscreen instructions. 3 If necessary, select Searching Near, and enter a different city or postal code. 11 4 If necessary, select the address. Finding a City 5 Enter the second street name, and select Next.

6 If necessary, select the street. 7 If necessary, select the intersection. Before you can find a city, you must add the city search tool to the Where To? menu (page 8). 1 Select Where To? > Cities. 2 Select Enter Search.

. 3 Enter a city name, and select 4 Select a city. Finding a Location Using Coordinates Finding an Intersection Before you can find an intersection, you must add a shortcut to the intersection search tool (page 8). 1 Select Where To? > Intersections. 2 Select a state or province. NOTE: If necessary, select State or Country to change the country, state, or province. 3 Enter the first street name, and select Next. 4 If necessary, select the street. 12 You can find a location using latitude and longitude coordinates. This method can be helpful when geocaching.

1 Select Where To? > Categories > Coordinates. 2 If necessary, select > Format, select the correct coordinate format for the type of map you are using, and select Save. 3 Select the latitude coordinate. 4 Enter the new coordinate, and select Done. 5 Select the longitude coordinate. 6 Enter the new coordinate, and select Done. 7 Select View on Map. nüvi 2405/2505 Series Owner's Manual Finding a Location by Browsing the Map Before you can find places included in the map data, such as restaurants, hospitals, and fuel stations, you must enable the map layer for places along the road (page 25). 1 Select View Map. 2 Select the screen.

3 Drag and zoom the map to display the area to search. Location markers appear on the map for places along the road. 4 If necessary, select , and select a category icon to view only a specific category of places. 5 Select an option: . Select a location marker. . Select a point, such as a street, intersection, or address location.

nüvi 2405/2505 Series Owner's Manual 6 If necessary, select the location description Finding a Location Using Quick Search After you have performed a search for a point of interest, certain categories may display a Quick Search list that displays the last four destinations you selected. 1 Select Where To?. 2 Select a category, or select Categories. 3 If applicable, select a destination from the Quick Search list. 4 If necessary, select the appropriate destination. to view additional information. 13 Saving a Home Location You can set your home location for the location you return to most often. 1 Select Where To? > > Set Home Location. 2 Select Enter My Address, Use My Current Location, or Recently Found. The location is saved as "Home" in the Saved folder (page 16). Going Home Select Where To? > Go Home. Editing Your Home Location Information 1 Select Where To? > Saved > Home. 2 Select > Edit. 3 Enter your changes. 4 Select Done.

Finding Recently Found Places Your device stores the last 50 locations you have found. 1 Select Where To? > Recent. 2 Select a location. Clearing the List of Recently Found Places Select Where To? > Recent > > Clear > Yes. Finding Parking You can find detailed parking information and pricing information. 1 Select Where To? > Categories > Parking. 2 Select an option. 3 Select a parking location. 14 nüvi 2405/2505 Series Owner's Manual Using Photo Navigation You can upload pictures onto your device or memory card that include location information and create routes to the pictured locations. 1 Connect your device to your computer (page 51).

2 Go to <http://connect.garmin.com/photos>. 3 Follow the instructions on the Web site to select and load pictures. 4 Disconnect the device from the computer. 5 Turn on the device. 6 From the main menu, select Where To? > Saved > Photos. A list of pictures with location information appears. 7 Select a picture. Setting a Simulated Location If you are indoors or not receiving satellite signals, you can use the GPS to set a simulated location.

1 Select Settings > Navigation. 2 Select GPS Simulator. 3 Select View Map. 4 Select an area on the map. The address of the location appears at the bottom of the screen. 5 Select the address. 6 Select Set Location. nüvi 2405/2505 Series Owner's Manual 15 Saving Locations You can save locations so you can quickly find them and create routes to them. Saving a Location 1 Find a location (page 9). 2 Select a location from the list.

3 Select . 4 Select > Save. 5 If necessary, enter a name, and select Done. Saving Your Current Location 1 From the map, select the vehicle icon. 2 Select Save. 3 Enter a name, and select Done. 4 Select OK. Starting a Route to a Saved Location 1 Select Where To? > Saved. 2 If necessary, select a category, or select All 3 Select a location.

4 Select Go!.

Categories. 16 nüvi 2405/2505 Series Owner's Manual Editing a Saved Location 1 Select Where To? > Saved. 2 If necessary, select a category. 3 Select a location. 4 Select .

5 Select > Edit. 6 Select an option: . . . Assigning Categories to a Saved Location Select Name. Select Phone Number. To assign categories to the Favorite, select Categories. . To save a photo with the Favorite, select Assign Photo (page 42).

. To change the symbol used to mark the Favorite on a map, select Change Map Symbol. 7 Edit the information. 8 Select Done. nüvi 2405/2505 Series Owner's Manual You can add custom categories to organize your saved locations. NOTE: Categories appear in the saved locations menu after you have saved more than 12 locations. 1 Select Where To? > Saved. 2 Select a location. 3 Select . 4 Select > Edit > Categories. 5 Enter one or more category names, separated by commas.

Suggested categories appear below the text bar as you type. You can select a suggested word to use the suggestion. 6 Select Done. 17 Deleting a Saved Location NOTE: Deleted locations cannot be recovered. 1 Select Where To? > Saved. 2 Select > Delete Saved Places. 3 Select the box next to the saved locations to delete, and select Delete. Setting your Wakeup Phrase Voice Command About Voice Commands NOTE: Voice Command is not available on all models, or for all languages and regions. Voice Command allows you to use your device by saying words and commands. The Voice Command menu provides voice prompts and a list of available commands.

The wakeup phrase is a word or phrase you can say to activate Voice Command. The default wakeup phrase is Voice Command. TIP: You can reduce the chance of accidental Voice Command activation by using a strong wakeup phrase. 1 Select Apps > Voice Command > Customize Phrase. 2 Enter a new wakeup phrase.

The device indicates the strength of the wakeup phrase as you enter the phrase. 3 Select Done. Activating Voice Command Say your wakeup phrase. The Voice Command menu appears. 18 nüvi 2405/2505 Series Owner's Manual Voice Command Tips Speak in a normal voice directed at the device. Reduce background noise, such as voices or the radio, to increase the accuracy of the voice recognition. Speak commands as they appear on the screen.

Respond to voice prompts from the device as needed. Increase the length of your wakeup phrase to reduce the chance of accidental Voice Command activation. 3 Listen for the voice prompt, and speak the name of the location. A list of locations appears. Starting a Route Using Voice Command You can say the names of popular, well-known locations. 1 Say your wakeup phrase. 2 Say Find Place. nüvi 2405/2505 Series Owner's Manual 4 Say the line number.

19 Muting Instructions You can disable the voice prompts for Voice Command without muting the device. 1 Select Apps > Voice Command > . 2 Select Mute Instructions > Enabled. 5 Say Navigate. Finding an Address 1 Say Voice Command. 2 Say Find Address. 3 Speak the entire address. Disabling Voice Command You can disable Voice Command, which prevents you from accidentally activating Voice Command while speaking. 1 Select Apps > Voice Command > . 2 Select Voice Command > Disabled.

20 nüvi 2405/2505 Series Owner's Manual Navigation Starting a Route 1 2 3 4 Search for a location (page 8). Select a location. Select Go!. If necessary, select an option. . Select Drive.

. Select Walk. . Select Public Transit to calculate a route that combines public transit and walking. NOTE: You must have cityXplorer™ maps loaded to navigate using public transit (page 29). 5 If necessary, select a route. Starting a Route to a Saved Location 1 Select Where To? > Saved.

2 If necessary, select a category, or select All 3 Select a location. 4 Select Go!. Using Multiple Route Preview 1 Search for a location. 2 Select a location. 3 Select Routes and, if necessary, select Categories. Drive (page 9). A map appears with Faster Time, Shorter Distance, and Less Fuel routes highlighted. 4 Use the on-screen buttons to select a route 5 Select Go!. nüvi 2405/2505 Series Owner's Manual 21 Following an Automobile Route Using the Automobile Navigation Map The route is marked with a magenta line. A checkered flag marks your destination.

As you travel, the device guides you to the destination with voice prompts, arrows on the map, and directions at the top of the map. If you depart from the original route, the device recalculates the route and provides new directions. While navigating in Automobile mode, you can select map features. 1 Select the map. Map icons appear. 2 Select an option: . To view different parts of the map, drag the screen. . To zoom in and out, select or . . To rotate the map view, select . . To switch from North Up to 3D view, select . . To add or remove map layers, select .

22 nüvi 2405/2505 Series Owner's Manual Adding a Point to a Route Before you can add a stop to a route, you must be navigating a route in Automobile mode. 1 While navigating a route, select to return to the main menu. 2 Select Where To?. 3 Search for the location (page 9). 4 Select Go!.

5 Select Add to Active Route. Stopping the Route From the map, select > . About Exit Services While you navigate a route, you can find gas, food, lodging, and restrooms near upcoming exits. Services are listed under tabs by category. Taking a Detour While navigating an automobile route, you can use detours to avoid obstacles ahead of you, such as construction zones.

NOTE: If the route you are currently navigating is the only reasonable option, your device might not calculate a detour. From the map, select > Detour. Navigating to an Exit > Exit Services. 1 From the map, select 2 Use and to select an exit. > Go!. 3 Select Finding Exit Services > Exit Services. 1 From the map, select 2 Use and to select an upcoming exit. 3 Select an exit service tab. . To view nearby gas stations, select . 23 nüvi 2405/2505 Series Owner's Manual . To view nearby restaurants, select .

. To view nearby lodging, select . . To view nearby restrooms, select . 4 Select a point of interest. Navigating Off Road Avoiding Road Features 1 Select Settings > Navigation > Avoidances. 2 Select the road features to avoid on your routes, and select Save. If you are not following roadways as you navigate, you can use Off Road mode. 1 Select Settings > Navigation. 2 Select Calculation Mode > Off Road > Save. The route will be calculated as a straight line to the location. Avoiding Transit Types NOTE: Transit types are available when cityXplorer maps are loaded (page 29).

1 Select Settings > Navigation > Public Transit.

2 Select the transit type to avoid on your routes. 3 Select Save. 24 *nüvi 2405/2505 Series Owner's Manual Map Pages Customizing the Map Customizing the Map Layers* You can customize which data appear on the map, such as icons for points of interest and road conditions. 1 From the map, select . 2 Select Map Layers. 3 Select which layers you want to include on the map, and select Save. Viewing the Trip Log Your device keeps a trip log, which is a record of the path you have traveled. 1 Select Settings > Map and Vehicle > Map Layers. 2 Select the Trip Log check box.

nüvi 2405/2505 Series Owner's Manual Changing the Map Data Field 1 From the map, select the data field in the lower left-hand corner. 2 Select a type of data to display. 3 Select Save. Changing the Map Perspective 1 Select Settings > Map and Vehicle > 2 Select an option: . . . Driving Map View. Select Track Up to display the map in two dimensions (2-D), with your direction of travel at the top. Select North Up to display the map in 2-D with North at the top. Select 3-D to display the map in three dimensions. 25 *Changing the Tools on the Map* Map tools appear as buttons on the map, which provide quick access to device functions. For example, you can add a button to take a detour, adjust the brightness, or view exit services. You can select up to three tools to display on the map.

1 From the main menu, select Settings > Map and Vehicle > Map Buttons. 2 Select an option: . To add a tool, select , and select a tool. . To remove a tool, select the tool, and select Remove. . To reset to the default tools, select Reset to Defaults. 3 Select Save. Changing the Map Dashboard 1 Select Settings > Map and Vehicle > Dashboards. 2 Use the arrows to select a dashboard. 3 Select Save. Viewing Turns Viewing a List of Turns When you are navigating a route, you can view all of the turns and maneuvers for your entire route and the distance between turns. 1 Select the text bar on the top of the map. 2 Select a turn. 26 *nüvi 2405/2505 Series Owner's Manual The details for the turn appear. If available, an image of the junction appears for junctions on major roadways.* 1 While navigating an automobile route, select the navigation bar at the top of the map. 2 Select > Map.

Viewing the Entire Route on the Map Viewing Junctions Viewing the Next Turn While navigating an automobile route, a preview of the next turn, lane change, or other maneuver appears in the upper-left corner of the map. The preview includes the distance to the turn or maneuver and the lane in which you should be traveling, if available. From the map, select to view the next turn on the map. While navigating an automobile route, you can view the junctions on major roadways. When you approach a junction in a route, the image of that junction appears briefly, if available.

From the map, select to view the junction, if available. *nüvi 2405/2505 Series Owner's Manual 27 Viewing Traffic Alerts* While you navigate an automobile route, a traffic alert may appear in the navigation bar. Select the alert to view more information. Viewing Trip Information The trip information page displays your present speed and provides statistics about your trip. TIP: If you make frequent stops, leave the device turned on so it can accurately measure elapsed time during the trip. From the map, select > Trip Computer. Resetting Trip Information 1 From the map, select Speed > . 2 Select an option: . When not navigating a route, select Reset All to reset every data field, except the speedometer, on the page. . Select Reset Trip Data to reset the information on the trip computer. . Select Reset Max Speed to reset the maximum speed.

. Select Reset Trip B to reset the odometer. 28 *nüvi 2405/2505 Series Owner's Manual Pedestrian Routes Following a Pedestrian Route* In Pedestrian mode, your route is displayed on a two-dimensional map. When you are navigating in Pedestrian mode, indicates your approximate position and your direction of travel on the map. The circle around indicates the accuracy of your position on the map. A smaller circle means the displayed position is more accurate. If you have cityXplorer maps installed, the device calculates a route that uses a combination of public transit options, such as riding a bus or subway, and walking. NOTE: cityXplorer maps are not included with the device. See <http://my.garmin.com> to purchase cityXplorer maps.

The yellow icons indicate the navigation method used in each section of the route. For example, when you see , board a bus at that point in the route. 29 About the Pedestrian Position Icon Public Transit Options Select to switch between sections of the route. Select to view the route itinerary. Select to center the map on your current location.

Select to zoom in and zoom out. *nüvi 2405/2505 Series Owner's Manual The black dots on the map are public transit stops along your route. NOTE: You can change the types of public transit and limit the distance spent walking during a pedestrian route (page 53).* Viewing Current Location Information Enabling Transit Types NOTE: Transit types are available when cityXplorer maps are loaded (page 29). 1 Select Settings > Navigation > Public Transit. 2 Select the transit type to include in your routes, and select Save. Use the Where Am I? page to view information about your current location. This feature is helpful if you need to tell emergency personnel your location. From the map, select > Where Am I?. Finding Nearby Services 1 From the map, select > Where Am I?. 2 Select Hospitals, Police Stations, or Fuel to view the nearest locations in that category. 30 *nüvi 2405/2505 Series Owner's Manual Hands-Free Phone Calls Using Bluetooth® wireless technology, your device can connect to your mobile phone to become a hands-free device. To determine whether your mobile phone with Bluetooth technology is compatible with your device, go to www.garmin.com/bluetooth.*

Your phone may not support all of the handsfree phone features your device provides. Pairing Your Phone About Hands-Free Calling Enabling Bluetooth Wireless Technology 1 Select Settings > Bluetooth. 2 Select Bluetooth. Before you can use hands-free calling, you must pair your device with a compatible mobile phone. Pairing your phone with your device allows your phone and device to recognize each other and connect quickly. 1 Place your phone and your device within 33 ft. (10 m) of each other. 2 On your device, enable Bluetooth wireless technology (page 31). 3 Select an option: . Select Add Phone. . If you have already paired a different phone, select Phone > .

4 On your phone, enable Bluetooth wireless technology. 5 On your device, select OK. A list of nearby Bluetooth devices appears.

NOTE: Changing the text language does not change the language of user-entered data or map data, such as street names. · Keyboard Language--sets the language for your keyboard.

nüvi 2405/2505 Series Owner's Manual 56 · Keyboard Layout--sets the keyboard layout. · · Proximity Alerts Settings Select Settings > Proximity Alerts. · Audio--sets the tone of an alert. · Alerts--alerts you when you approach custom safety cameras. Keep Travel History--allows the device to record information for the, Where I've Been (page 42), and Trip Log (page 25) features. Clear Travel History Restoring Settings Device Settings Select Settings > Device. · About--displays the software version number, the unit ID number, and information about other software features. · EULAs--displays the end-user license agreements that apply to your choice. NOTE: You need this information when you update the system software or purchase additional map data (page 62). nüvi 2405/2505 Series Owner's Manual You can restore a category of settings or all settings to the factory defaults.

1 Select Settings. 2 If necessary, select a settings category. 3 Select > Restore. 57 Appendix Power Cables Your device can be powered three ways. · Vehicle power cable · USB cable · AC adapter (optional accessory) Never use a hard or sharp object to operate the touchscreen, or damage may result. Cleaning the Outer Casing NOTICE Avoid chemical cleaners and solvents that can damage plastic components. 1 Clean the outer casing of the device (not the touchscreen) using a cloth dampened with a mild detergent solution. 2 Wipe the device dry. Caring for Your Device NOTICE Avoid dropping your device and operating it in high-shock and high-vibration environments. Do not expose the device to water.

Contact with water can cause this device to malfunction. Do not store the device where prolonged exposure to extreme temperatures can occur, because it can cause permanent damage. 58 Cleaning the Touchscreen 1 Use a soft, clean, lint-free cloth. 2 If necessary, use water, isopropyl alcohol, or eyeglass lens cleaner. 3 Apply the liquid to the cloth. 4 Gently wipe the screen with the cloth. nüvi 2405/2505 Series Owner's Manual Avoiding Theft · · · All original settings are restored. Remove the device and mount from sight when not in use. Remove the residue left on the windshield by the suction cup. Do not keep your unit in the glove compartment.

Register your device at <http://my.garmin.com>. Extending the Battery Life · · · · · Erasing User Data NOTE: Any items that you have saved are erased. 1 Turn the device on. 2 Hold your finger on the lower-right corner of the device screen. 3 Keep your finger pressed until the pop-up window appears. 4 Select Yes to clear all user data. nüvi 2405/2505 Series Owner's Manual Keep your device away from extreme temperatures. Put the device in sleep mode (page 4). Decrease the screen brightness (page 4). Do not leave your device in direct sunlight. Decrease the volume (page 4). Disable offers and traffic (page 44). Disable Bluetooth (page 55).

Shorten the display timeout time (page 54). 59 Changing the Fuse in the Vehicle Power Cable NOTICE When replacing the fuse, do not lose any of the small pieces and make sure they are put back in the proper position. The vehicle power cable does not work unless it is assembled correctly. If your device does not charge in your vehicle, you may need to replace the fuse located at the tip of the vehicle adapter.

[You're reading an excerpt. Click here to read official GARMIN NÜVI 2595LMT user guide](http://yourpdfguides.com/dref/5446588)
<http://yourpdfguides.com/dref/5446588>

NOTE: The required fuse for your cable is listed after "output" on the back of the vehicle power adapter.

4 Place the silver tip in the end piece. 5 Screw the end piece back into the vehicle power cable. Mounting on Your Dashboard NOTICE The permanent mounting adhesive is extremely difficult to remove after it is installed. Use the enclosed mounting disk to mount your device to the dashboard and comply with certain state regulations. 1 Clean and dry the dashboard where you are placing the disk. 2 Remove the backing from the adhesive on the bottom of the disk. 3 Place the disk on the dashboard. nüvi 2405/2505 Series Owner's Manual 1 Unscrew the end piece . TIP: You may need to use a coin to remove the end piece. 2 Remove the end piece, the silver tip , and the fuse (glass and silver cylinder) .

3 Install a 1 A or 2 A fast-blow fuse. 60 4 Remove the clear plastic cover from the top of the disk. 5 Place the suction cup mount on top of the disk. 6 Flip the lever down (toward the disk). Removing the Suction Cup Mount from the Windshield 1 Flip the lever on the suction cup mount 2 Pull the tab on the suction cup toward you. You can update the maps on your device. For more information, go to www.garmin.com/mapupdates, and select Map Update User Guide. toward you.

Removing the Device, Cradle, and Mount Removing the Device from the Cradle 1 Press up on the tab on the top of the cradle. 2 Tilt the device forward. Removing the Cradle from the Mount 1 Turn the cradle to the right or left. 2 Apply pressure until the socket on the cradle releases the ball on the mount. Updating Maps About nüMaps Lifetime Some models include subscriptions to nüMaps Lifetime, which provides quarterly map updates for the life of your device.

Go to www.garmin.com/us/maps/numaps_lifetime for terms and conditions. nüvi 2405/2505 Series Owner's Manual 61 LM LMT This model includes a nüMaps Lifetime subscription. This model includes a lifetime traffic subscription, nüMaps Lifetime subscription, and a traffic receiver.

Installing a POI Loader Purchasing Additional Maps You can create or download custom POI lists and install them on your device using POI Loader software. 1 Go to www.garmin.com/extras. 2 Click Services > POI Loader. 3 Install the POI Loader onto your computer. 1 Go to your device product page on the Garmin Web site (www.garmin.com). 2 Click the Maps tab.

3 Follow the on-screen instructions. Using the POI Loader Help Files For more information on the POI Loader, refer to the help file. With the POI Loader open, click Help. Custom Points of Interest Custom POIs are customized points on the map. They can contain alerts that let you know if you are near a designated point or if you are traveling faster than a specified speed. Finding Extras 1 Select Where To? > Extras. 2 Select a category. Purchasing Accessories Go to <http://buy.garmin.com>.

nüvi 2405/2505 Series Owner's Manual 62 Troubleshooting Problem Solution My device is not acquiring · Verify the GPS simulator is turned off (page 53).
