... 61 Index 63 nüvi 3400 Series Owner's Manual v Getting Started **WARNING** See the Important Safety and Product Information guide in the product box for product warnings and other important information. **Connecting the Device to Vehicle Power** **WARNING** This product contains a lithium-ion battery. To prevent the possibility of personal injury or product damage caused by battery exposure to extreme heat, remove the device from the vehicle when exiting or store it out of direct sunlight. 1 Connect the device to vehicle power (page 1). 2 Mount the device (page 1). 3 Register the device (page 2). 4 Check for updates.

· Software updates (page 3). · Free map update (page 3). Before you use your device on battery power, you should charge it. 1 Plug the vehicle power cable into the USB port on the device. nüvi 3400 Series Owner's Manual 1 About myDashboard Use myDashboard to register your device, check for software and map updates, access product manuals and support, and more.

Setting Up myDashboard 1 Connect the USB cable to the USB port on 2 Connect the USB cable to the USB port on 3 Go to www.garmin.com/dashboard. 4 Follow the on-screen instructions. Registering the Device 1 From myDashboard, click Register Now.

2 Follow on-screen instructions. your computer. the device. 2 Snap the mount onto the suction cup . 3 Press the suction cup to the windshield, and flip the lever back toward the windshield. 4 Fit the bottom of your device into the mount. 5 Tilt your device back until it snaps into place. 6 Plug the other end of the vehicle power 7 If necessary, connect the external antenna to the traffic receiver and secure it to the windshield using the suction cups. cable into a power outlet in your vehicle. 2 nüvi 3400 Series Owner's Manual Updating the Software 1 Open myDashboard (page 2).

2 Under Software Updates, click Update Now. 3 Follow the on-screen instructions. nüMaps Guarantee™ If you register through myDashboard, your device is eligible for one free map update within 90 days of acquiring satellites while you drive. Go to www.garmin.com/numaps. Turning Off the Device You can power off the device completely. 1 Hold the Power key for 3 seconds. **NOTE:** If you hold the Power key for less than 4 seconds, the device enters sleep mode. 2 Select Off.

Updating Maps 1 Open myDashboard (page 2). 2 Register the device (page 2). 3 Under Map Updates, click Update Now. 4 Follow the on-screen instructions. Resetting the Device You can reset your device if it stops functioning Hold the Power key for 10 seconds.

nüvi 3400 Series Owner's Manual 3 About Sleep Mode Use sleep mode to conserve battery power when your device is not in use. Sleep mode uses very little power, and a battery charge lasts for weeks when your device is in sleep mode. Adjusting the Volume 1 Select Volume. 2 Select an option: . . . Use the slider bar to adjust the volume. Select to mute the device.

Select > Audio Mixer and use the slider bars to adjust the volume for navigation prompts, phone, and media. Entering Sleep Mode Exiting Sleep Mode Press the Power key. While the device is in sleep mode, press the Power key and double-tap . About Automatic Volume Adjusting the Screen Brightness 1 Select Settings > Display > Brightness. 2 Use the slider bar to adjust the brightness. Automatic volume allows the device to adjust the volume level based on the background noise in the vehicle. Automatic volume control lowers the volume of the device when background noise is low and raises the volume level when background noise increases. 4 nüvi 3400 Series Owner's Manual Enabling Automatic Volume Your device can increase or decrease the volume automatically based on the level of background noise. 1 Select Volume > > Automatic Volume. 2 Select Enabled > Save.

GPS signal status. Bluetooth® technology status (appears when connected to a compatible device). Transportation mode indicator. Current time. Battery status. Status Bar Icons The status bar is located at the top of the main menu. The status bar icons display information about features on the device. You can select some icons to change settings or view additional information. After the device is turned on, it begins acquiring satellite signals. The device may need a clear view of the sky to acquire satellite signals.

When at least one of the bars is green, your device has acquired satellite signals.

Satellite Signals Viewing GPS Satellite Signals For more information about GPS, go to www.garmin.com/aboutGPS. Hold .

nuvi 3400 Series Owner's Manual 5 Transportation Modes Automobile mode Pedestrian mode Routing and navigation are calculated differently based on your transportation mode. For example, in Automobile mode, the estimated time of arrival is calculated using the speed limit of the roads on the route.

Pedestrian mode calculates time of arrival based on walking speed. NOTE: Pedestrian routes do not include highways. If you have cityXplorer™ maps loaded on your device, pedestrian routes may include public transit (page 30).

Choosing a Transportation Mode Select . 6 After the device is connected to power, it begins to charge. The icon in the status bar indicates the status of the internal battery. To increase the accuracy of the battery gauge, you should fully discharge the battery and then fully charge it. Do not unplug the device until it is fully charged. Battery Information Using the On-screen Buttons Select to return to the main menu. Hold to quickly return to the main menu. Select or to see more choices. Hold or to scroll faster. Select to see a menu of options for the current screen.

nuvi 3400 Series Owner's Manual See "Language and Keyboard Settings" to change the keyboard layout (page 54). Select a character on the keyboard to enter a letter or number. . Select to add a space. . Hold to delete a character. . Select to erase the entire entry. . Select to select the keyboard language mode. . Select to enter special characters, such as punctuation marks. . Select to change character capitalization. Using the On-screen Keyboard About Shortcuts You can add shortcuts to the Where To? menu. A shortcut can point to a location, a category, or a search tool.

. Adding a Shortcut Icon The Whcut to the address search tool (page 7). NOTE: The order of the steps may change depending on the map data loaded on your device. 1 Select Where To? > Address. 2 Enter the address number, and select Next.

3 Enter the street name, and select Next. 4 If necessary, select Searching In to change the city, state, or province. nuvi 3400 Series Owner's Manual Before you can find an intersection, you must add a shortcut to the intersection search tool (page 7). 1 Select Where To? > Intersections. 2 Select a state or province.

NOTE: If necessary, select State or Country to change the country, state, or province. 3 Enter the first street name, and select Next. 4 If necessary, select the street. 5 Enter the second street name, and select Next. 6 If necessary, select the street. 7 If necessary, select the intersection. 11 Finding a City Before you can find a city, you must add a shortcut to the cities search tool (page 7). 1 Select Where To? > Cities. 2 If necessary, enter a city name in search bar and select . 3 If necessary, select a city from the list.

4 5 6 7 Enter the new coordinate, and select Done. Select the longitude coordinate. Enter the new coordinate, and select Done. Select View on Map. Finding a Location by Browsing the Map Before you can find places included in the map data, such as restaurants, hospitals, and fuel stations, you must enable the map layer for places along the road (page 25). 1 Select View Map. 2 Drag and zoom the map to display the area to search. Location markers appear on the map for places along the road. 3 If necessary, select , and select a category icon to view only a specific category of places. 4 Select an option: Finding a Location

Using Coordinates Before you can find a location using coordinates, you must add a shortcut to the coordinates search tool (page 7). You can find a location using latitude and longitude coordinates. This can be helpful when geocaching. 1 Select Where To? > Coordinates. 2 If necessary, select > Format, select the correct coordinate format for the type of map you are using, and select Save. 3 Select the latitude coordinate.

12 nuvi 3400 Series Owner's Manual Select a location marker. Select a point, such as a street, intersection, or address location. 5 If necessary, select the location description to view additional information. . . Saving a Home Location Finding a Location Using Quick Search After you have performed a search for a point of interest, certain categories may display a Quick Search list that displays the last four destinations you selected. 1 Select Where To?.

2 Select a category, or select Categories. 3 If applicable, select a destination from the Quick Search list. 4 If necessary, select the appropriate destination. You can set your home location for the location you return to most often. 1 Select Where To? > > Set Home Location. 2 Select Enter My Address, Use My Current Location, or Recently Found. The location is saved as "Home" in the Saved folder (page 14). Going Home Select Where To? > Go Home. Editing Your Home Location Information 1 Select Where To? > Saved > Home. 2 Select > Edit.

3 Enter your changes. 4 Select Done. nuvi 3400 Series Owner's Manual 13 Finding Recently Found Places Your device stores the last 50 locations you have found. 1 Select Where To? > Recent. 2 Select a location. 2 Select GPS Simulator. 3 Select View Map. 4 Select an area on the map. Clearing the List of Recently Found Places Select Where To? > Recent > > Yes. The address of the location appears at the bottom of the screen.

5 Select the address. 6 Select Set Location. > Clear Saving Locations Finding Parking You can save locations so you can quickly find them and create routes to them. 1 Select Where To? > Categories > Parking. 2 Select a parking location. Setting a Simulated Location If you are indoors or not receiving satellite signals, you can use the GPS to set a simulated location. 1 Select Settings > Navigation. 14 Saving a Location 1 Find a location (page 8). 2 Select a location from the list. 3 Select .

4 Select > Save. 5 If necessary, enter a name, and select Done. nuvi 3400 Series Owner's Manual Saving Your Current Location 1 From the map, select the vehicle icon. 2 Select Save. 3 Enter a name, and select Done. 4 Select OK. Starting a Route to a Saved Location 1 Select Where To? > Saved. 2 If necessary, select a category, or select All 3 Select a location. 4 Select Go! Categories. Editing a Saved Location 1 Select Where To? > Saved.

2 If necessary, select a category. 3 Select a location. 4 Select . 5 Select > Edit. 6 Select an option: . . . Select Name. Select Phone Number. To assign categories to the Favorite, select Categories. . To save a photo with the Favorite, select Assign Photo (page 42). . To change the symbol used to mark the Favorite on a map, select Change Map Symbol. 7 Edit the information.

8 Select Done. 15 nüvi 3400 Series Owner's Manual Assigning Categories to a Saved Location You can add custom categories to organize your saved locations. NOTE: Categories appear in the saved locations menu after you have saved more than 12 locations. 1 Select Where To? > Saved. 2 Select a location.

3 Select . 4 Select > Edit > Categories. 5 Enter one or more category names, separated by commas. Suggested categories appear below the text bar as you type. You can select a suggested word to use the suggestion.

6 Select Done. NOTE: Deleted locations cannot be recovered. 1 Select Where To? > Saved. 2 Select > Delete Saved Places. 3 Select the box next to the saved locations to delete, and select Delete. Deleting a Saved Location Voice Command About Voice Command NOTE: Voice Command is not available for all languages and regions, and may not be available on all models. Voice Command allows you to use your device by saying words and commands. The Voice Command menu provides voice prompts and a list of available commands. 16 nüvi 3400 Series Owner's Manual Setting Your Wakeup Phrase The wakeup phrase is a word or phrase you can say to activate Voice Command. The default wakeup phrase is Voice Command.

TIP: You can reduce the chance of accidental Voice Command activation by using a strong wakeup phrase. 1 Select Apps > Voice Command > Customize Phrase. 2 Enter a new wakeup phrase. The device indicates the strength of the wakeup phrase as you enter the phrase. 3 Select Done. Voice Command Tips Activating Voice Command Say your wakeup phrase. The Voice Command menu appears. Speak in a normal voice directed at the device. Reduce background noise, such as voices or the radio, to increase the accuracy of the voice recognition. Speak commands as they appear on the screen.

Respond to voice prompts from the device as needed. Increase the length of your wakeup phrase to reduce the chance of accidental Voice Command activation. Listen for two tones to confirm when the device enters and exits Voice Command mode. nüvi 3400 Series Owner's Manual 17 Starting a Route Using Voice Command You can say the names of popular, well-known locations. 1 Say your wakeup phrase.

2 Say Find Place. 4 Say the line number. 5 Say Navigate. Finding an Address 1 Say Voice Command. 2 Say Find Address.

3 Speak the entire address. Muting Instructions You can disable the voice prompts for Voice Command without muting the device. 1 Select Apps > Voice Command > . 2 Select Mute Instructions > Enabled. 18 nüvi 3400 Series Owner's Manual 3 Listen for the voice prompt, and speak the name of the location. A list of locations appears. Disabling Voice Command You can disable Voice Command, which prevents you from accidentally activating Voice Command while speaking. 1 Select Apps > Voice Command > . 2 Select Voice Command > Disabled. NOTE: You must have cityXplorer™ maps loaded to navigate using public transit (page 30).

5 If necessary, select a route. Navigation Starting a Route 1 2 3 4 Search for a location (page 9). Select a location. Select Go!. If necessary, select an option. . Select Drive. . Select Walk. . Select Public Transit to calculate a route that combines public transit and walking. Starting a Route to a Saved Location 1 Select Where To? > Saved. 2 If necessary, select a category, or select All 3 Select a location.

4 Select Go!. Using Multiple Route Preview 1 Find a location (page 9). 2 Select Routes. 3 Use the on-screen buttons to select a route. 4 Select Go!. Categories. nüvi 3400 Series Owner's Manual 19 Previewing a Route 1 Find a location (page 9). 2 Select Routes. Using the Automobile Navigation Map Following an Automobile Route The route is marked with a magenta line. A checkered flag marks your destination.

As you travel, the device guides you to the destination with voice prompts, arrows on the map, and directions at the top of the map. If you depart from the original route, the device recalculates the route and provides new directions. While navigating in Automobile mode, you can select map features. 1 Select and drag the map. Map icons appear. 2 Select an option: . To view different parts of the map, drag the screen. . To zoom in and out, select or . . To rotate the map view, select . . To switch from North Up to 3-D view, select . . To add or remove map layers, select .

20 nüvi 3400 Series Owner's Manual Adding a Point to a Route Before you can add a stop to a route, you must be navigating a route in Automobile mode. 1 While navigating a route, select to return to the main menu. 2 Select Where To?. 3 Search for the location (page 8) 4 Select Go!. 5 Select Add to Active Route. Stopping the Route While navigating a route, select . Updating Speed Limits noTICE The speed limit icon feature is for information only and does not replace the driver's responsibility to abide by all posted speed limit signs and to use safe driving judgment at all times. Garmin will not be responsible for any traffic fines or citations that you may receive for failing to follow all applicable traffic laws and signs. An icon displaying the current speed limit may appear as you travel on major roadways. > Set Speed 1 From the map, select Limit.

and to set the 2 Select speed limit. 21 Taking a Detour While navigating an automobile route, you can use detours to avoid obstacles ahead of you, such as construction zones. NOTE: If the route you are currently navigating is the only reasonable option, your device might not calculate a detour. While navigating an automobile route, from the map, select > Detour. nüvi 3400 Series Owner's Manual Using Suggested Routes Before you can use this feature, you must save at least one location and enable the travel history feature (page 55).

Using the trafficTrends™ feature, your device predicts your destination based on your travel history, the day of the week, and the time of day. After you have driven to a saved location several times, the location may appear in the navigation bar on the map, along with the estimated time of travel, and traffic information. Select the navigation bar to view a suggested route to the location. Gas Food Lodging Restrooms Finding Exit Services 1 From the map, select > Exit Services. 2 Use the arrows to select an upcoming exit.

3 Select an exit service tab. 4 Select a point of interest. Navigating to an Exit 1 From the map, select 2 Select Go!. > Exit Services > About Exit Services While you navigate a route, you can find gas, food, lodging, and rest rooms near upcoming exits. Services are listed under tabs by category. 22 nüvi 3400 Series Owner's Manual Avoiding Road Features 1 Select Settings > Navigation > About Custom Avoidances Avoidances.

[You're reading an excerpt. Click here to read official GARMIN NUVI](http://yourpdfguides.com/dref/5477810)

<http://yourpdfguides.com/dref/5477810>

2 Select the road features to avoid on your routes, and select Save. Custom avoidances allow you to avoid specific areas and sections of road. You can enable and disable custom avoidances as needed. Avoiding an Area 1 Select Settings > Navigation > Custom Avoidances.

2 If necessary, select Add New Custom Avoidance. 3 Select Add Avoid Area. 4 Select the upper-left corner of the area to avoid, and select Next. 5 Select the lower-right corner of the area to avoid, and select Next. The selected area is shaded on the map. 6 Select Done. Avoiding Transit Types NOTE: Transit types are available when cityXplorer maps are loaded (page 30). 1 Select Settings > Navigation > Public Transit. 2 Select the transit type to avoid on your routes. 3 Select Save.

nüvi 3400 Series Owner's Manual 23 Avoiding a Road 1 Select Settings > Navigation > Custom Avoidances. 2 Select Add Avoid Road. 3 Select the starting point of the section of road to avoid, and select Next. 4 Select the ending point of the road section, and select Next. 5 Select Done.

Disabling a Custom Avoidance You can disable a custom avoidance without deleting it. 1 Select Settings > Navigation > Custom Avoidances 2 Select an avoidance. 3 Select > Disable. Deleting Custom Avoidances 1 Select Settings > Navigation > Custom Avoidances. 2 Select an option: · To delete all custom avoidances, select ·

· To delete one custom avoidance, select the avoidance, and select > Delete. Enabling Advanced Detours Select Settings > Navigation > Advanced Detours. Using Advanced Detours Use this feature to detour around a specific section of your trip while you navigate. 1 Select a destination, and select Go! (page 8). 2 From the map, select > Detour nüvi 3400 Series Owner's Manual 24 3 Select a detour option: · Next 5mi on Route. · Next 2mi on Route. · Next 5mi on Route. · Detour by Road(s) on Route. 4 If necessary, select a road to detour around. Map Pages Customizing the Map Customizing the Map Layers You can customize which data appear on the map, such as icons for points of interest and road conditions.

1 From the map, select · 2 Select Map Layers. 3 Select which layers you want to include on the map, and select Save. Navigating Off Road If you are not following roadways as you navigate, you can use Off Road mode. 1 Select Settings > Navigation. 2 Select Calculation Mode > Off Road > Save. The route will be calculated as a straight line to the location. Viewing the Trip Log Your device keeps a trip log, which is a record of the path you have traveled. 1 Select Settings > Map and Vehicle > Map Layers. 2 Select the Trip Log check box.

25 nüvi 3400 Series Owner's Manual Changing the Map Data Field 1 From the map, select the data field in the lower left-hand corner. 2 Select a type of data to display. 3 Select Save. Customizing Map Buttons Changing the Map Perspective 1 Select Settings > Map and Vehicle > 2 Select an option: · · · Driving Map View. Select Track Up to display the map in two dimensions (2-D), with your direction of travel at the top.

Select North Up to display the map in 2-D with North at the top. Select 3-D to display the map in three dimensions. You can include up to three icons on the right side of the main map. 1 Select Settings > Map and Vehicle > Map Buttons. 2 Select an icon, and select OK.

3 Select · 4 Select a different icon. Removing Buttons from the Map You can remove all buttons from the right side of the map. 1 Select Settings > Map and Vehicle > Map Buttons. 2 Select an icon, and touch OK. 3 Select Save. 26 nüvi 3400 Series Owner's Manual Changing the Map Dashboard 1 Select Settings > Map and Vehicle > Dashboards. 2 Use the arrows to select a dashboard. 3 Select Save. The details for the turn appear.

If available, an image of the junction appears for junction on major roadways. 1 While navigating an automobile route, select the navigation bar at the top of the map. 2 Select > Map. Viewing the Entire Route on the Map Viewing Turns Viewing a List of Turns When you are navigating a route, you can view all of the turns and maneuvers for your entire route and the distance between turns. 1 Select the text bar on the top of the map. Viewing the Next Turn While navigating an automobile route, a preview of the next turn, lane change, or other maneuver appears in the upper-left corner of the map. The preview includes the distance to the turn or maneuver and the lane in which you should be traveling, if available. From the map, select to view the next turn on the map. 2

Select a turn. nüvi 3400 Series Owner's Manual 27 Viewing Traffic Alerts While you navigate an automobile route, a traffic alert may appear. Select the alert to view more information. Viewing Junctions Viewing Trip Information While navigating an automobile route, you can view the junctions on major roadways. When you approach a junction in a route, the image of that junction appears briefly, if available. From the map, select to view the junction, if available. The trip information page displays your present speed and provides statistics about your trip.

TIP: If you make frequent stops, leave the device turned on so it can accurately measure elapsed time during the trip. From the map, select > Trip Computer. 28 nüvi 3400 Series Owner's Manual Resetting Trip Information 1 From the map, select > Trip Computer. 2 Select an option: · When not navigating a route, select Reset All to reset every data field, except the speedometer, on the page. · Select Reset Trip Data to reset the information on the trip computer.

· Select Reset Max Speed to reset the maximum speed. · Select Reset Trip B to reset the odometer. Viewing Current Location Information You can use the Where Am I? page to view information about your current location. This feature is helpful if you need to tell emergency personnel your location. From the map, select > Where Am I?. Finding Nearby Services 1 From the map, select > Where Am I?. 2 Select Hospitals, Police Stations, or Fuel Getting Directions to Your Current Location to view the nearest locations in that category. If you need to tell another person how to get to your current location, your device can give you a list of directions. Select Apps > Where Am I? > > Directions to Me. nüvi 3400 Series Owner's Manual 29 Pedestrian Routes Following a Pedestrian Route In Pedestrian mode, your route is displayed on a two-dimensional map.

· · · · Select route. Select Select location. Select When you are navigating in Pedestrian mode, the position icon indicates your approximate position and your direction of travel on the map. The circle around the position icon indicates the accuracy of your position on the map.

[You're reading an excerpt. Click here to read official GARMIN NÜVI 3490LMT user guide](http://yourpdfguides.com/dref/5477810)
<http://yourpdfguides.com/dref/5477810>

A smaller circle means the displayed position is more accurate. If you have cityXplorer maps installed, the device calculates a route that uses a combination of public transit options, such as riding a bus or subway, and walking. NOTE: cityXplorer maps are not included with the device. See <http://my.garmin.com> to purchase cityXplorer maps.

The yellow icons indicate the navigation method used in each section of the route. For example, when you see , board a bus at that point in the route. *niivi 3400 Series Owner's Manual About the Pedestrian Position Icon Public Transit Options* to switch between sections of the to view the route itinerary. to center the map on your current to zoom in and zoom out. 30 The black dots on the map are public transit stops along your route.

NOTE: You can change the types of public transit and limit the distance spent walking during a pedestrian route (page 30). Hands-Free Phone Calls Using Bluetooth® wireless technology, your device can connect to your mobile phone to become a hands-free device. To determine whether your mobile phone with Bluetooth technology is compatible with your device, go to www.garmin.com/bluetooth.

Your phone may not support all of the handsfree phone features your device provides. About Hands-Free Calling Enabling Transit Types NOTE: Transit types are available when cityXplorer maps are loaded (page 30). 1 Select Settings > Navigation > Public Transit. 2 Select the transit type to include in your routes, and select Save. Enabling Bluetooth Wireless Technology 1 Select Settings > Bluetooth. 2 Select Bluetooth. *niivi 3400 Series Owner's Manual 31 Pairing Your Phone Before you can use hands-free calling, you must pair your device with a compatible mobile phone. Pairing your phone with your device allows your phone and device to recognize each other and connect quickly. 1 Place your phone and your device within 33 ft. (10 m) of each other.*

2 On your device, enable Bluetooth wireless technology (page 31). 3 Select an option: · Select Add Phone. · If you have already paired a different phone, select Phone > . 4 On your phone, enable Bluetooth wireless technology. 5 On your device, select OK. A list of nearby Bluetooth devices appears. 32 6 Select your phone from the list, and select OK. 7 If necessary, on your phone, confirm that the device is allowed to connect. 8 If necessary, enter the device Bluetooth PIN (1234) into your phone. Disconnecting Your Phone 1 Select Settings > Bluetooth.

2 Select Phone > None > Save. Your phone is disconnected from your device but remains paired with your device. After the initial pairing, the two devices can connect automatically each time you turn them on. When your phone is connected to your device, you are ready to make phone calls. Tips After Pairing the Devices · · *niivi 3400 Series Owner's Manual* · · When you turn on the device, it tries to connect to the last phone to which it was connected.

You might have to set your mobile phone to connect to the device automatically when it is turned on. When you receive a call, select an option: · Select Answer. · Select Ignore to ignore the call. Calling a Contact in Your Phone Book Receiving a Call Your phone book is loaded from your phone to the device each time your phone and the device connect. It may take a few minutes for the phone book to be available.

Some phones do not support this feature. 1 Select Phone > Phone Book. 2 Select a contact. 3 Select Call. Placing a Call Dialing a Number 1 Select Phone > Dial. 2 Enter the number. 3 Select Dial. Calling a Point of Interest 1 Select Phone > Points of Interest. 2 Select a point of interest (page 8). 3 Select Call.

niivi 3400 Series Owner's Manual 33 Using the Call History Your call history is loaded from your phone to the device each time your phone and the device connect. It may take a few minutes for the call history to be available. Some phones do not support this feature. 1 Select Phone > Call History. 2 Select a category. A list of calls appears, with the most recent calls at the top. @@To display a keypad, select Keypad. @@To mute the microphone, select Mute.

@@@@@The data provided by the ecoRoute feature is an estimate only. @@@@@@@ 1 Select Apps > ecoRouteTM. @@2 Enter the current price of fuel, and select 3 Select Yes. @@You should calibrate when you fill up your fuel tank. 1 Select Apps > ecoRouteTM > At the Pump. @@@@5 Select Next. The device calculates the average vehicle fuel economy.
