## HS 210

2 x 65W 2.1-channel integrated home theater system

harman/kardon  
by HARMAN

### ■ The Harman Kardon HS 210

You've come to expect Harman/Kardon systems to deliver advanced performance characteristics. But to be worthy of our name, our systems must also be easy to set up and use. Each of our integrated home theater systems features a high-performance AV receiver and DVD player combined into a single, beautifully crafted component, keeping system connections to a minimum. And each system is controlled by a single, intuitive remote (a setup that, to our minds, ought to be required by law). These are highly sophisticated, all-inclusive home entertainment systems. But you won't need an in-house technician to enjoy them.

### ■ Key Specifications

- Audio section – continuous average power (FTC), (stereo mode): 65 watts per channel into 8 ohms @ 20Hz – 20kHz, <math>\pm 0.5\% THD</math>
  - Frequency response – DSD (linear PCM): 2Hz – 22kHz,  $\pm 0.5dB$  (48kHz sampling), A-weighted SN ratio:  $>115dB$ , THD: 0.002%, dynamic range (DSD): 112dB (20-18k), (CD): 105dB, channel separation:  $>90dB$
  - Dimensions (H x W x D) and weight –  
DVD receiver: 361mm x 330mm x 238mm, 3.5kg,  
satellite: 243mm x 100mm x 92mm, 1.5kg,  
subwoofer: 353mm x 267mm x 267mm, 9.0kg
- Depth measurement includes table stand, knobs, buttons and terminal connectors, unless stated otherwise. Height measurement includes feet and chassis, unless stated otherwise.
