Manual abstract:

CAUTION: Visible and/or invisible class 1M laser radiation when open. Do not view directly with optical instruments. Adjust the volume so that you can hear sounds outside the car. Driving with the volume too high may cause an accident. @@If you wish to dispose of this product and the battery, please do so in accordance with applicable national legislation or other rules in your country and municipality. By disposing of this product correctly, you will help to conserve natural resources and will help prevent potential negative effects on the environment and human health. Notice: The sign Pb below the symbol for batteries indicates that this battery contains lead. Digital devices (CD/USB) produce very little noise compared with other sources. @@@@@@@@ â· If this does not work, reset your unit. Cleaning the unit Wipe off the dirt on the panel with a dry silicon or soft cloth.

Failure to observe this precaution may result in damage to the unit. Cleaning the connector Wipe off dirt on the connector of the unit and panel. 19 Listening to an iPod/iPhone 21 Listening to the other external components 22 Selecting a preset sound mode 23 Menu operations 25 Troubleshooting 29 Specifications condensation : When the car is airconditioned , moisture may collect on the laser lens. This may cause disc read errors. In this case, remove the disc and wait for the moisture to evaporate.

Temperature inside the car : If you have parked the car for a long time in hot or cold weather, wait until the temperature in the car becomes normal before operating the unit. JVC bears no responsibility for any loss of data in an iPod/iPhone and/or USB mass storage class device while using this System. When you use the remote controller for the first time, pull out the insulation sheet. Battery shall not be exposed to excessive heat such as sunshine, fire, or the like. Do not install any battery other than CR2025 or its equivalent.

Store the battery in a place where children cannot reach. â· Do not recharge, short, disassemble, heat the battery, or dispose of it in a fire. â· Do not leave the battery with other metallic materials. â· Do not poke the battery with tweezers or similar tools. â· Wrap the battery with tape and insulate when throwing away or saving it. This unit is equipped with the steering wheel remote control function. This unit can only play the CDs with: Handling discs: Â· On the disc, or use a disc with tape stuck on it. â· Do not use any accessories for the disc. â· Clean from the center of the disc and move outward. â· Clean the disc with a dry silicon or soft cloth.

Do not use any solvents. â· When removing discs from this unit, pull them out horizontally. â· Remove the rims from the center hole and disc edge before inserting a disc. Discs with coloring on the recording surface or discs that are dirty. â· You cannot play a Recordable/ReWritable disc that has not been finalized. (For the finalization process refer to your disc writing software, and your disc recorder instruction manual. Attempt to insert using an adapter can cause malfunction. When you press or hold the following button(s). Selects the available sources (if the power is turned on). Mutes the sound or pauses during playback.

Hold the EQ button on the main unit to enter tone level adjustment directly. (page 22) Â· Enters "Hands-Free" screen or answers incoming call when the unit rings. (page 14 , 16) Â· Ends a call [Hold]. "ST" lights up when receiving an FM stereo broadcast with sufficient signal strength.] <TUNER>] <SSM>] <SSM 01 Â 06 / 07 Â 12 / 13 Â 18> "SSM" flashes and local stations with the strongest signal are searched and stored automatically.

To preset another 6 stations, repeat the above procedure by selecting one of the other SSM setting ranges. The following features are available only for FM Radio Data System stations. You can tune in to a station broadcasting your favourite programme by searching for a PTY code. If there is a station broadcasting a programme of the same PTY code as you have selected, that station is tuned in. TA Standby Reception allows the unit to switch temporarily to Traffic Announcement (TA) from any source other than AM.

It will be applied the next time Traffic Announcement function is turned on. NEWS Standby Reception allows the unit to switch temporarily to your NEWS programme from any source other than AM. to activate NEWS Standby Reception , see <NEWS-STBY>. (page 24) The unit will not switch to Traffic Announcement or NEWS Standby Reception when a call connection is established through "BT-PHONE. Programme Search Usually when you select a preset number, the station preset in that number is tuned in. If the signals from the FM Radio Data System preset station are not sufficient for good reception, this unit, using the AF data, tunes in to another frequency possibly broadcasting the same programme as the original preset station is broadcasting. Network-Tracking Reception When driving in an area where FM reception is not sufficient enough, this unit automatically tunes in to another FM Radio Data System station of the same network, possibly broadcasting the same programme with stronger signals. All tracks will be played repeatedly until you change the source or eject the disc. @@Only the existing characters will be shown on the search menu. @@@@You can use only one of the following playback modes at a time.

@@@@@@The track list with the selected character appears. @@@@You can use these two terminals at the same time. @@@@@@Avoid using the USB device if it might hinder your safety driving. In this case, disconnect the USB device then reset this unit and the USB device. This unit may not play back files in a USB device properly when using a USB extension cord. â· USB devices equipped with special functions such as data security functions cannot be used with the unit. â· When connecting a USB cable, use the USB 2.
