Kingston DataTraveler BlackBox
kingston.com/DTBlackBox

PRODUCT DISCONTINUED - FOR INFORMATION ONLY

Protect data with FIPS 140-2 Level 2 certification and 100 percent privacy.

Protect your organization's portable data and comply with data-at-rest agency directives by choosing Kingston's new, ultra-secure DataTraveler® BlackBox USB Flash drive. It's FIPS 140-2 Level 2 certified and features 256-bit AES, hardware-based encryption, enforced complex password protection and device lockdown after a specified number of invalid attempts, to prevent brute force attacks. DataTraveler BlackBox is rugged and waterproof (up to 4 feet), with a titanium coated stainless steel casing for added data protection. And it's easy to set up and use, with no admin rights or application installation required.

DataTraveler BlackBox is backed by a five-year warranty, 24/7 tech support and legendary Kingston® reliability.

FIPS 140-2
Level 2 certified
Certificate # 929

Compatibility Table

Operating system	File Transfer
Windows® Vista™ (32-bit only)	Yes
Windows XP (SP3, SP2)	Yes
Windows 2000 (SP3, SP4)	Yes
