Kingston DataTraveler Style

kingston.com/flash

PRODUCT DISCONTINUED – FOR INFORMATION ONLY

Express yourself
and show some Style.

Express your personality while carrying your data wherever you go with Kingston's DataTraveler® Style USB Flash drive. With its changeable "skin" you can personalize DataTraveler Style to show your individuality. DataTraveler Style is available in white or black casing and included are six cool skin designs to choose from — headband mosaic, bamboo, sunflower, lace, etno and tangleline dream. Two blank skins are included to let you create your own design, or visit Kingston's "Skin Designer" to find more skins.

Simply visit kingston.com/style and select the "Skin Designer" tab to print out a provided design or upload your favorite digital picture to create the ultimate unique look for your flash drive. You can even add simple text to the skin to identify your drive. Whenever you feel a need for change, easily swap your DataTraveler using the Skin Designer to upload an image and print the skin from home, work or school — wherever you have access to a printer.

DataTraveler Style is not only expressive and stylish, it was also built with simplicity in mind. Its capless design houses the USB connector safely inside the sleek case and easily attaches to with the thumb-action slider. Available in capacities up to 8GB, DataTraveler Style has plenty of room to hold just about any file you can think of — digital images, music and other important documents.

Backed by a five-year warranty and Kingston's legendary service and support, DataTraveler Style is a reliable solution for carrying digital files with you wherever you go.
