Kingston USB microSD/SDHC Reader
kingston.com/flash

An essential for your mobile lifestyle.

The reader gives you an ultra-portable way to move photos, video clips, music, and other files from mobile phone to PC or PC to mobile phone. The reader is designed with a USB connector and a memory expansion slot that accepts a microSD/microSDHC card. Combine it with a microSD/microSDHC card and you've got the best mobile gear for your phone.

This mobile-ready reader eliminates the need to carry additional USB transfer cables and the typical wait for Bluetooth™ technology slow file transfers between phones and PCs. It also replaces your SD card adapter, since the microSD card fits directly into the reader. When in use, the microSD Card Reader appears as a drive letter (i.e., E:) and data transfer is as simple as drag and drop. Use the reader with a microSD/microSDHC card to get the storage capacity for a variety of helpful transfers, or acquire content to side-load to your phone, including:

- Backing up your friends', relatives' or business contact information when you change phones
- Moving the digital music libraries stored on your PC for use on your phone
- Transferring a video captured on your camera phone to upload to the 'web' without using additional network minutes
- Downloading new mobile applications on your PC for use on your phone without using network time.

The reader is backed by a two-year warranty and Kingston's legendary service and support. It has an included keychain, so you can hang it from your phone for the convenient solution you need to complement your mobile lifestyle.

Store your entire mobile life — photos, songs, text messages, video clips, personal information — on a microSD/microSDHC card, then work with it across device platforms seamlessly with the microSD Card Reader.

Features/Benefits:
