com/go/support 1 Setting up your camera Attaching the strap Loading the AA batteries Purchase extra batteries for your special event www.kodak.com/go/c142accessories www.kodak.com/go/support 1 Setting up your camera Turning on the camera Setting the language and date/time Language: to change.
OK to accept. Date/Time: At the prompt, press OK. to change current field. for previous/next field. OK to accept.
NOTE: To change language in the future, use the Setup Menu (see page 32). 2 www.kodak.com/go/support Setting up your camera Storing pictures on an optional SD or SDHC Card Your camera has internal memory. We recommend purchasing an SD or SDHC Card to conveniently store more pictures/videos. CAUTION: A card can only be inserted one way; forcing it may cause damage. Inserting or removing a card while the camera is on may damage the pictures, the card, or the camera. 1 Turn off the camera. 2 Insert the card. Push it until it clicks.

3 Turn on the camera. Purchase accessories www.kodak.com/go/c142accessories www.kodak.com/go/support 3 2 Taking pictures/videos To get clear, focused pictures: 1 The camera turns on in Smart Capture mode. (If it's in a different mode, press the Mode button, then until the LCD displays Smart Capture mode , then press OK.) 2 Compose the picture. 3 Press the Shutter button halfway to focus and set exposure. When the framing marks turn green, press the Shutter

button completely down.
Taking pictures Using the framing marks Framing marks Framing marks indicate the camera focus area. 1 Press the Shutter button halfway. If the camera is not focusing on the desired subject, release the Shutter button and recompose the scene. 2 Press the Shutter button completely down to take the picture. NOTE: Multiple framing marks may appear when faces are detected.
IMPORTANT: Your camera offers a built-in Help system. See page 38. 4 www.kodak.com/go/support Taking pictures/videos Taking a video 1 Press the Mode button, then until the LCD , then press OK.
displays Video 2 Press the Shutter button completely down, then release it. To stop recording, press and release the Shutter button again. To review and work with videos, see page 17. Reviewing the picture/video just taken After you take a picture/video, the LCD briefly displays the picture or the first frame of a video. (To take new pictures/videos sooner, press the Shutter button halfway.) While a picture/video is displayed, you may: Delete the current picture/video OK Play/pause a video NOTE: Audio is captured during video recording. Audio can be heard when the video is played on a computer or when the camera is connected to a TV (see page 23). To review pictures/videos anytime, see page 17. www.kodak.

com/go/support 5 Taking pictures/videos Understanding the picture-taking icons Focus mode Self timer Exposure compensation Flash mode Capture mode Pictures/time remaining Zoom indicator Keyword tag Battery level Know when your batteries need attention The battery level icon works like the gas gauge in your car, but appears only when the battery requires your attention. (If you're viewing shortcuts, the battery level is always displayed. See page 11.) Purchase extra batteries for your special event www.kodak.com/go/c142accessories 6 www.kodak.com/go/support Taking pictures/videos Using the optical zoom 1 Use the LCD to frame your subject. 2 To zoom in, turn the Zoom lever toward Telephoto (T). To zoom out, press it toward Wide Angle (W).
3 Take the picture. NOTE: For focus distances, see Specifications starting on page 44. Using digital zoom Use digital zoom to get up to 5X magnification beyond optical zoom. (Digital zoom is not available in Smart Capture mode.) Press Telephoto (T) until the slider on the LCD is at the end of the optical zoom range.
Release Telephoto (T), then press it again. NOTE: You may notice decreased image quality when using digital zoom. www.kodak.com/go/support 7 Taking pictures/videos Using the flash Press the Flash button repeatedly until the LCD displays the desired flash mode.
Flash modes Auto Fill (Flash On) Flash fires When the lighting conditions require it. Every time you take a picture, regardless of the lighting conditions. Use when the subject is in shadow or is "backlit" (when the light is behind the subject). NOTE: (Not available in Smart Capture mode.) Red-eye Preflash Reduction Choose a setting in the Setup menu, page 32. Digital Correction The flash fires before the picture is taken to reduce the chance of red-eye. The camera digitally corrects red-eye after a picture is taken. (Processing time after taking a picture may increase.) NOTE: When using digital correction, image processing takes longer than when using preflash. Off Never 8 www.

kodak.com/go/support Taking pictures/videos Using different modes Press the Mode button, then until the LCD displays the mode that best suits your subjects and surroundings, then press OK. Use this mode For General picture taking--it offers excellent image quality and ease of use. Faces get focus and exposure priority. The scene is analyzed for other content and for lighting. You can choose the best picture size and aspect ratio for your needs--just press the Menu button and choose Picture Size.

Press button. to find a picture. to choose Print, then press OK. to choose the number of copies.
Optional: You can apply a print quantity to other pictures. Press for previous/next. Repeat this step until the desired print quantity is applied to each picture. 5 Press OK. Press the Shutter button halfway down to return to Capture mode.
IMPORTANT: Your camera offers a built-in Help system. See page 38. www.kodak.com/go/support 37 7 Troubleshooting Getting help from your camera You want the most from your camera.
You want to understand: What it can do for you And how to take the best possible pictures and videos Great news! Your camera offers a built-in Help system. It describes every setting for every menu choice. If you learn nothing else about your camera, learn how to use on-camera Help. Turning on camera Help button, 1 Press the Menu choose a menu choice. 2 Press the Info button. Scroll through a Help topic. 38 www.kodak.com/go/support Troubleshooting Troubleshooting Camera problems Status Camera does not turn on Camera does not turn off Camera buttons and controls do not function In Review, a blue or black screen is displayed instead of a picture Transfer all pictures to the computer (see page 34). Take another picture.

Solution Make sure the batteries are installed correctly (see page 1). Make sure batteries are new. If batteries are rechargeable, make sure they are fully charged (see charger documentation). Pictures remaining Continue taking pictures. The camera is operating normally. number does not (The camera estimates the number of pictures remaining after each decrease after taking a picture is taken, based on picture size and content.) picture Flash does not fire Check the flash setting, and change as needed (see page 8). NOTE: The flash does not fire in all modes. Memory card is almost Transfer the pictures to the computer (see page 34). or entirely full Delete pictures from the card (see page 18) or insert a new card.
Battery life is short Make sure the correct battery type is installed (see page 48). Wipe the contacts with a clean, dry cloth before inserting batteries in the camera. Insert new/charged batteries (see page 1). www.kodak.
com/go/support 39 Troubleshooting Status You cannot take a picture Solution Turn the camera off, then on again. Depress the Shutter button all the way (see page 4). Insert new/charged batteries in the correct orientation (see page 1). When inserting a memory card, push it in until it clicks (see page 3). Memory is full.
Transfer pictures to the computer (see page 34), delete pictures (see page 18), or insert another card. Memory card not Use a card reader to check the card on a computer. If it's corrupted, format the card in the camera (see page 33). recognized or camera freezes with card Try another SD or SDHC Card. Cannot find the desired picture/video To view pictures on a card or in internal memory, see page 17. Computer/connectivity problems Status Slide Show does not run on an external video device Computer does not communicate with the camera Solution Adjust the camera Video Out setting to NTSC or PAL (see page 32). Make sure the external device settings are correct. (See the device's user guide). Turn off the camera, then turn it back on. Make sure the battery is charged and installed correctly (see page 1).

Make sure the KODAK Camera USB Cable, Micro B / 5-Pin is connected to the camera and the computer (see page 34). Then turn on the camera. See KODAK Software Help at www.kodak.com/go/camerasw. 40 www.kodak.com/go/support Troubleshooting Picture quality problems Status Picture is not clear Solution To automatically set exposure and focus, press the Shutter button halfway. When the framing marks turn green, press the Shutter button completely down to take the picture. Clean the lens (see page 46).
Make sure the camera is not in Macro mode if you are more than 27.6 in. (70 cm) from your subject (see page 30). Place the camera on a flat, steady surface or use a tripod (especially in high-zoom settings or in low light). Use a larger picture size (see page 28).
If you're manually adjusting the ISO speed, realize that high ISO setting may cause grainy pictures (see page 29). Picture is too dark Reposition the camera for more available light. Use Fill flash (see page 8) or change your position so light is not behind the subject. Move so that the distance between you and the subject is within the effective flash range. (See Camera Specifications starting on page 44.
) To automatically set exposure and focus, press the Shutter button halfway. When the framing marks turn green, press the Shutter button completely down to take the picture. In Program mode, adjust the Exposure Compensation (see page 29). Picture is too light Reposition the camera to reduce the amount of available light. Turn the flash off (see page 8). Move so that the distance between you and the subject is within the effective flash range. (See Camera Specifications starting on page 44.) To automatically set exposure and focus, press the Shutter button halfway. When the framing marks turn green, press the Shutter button completely down to take the picture. In Program mode, adjust the Exposure Compensation (see page 29).

www.kodak.com/go/support 41 Troubleshooting Direct printing (PICTBRIDGE enabled printer) problems Status Cannot find the desired picture Solution Use the Direct printing menu to change the image storage location. Allow all components to air-dry for at least 24 hours before using the camera. Blow gently on the lens or LCD to remove dust and dirt. Wipe gently with a soft, lint-free cloth or an untreated lens-cleaning tissue. Do not use cleaning solutions unless designed specifically for camera lenses. Do not allow chemicals, such as suntan lotion, to contact painted surfaces.

Service agreements may be available in your country. Contact a dealer of KODAK Products for more information. For digital camera disposal or recycling information, contact your local authorities. In the US, go to the Electronics Industry Alliance site at www.eiae.org or www.kodak.com/go/c142support. Upgrading your software and firmware Download the latest versions of KODAK Software and the camera firmware (the software that runs on the camera). Go to www.
kodak.com/go/c142downloads. 46 www.kodak.com/go/support Appendix Storage capacities The LCD displays the approximate number of pictures (or minutes/seconds of video) remaining.
Actual storage capacity varies depending on subject composition, card size, and other factors. You may be able to store more or fewer pictures and videos. Important safety instructions CAUTION: Do not disassemble this product; there are no user-serviceable parts inside. Refer servicing to qualified service personnel. KODAK AC Adapters and Battery Chargers are intended for indoor use only.
The use of controls, adjustments, or procedures other than those specified herein may result in exposure to shock and/or electrical or mechanical hazards. If the LCD breaks, do not touch the glass or liquid. Contact Kodak customer support. The use of an accessory that is not recommended by Kodak may cause fire, electric shock, or injury. For approved accessories, go to www.kodak/go/accessories. Use only a USB-certified computer equipped with a current-limiting motherboard. Contact your computer manufacturer if you have questions. If using this product in an airplane, observe all instructions of the airline. When removing the batteries, allow them to cool; they may be hot.

Follow all warnings and instructions supplied by the battery manufacturer. Use only batteries approved for this product to avoid risk of explosion. Keep batteries out of the reach of children. Do not allow batteries to touch metal objects, including coins. Otherwise, a battery may short circuit, discharge energy, become hot, or leak. Do not disassemble, install backward, or expose batteries to liquid, moisture, fire, or extreme temperature. 47 www.kodak.com/go/support Appendix Remove the batteries when the product is stored for an extended period of time. In the unlikely event that battery fluid leaks inside the product, contact Kodak customer support.
In the unlikely event that battery fluid leaks onto your skin, wash immediately with water and contact your local health provider. For additional health-related information, contact your local Kodak customer support. Go to www.kodak.com/go/reach for information about the presence of substances included on the candidate list according to article 59(1) of Regulation (EC) No.
1907/2006 (REACH). Dispose of batteries according to local and national regulations. Go to www.kodak.com/go/kes.
Do not charge non-rechargeable batteries. For more information on batteries, go to www.kodak.com/go/batterychart. Battery replacement, battery life KODAK MAX Alkaline Batteries AA: 200 pictures per charge. Battery life per CIPA testing method. (Approx. number of pictures in Smart Capture mode, using an SD Card.) Actual life may vary based on usage. For other compatible batteries, see the Power section in Camera specifications, page 44.

Extending battery life Use power-saving features (see Using the Setup menu, page 32). Charge Ni-MH batteries when they are nearly depleted. Dirt on the battery contacts can affect battery life. Wipe the contacts with a clean, dry cloth before loading batteries in the camera. Battery performance is reduced at temperatures below 41° F (5° C). When using your camera in cold weather, carry spare batteries and keep them warm. Do not discard cold batteries that do not work; when they return to room temperature, they may be usable.

www.kodak.com/go/support 48 Appendix Limited warranty Kodak warrants its digital cameras and accessories (excluding batteries) to be free from malfunctions and defects in both materials and workmanship for the warranty period specified on your KODAK Product packaging.
Retain the original dated sales receipt. Proof of purchase date is required with any request for warranty repair. Limited warranty coverage Warranty service is only available from within the country where the Products were originally purchased. You may be required to ship Products, at your expense, to the authorized service facility for the country where the Products were purchased. Kodak will repair or replace Products if they fail to function properly during the warranty period, subject to any conditions and/or limitations stated herein.
Warranty service will include all labor as well as any necessary adjustments and/or replacement parts. If Kodak is unable to repair or replace a Product, Kodak will, at its option, refund the purchase price paid for the Product provided the Product has been returned to Kodak along with proof of the purchase price paid. Repair, replacement, or refund of the purchase price are the sole remedies under the warranty. @@@@@@@@This warranty does not apply when failure is due to shipping damage, accident, alteration, modification, unauthorized service, misuse, abuse, use with incompatible accessories or attachments (such as third party ink or ink tanks), failure to follow Kodak's operation, maintenance or repacking instructions, failure to use items supplied by Kodak (such as adapters and cables), or claims made after the duration of this warranty. Kodak makes no other express or implied warranty for this product.
In the event that the exclusion of any implied warranty is ineffective under the law, the duration of the implied warranty will be the length of the express warranty period www.kodak.com/go/support 49 Appendix specified on your Kodak product packaging. The option of repair, replacement, or refund is Kodak's only obligation. Kodak will not be responsible for any special, consequential or incidental damages resulting from the sale, purchase, or use of this product regardless of the cause. Liability for any special, consequential or incidental damages (including but not limited to loss of revenue or profit, downtime costs, loss of the use of the equipment, cost of substitute equipment, facilities or services, or claims of your customers for such damages resulting from the purchase, use, or failure of the Product), regardless of cause or for breach of any written or implied warranty is expressly disclaimed. Your rights
Some states or jurisdictions do not allow exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Some states or jurisdictions do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. This warranty gives you specific rights, and you may have other rights which vary from state to state or by jurisdiction. Outside the United States and Canada In countries other than the United States and Canada, the terms and conditions of this warranty may be different.

Unless a specific Kodak warranty is communicated to the purchaser in writing by a Kodak company, no warranty or liability exists beyond any minimum requirements imposed by law, even though defect, damage, or loss may be by negligence or other act. Regulatory compliance FCC compliance and advisory
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed or used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause 50 www.kodak.com/go/support Appendix harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: 1) reorient or relocate the receiving antenna; 2) increase the separation between the equipment and the receiver; 3) connect the equipment to an outlet on a circuit different from that to which the receiver is connected; 4) consult the dealer or an experienced radio/TV technician for additional suggestions. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Where shielded interface cables have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with FCC regulation.
The KODAK High Performance USB AC Adapter K20-AM complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Waste Electrical and Electronic Equipment/Battery disposal In Europe: For human/environmental protection, it is your responsibility to dispose of this equipment and batteries at a collection facility established for this purpose (separate from municipal waste.) For more information, contact your retailer, collection facility, or appropriate local authorities; or go to www.kodak.
