com/go/support 1 Setting up your camera Charging the rechargeable batteries All batteries lose power over time–even if they're not being used. For longer life, fully charge KODAK Ni-MH Rechargeable Batteries AA prior to use. Lights are on while the charger is plugged in. (See the charger documentation for instructions and charging times.) Your plug may differ. Watch the battery level Extend battery life Purchase extra batteries See page 9 See page 66 www.kodak.com/go/accessories www.kodak.com/go/support 1 Setting up your camera Loading the batteries 1 2 Watch the battery level Extend battery life Purchase extra batteries See page 9 See page 66 www.
kodak.com/go/accessories 2 www.kodak.com/go/support Setting up your camera Turning on the camera Setting the language and date/time Language: to change. OK to accept.
At the prompt, press OK. to change current field. for previous/next field. OK to accept. Date/Time: Sharing Destinations: You can tell the camera which sharing sites to offer when it's time to share pictures/videos.
to highlight a site. OK to check/uncheck the site. NOTE: To change language in the future, use the Settings menu (see page 51). www.kodak.com/go/support 3 Setting up your camera Storing pictures on an accessory SD/SDHC Card Your camera has internal memory. We recommend purchasing a SD or SDHC Card (Class 4 or higher) to conveniently store more pictures/videos. CAUTION: A card can only be inserted one way; forcing it may cause damage. Inserting or removing a card while the camera is on may damage the pictures, the card, or the camera. 1 Turn off the camera, then open the door.

2 Insert a card until it clicks. To remove a card, press and release it. Optional accessory IMPORTANT: When you turn on the camera, it checks to see if a card is inserted. If so, new pictures/videos are stored on the card. If no card is inserted, new pictures/videos are stored in the camera's internal memory. If pictures/videos are detected in internal memory and a card is inserted, the camera prompts you to move the pictures to the card (and erase those in internal memory). Purchase cards www.kodak.com/go/accessories 4 www.kodak.
com/go/support Setting up your camera Attaching the strap www.kodak.com/go/support 5 2 Taking pictures/videos . Taking pictures in Smart Capture mode 1 Turn the Mode dial to Smart Capture 2 Use the LCD or EVF to compose the picture. Press the EVF/LCD button and use the electronic viewfinder to conserve battery power and improve visibility outdoors.
Mode dial EVF/LCD button Framing marks 3 Press the Shutter button halfway to focus and set exposure. Framing marks indicate the camera focus area. If the camera is not focusing on the desired subject, release the Shutter button and recompose the scene. 4 Press the Shutter button completely down. The new picture is briefly displayed.
If you don't like it, press the Delete button, then follow the prompts. (To delete a picture later, see page 30.) To take a picture while recording a video, see page 10. IMPORTANT: Press the Share button to share anytime. To learn more, see page 28. In Liveview Most recent picture/video In Quickview In Review 6 www.kodak.com/go/support Taking pictures/videos Other picture-taking features Display To view available tools, press the Display button . Press to choose a tool, then press OK. To review, tag, and edit pictures and videos, press the Review button (see page 28).

To change camera settings, see page 50. If it's hard to see the LCD, you can adjust the brightness (see page 51). OK Review   Your camera, the way you want it Sometimes, you want to see everything available! (Other times, you want everything out of your way.) Press the Display button to change between Clean view and Tools view. Clean view Tools Tools view (Tools vary by camera mode.) Note: If you're in a PASM mode, Liveview Histogram and Framing Grid view are also available. * To enable Liveview Histogram and/or Framing Grid, see page 51. www.kodak.com/go/support 7 Taking pictures/videos Using Tools to choose actions, preferences Tools 1 In Liveview, press to move between Tools and the most recent picture.*
or Most recent picture In Review, press to move between Tools and Previous/Next. to choose a 2 Press tool, then press OK. Press to change a tool's setting, then press OK. 1 More tools Note: If you chose , press to choose a setting, then press OK. Some settings can be chosen using .
8 www.kodak.com/go/support Taking pictures/videos Understanding the picture-taking icons Flash compensation Exposure compensation Shutter speed Aperture ISO White balance Sharpness More tools Zoom slider Manual focus Most recent picture/video Fesolution is set at 12 MP. 2 Compose the picture. Important tips: Hold the camera steady or use a tripod—the camera will be taking multiple pictures.
For best results, photograph stationary subjects. Avoid fluorescent lights, which may produce horizontal bands. 3 Press the Shutter button halfway down, then completely down.

You're reading an excerpt. Click here to read official KODAK EASYSHARE MAX Z990 user guide
http://yourpdfguides.com/dref/4732961

The camera takes 3 pictures, then combines them into 1, with shadows and highlights at their best exposure. 4 When finished, turn the Mode dial to another mode. 14 www.kodak.com/go/support Taking pictures/videos Using SCN (Scene) modes 1 Turn the Mode dial to SCN (Scene). 2 Press and to read Scene mode descriptions. 3 Press OK to choose the Scene mode that you've highlighted.

SCN mode Landscape Flower Sunset Backlight Candle Light Children Bright Fireworks Self-Portrait Night Portrait Stage High ISO Panorama R-L, L-R For Distant scenes. Close range. Use available light instead of flash, if possible. Subjects at dusk. Subjects that are in shadow or "backlit." Subjects illuminated by candle light. Action pictures of children in bright light. Bright beach or snow scenes. Fireworks. For best results, place the camera on a steady surface or tripod.

Close-ups of yourself. Assures proper focus and a automatically stops recording images when a certain number of pixels is reached. This equates to approximately 180 degrees horizontally or 120 degrees vertically. (You might capture more or less, depending on scene content.) NOTE: If the scene contains an uninterrupted expanse of similar pixels—such as a plain, white wall—the camera may interpret this as the same group of pixels and abbreviate the wall in the final image.

4 When finished, turn the Mode dial to another mode. 18 www.kodak.com/go/support Taking pictures/videos P, A, S, and M modes Use these modes when you want more control over your camera and pictures. Jog dial Mode When to use Program mode offers the ease of auto shooting with full access to all menu options.

The camera automatically sets the shutter speed and aperture (f-stop) based on the scene lighting. Press Jog dial to control Exposure compensation (how much light enters the camera), flash compensation, and ISO speed Aperture Priority mode controls depth of field (the Aperture, exposure compensation, flash range of sharpness). The aperture setting may be compensation, and ISO speed affected by optical zoom. Shutter Priority mode controls shutter speed. The Shutter speed, exposure compensation, and flash camera automatically sets the aperture for proper compensation exposure. (To prevent blur, use a tripod for slow shutter speeds.) Manual mode offers a high level of control. (To prevent blur, use a tripod for slow shutter speeds.) Aperture, shutter speed, flash compensation, and ISO speed NOTE: Settings you change in P, A, S, or M modes apply only to pictures taken in those modes. The settings, including Flash, are maintained for P, A, S, and M modes—even when you change modes or turn off the camera.

Use Reset Camera (see page 51) to reset P, A, S, or M modes to their default settings. www.kodak.com/go/support 19 Taking pictures/videos Changing P, A, S, or M mode settings PASM modes control the aperture (f-number, also known as f-stop), shutter speed, exposure compensation, flash compensation, and ISO. 1 Turn the Mode dial to P, A, S, or M. 2 Press the Display button 3 Turn the Jog dial Turn the Jog dial . to choose a setting, then press it to edit the setting. to change a setting, then press it to save it. ISO White Balance Focus Zone More tools Exposure compensation ISO—adjust the camera's sensitivity to light. Higher ISO indicates greater sensitivity.

NOTE: A higher ISO may produce unwanted "noise" in a picture. Flash Compensation—adjust flash brightness. Exposure Compensation—adjust the exposure. If the scene is too light, decrease the setting; if it's too dark, increase the setting. Shutter speed—control how long the shutter stays open. (Use a tripod for slow shutter speeds.) Aperture—(also known as f-stop) control the size of the lens opening, which determines the depth of field. □ □ Smaller aperture numbers indicate a larger lens opening; good for low-light. Larger aperture numbers indicate a smaller lens opening; keeps the main subject sharp; good for landscapes and well-lit conditions. 20 www.

kodak.com/go/support Taking pictures/videos Using the Self-timer button Press the Self-timer button repeatedly to scroll through self-timer modes. The current self-timer mode appears on the LCD or EVF. Use the self-timer when you want to be included in a picture, or to ensure a steady Shutter button press. Place the camera on a tripod or flat surface. 1 Press the Self-timer button until the desired self-timer icon is displayed on the LCD. 10 seconds— 10 A picture is taken after a 10-second delay (so you have time to get into the scene). 2 seconds— 2 A picture is taken after a 2-second delay (for a steady, shutter release on a tripod). 2 shot— 2x The first picture is taken after a 10-second delay. A second picture is taken 8 seconds later.

2 Press the Shutter button halfway to focus and set exposure, then completely down to take the pictures. The camera takes the picture(s) after the delay. Use the same procedure to take a 2- or 10-second self-timer video, but press the Shutter button completely down. www.kodak.com/go/support 21 Taking pictures/videos Using the Focus button Press the Focus button repeatedly to scroll through focus modes. The current focus mode appears on the LCD or EVF. IMPORTANT: Focus mode availability varies by picture-taking mode. 1 Press the Focus button until the desired focus icon is displayed on the LCD. Mode Normal AF Infinity AF For No icon Normal picture taking.

Distant scenery or for taking pictures through a window. (Turn off the flash when taking pictures through glass. See page 12.) Subjects that are 10–80 cm (3.9–31.

5 in.) from the lens. Macro AF Super Macro AF Subjects that are 1–20 cm (0.4–7.9 in.

) from the lens. Manual Focus MF The focus icon shows the direction and distance of the focus (to infinity). Press to magnify the central area of focus. During magnification, press to adjust focal length. 2 Press the Shutter button halfway to focus and set exposure, then completely down to take the picture. 22 www.kodak.com/go/support Taking pictures/videos Using focus/exposure zones Focus/Exposure Zone settings let you decide what portion of your subject receives focus and exposure priority. 1 Turn the Mode dial to P, A, S, or M. Set the focus to Auto, Macro, or Super Macro.

IMPORTANT: The camera must be in P, A, S, or M mode while in Auto, Macro, or Super Macro focus mode (see page 22). 2 If the toolbar is not displayed at the top of the LCD, press the Display button 3 Press 4 Press 5 Press □ □ □ □ . to choose More Tools , then press OK. to choose Focus/Exposure Zone, then press OK. to choose a zone, then press OK. Face Priority: Faces are given focus/exposure priority. Multi-zone: Several zones are evaluated to give an even picture focus. Center: A small area centered in the LCD is given focus/exposure priority. Selectable: Press to choose the priority focus/exposure zone. The camera enters the Focus/Exposure Zone setting that you chose.

www.kodak.com/go/support 23 Taking pictures/videos Using the Burst button Press the Burst button repeatedly to scroll through burst modes.

You're reading an excerpt. Click here to read official KODAK EASYSHARE MAX Z990 user guide

http://yourpdfguides.com/dref/4732961

The current burst mode appears on the LCD or EVF. 1 Press the Burst button until the desired burst icon is displayed on the LCD.
Burst mode Available in When you press and hold the Shutter button Take pictures until there is no more storage space. (Burst rate varies by mode, picture quality, and picture size. Burst rate slows down after 10 pictures are in the burst buffer.) Take up to 4 pictures @ approximately 4 fps (frames per second).(Picture size varies by mode.
) Take up to 3 pictures @ approximately 2 fps. (Picture size varies by mode.) Take up to 4 pictures @ approximately 9 fps. (Picture size varies by mode.) Take up to 20 pictures @ approximately 60 fps. (Picture size is 1920 x 1080 pixels.) Endless Burst P, A, S, M, and Smart Capture P, A, S, M High Speed Burst L High Speed Burst H High Speed HD Burst Smart Capture P, A, S, M P, A, S, M 2 Press the Shutter button halfway to focus and set exposure, then press and hold it completely down to take the pictures. The camera stops taking pictures when you release the Shutter button, when the pictures are taken, or when there is no more storage space. NOTE: The flash is disabled in Burst modes. During quickview, you can delete all pictures in the burst series.

Burst is unavailable in Portrait, Night Portrait, Night Landscape, Backlight, Fireworks, and Panorama modes, and when taking pictures in the RAW format. 24 www.kodak.com/go/support Taking pictures/videos Using the Effects button To take pictures/videos using different effects: 1 Press the Effects button . 2 Press to choose a film effect. Each effect shows an example of what your picture/videos will look like. Effects www.kodak.com/go/support 25 Taking pictures/videos Using the histogram to view picture brightness Use the histogram to evaluate the distribution of light before or after you take a picture. Optimal exposure is achieved when the peak is in the middle of the histogram.
The flash may affect a picture's light and shadow. In P, A, S, M modes, press the Display button until the Histogram appears. Dark picture Balanced picture Bright picture 26 www.kodak.com/go/support Taking pictures/videos Using exposure compensation to adjust brightness In P, A, S, and Panorama modes, you can adjust exposure compensation before you take a picture to make your pictures darker or lighter.
Only the first picture in Panorama mode can be adjusted—that adjustment is applied to the remaining pictures. (For more about the Jog dial and Exposure Compensation, see page 20.) 1 Turn the Jog dial to choose Exposure Compensation, then press it to edit the setting. Turn the Jog dial to change the setting, then press it to save it. An exposure compensation level is shown on the LCD or EVF, and the image gets darker or lighter.
2 Take the picture when you are satisfied with the exposure compensation level. Using exposure compensation with exposure bracketing You can use exposure compensation in conjunction with exposure bracketing to get the best exposure. If the exposure And if the exposure Then the exposures compensation bracketing interval taken are: is set to: is set to: 0.0 +1.0 –1.0 0.3 steps –0.3, 0.0, +0.3 +0.

7, +1.0, +1.3 –1.3, –1.0, –0.7 www.kodak.com/go/support 27 3 Reviewing and editing Press the Review button to enter/exit Review. to choose All, People, Date, Press Keywords, or Videos, then press OK. Reviewing pictures/videos 1 2 Use to access Keywords and Videos.

Storage capacities The LCD displays the approximate number of pictures (or minutes/seconds of video) remaining.

Actual storage capacity varies depending on subject composition, card size, and other factors. You may be able to store more or fewer pictures and videos. Important safety instructions CAUTION: Do not disassemble this product; there are no user-serviceable parts inside. Refer servicing to qualified service personnel. KODAK AC Adapters and Battery Chargers are intended for indoor use only. The use of controls, adjustments, or procedures other than those specified herein may result in exposure to shock and/or electrical or mechanical hazards. If the LCD breaks, do not touch the glass or liquid. Contact Kodak customer support. □ □ The use of an accessory that is not recommended by Kodak may cause fire, electric shock, or injury. For approved accessories, go to www.
kodak/go/accessories. Use only a USB-certified computer equipped with a current-limiting motherboard. Contact your computer manufacturer if you have questions. www.kodak.
com/go/support 64 Appendix □ □ □ □ □ □ □ □ If using this product in an airplane, observe all instructions of the airline. When removing the batteries, allow them to cool; they may be hot. Follow all warnings and instructions supplied by the battery manufacturer. Use only batteries approved for this product to avoid risk of explosion. Keep batteries out of the reach of children.
Do not allow batteries to touch metal objects, including coins. Otherwise, a battery may short circuit, discharge energy, become hot, or leak. Do not disassemble, install backward, or expose batteries to liquid, moisture, fire, or extreme temperature. Remove the batteries when the product is stored for an extended period of time. In the unlikely event that battery fluid leaks inside the product, contact Kodak customer support. In the unlikely event that battery fluid leaks onto your skin, wash immediately with water and contact your local health provider. For additional health-related information, contact your local Kodak customer support. Go to www.kodak.com/go/reach for information about the presence of substances included on the candidate list according to article 59(1) of Regulation (EC) No.

1907/2006 (REACH). Dispose of batteries according to local and national regulations. Go to www.kodak.com/go/kes. Do not charge non-rechargeable batteries. For more information on batteries, go to www.kodak.com/go/batterychart. □ □ □ □ Battery replacement, battery life KODAK Rechargeable Digital Camera AA Batteries: 500 pictures per charge.
Battery life per CIPA testing method. (Approximate number of pictures in Smart Capture mode, using an SD Card.) Actual life may vary based on usage. www.kodak.
com/go/support 65 Appendix Extending battery life □ □ □ Use a power-saving LCD Brightness setting (see page 51). Dirt on the battery contacts can affect battery life. Wipe the contacts with a pencil eraser before loading batteries in the camera. Battery performance is reduced at temperatures below 41° F (5° C). When using your camera in cold weather, carry spare batteries and keep them warm.
Do not discard cold batteries that do not work; when they return to room temperature, they may be usable. Limited warranty Kodak warrants its digital cameras and accessories (excluding batteries) to be free from malfunctions and defects in both materials and workmanship for the warranty period specified on your KODAK Product packaging. Retain the original dated sales receipt. @@@@@@@@Warranty service will include all labor as well as any necessary adjustments and/or replacement parts. If Kodak is unable to repair or replace a Product, Kodak will, at its option, refund the purchase price paid for the Product provided the Product has been returned to Kodak along with proof of the purchase price paid. Repair, replacement, or refund of the purchase price are the sole remedies under the warranty. If replacement parts are used in making repairs, those parts may be remanufactured, or may contain remanufactured materials. @@@@@@@@Kodak makes no other express or implied warranty for this product. In the event that the exclusion of any implied warranty is ineffective under the law, the duration of the implied warranty will be the length of the express warranty period specified on your Kodak product packaging.

You're reading an excerpt. Click here to read official KODAK EASYSHARE MAX Z990 user guide
http://yourpdfguides.com/dref/4732961

The option of repair, replacement, or refund is Kodak's only obligation.

Kodak will not be responsible for any special, consequential or incidental damages resulting from the sale, purchase, or use of this product regardless of the cause. Liability for any special, consequential or incidental damages (including but not limited to loss of revenue or profit, downtime costs, loss of the use of the equipment, cost of substitute equipment, facilities or services, or claims of your customers for such damages resulting from the purchase, use, or failure of the Product), regardless of cause or for breach of any written or implied warranty is expressly disclaimed. The limitations and exclusions of liability set forth herein apply to both Kodak and its suppliers. Your rights Some states or jurisdictions do not allow exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Some states or jurisdictions do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. This warranty gives you specific rights, and you may have other rights which vary from state to state or by jurisdiction. Outside the United States and Canada In countries other than the United States and Canada, the terms and conditions of this warranty may be different. Unless a specific Kodak warranty is communicated to the purchaser in writing by a Kodak company, no warranty or liability exists beyond any minimum requirements imposed by law, even though defect, damage, or loss may www.kodak.com/go/support 67 Appendix be by negligence or other act. Regulatory compliance FCC compliance and advisory This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed or used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: 1) reorient or relocate the receiving antenna; 2) increase the separation between the equipment and the receiver; 3) connect the equipment to an outlet on a circuit different from that to which the receiver is connected; 4) consult the dealer or an experienced radio/TV technician for additional suggestions.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Where shielded interface cables have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with FCC regulation. The KODAK High Performance USB AC Adapter K20-AM complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. 68 www.
