Manual abstract:

iii

**1 Setting up your camera**

**Attaching the lens cap and strap**

1 2 3

**Setting up your camera**

**Loading the battery**

1 2

Kodak lithium digital camera Kodak Ni-MH rechargeable battery CRV3 (non-rechargeable) digital camera battery (KAA2HR) AA batteries (rechargeable or non-rechargeable) To replace batteries and extend battery life, see page 62.

**Setting up your camera**

**Turning on the camera**

**Setting the language and date/time**

1 2 1 2 OK Language: to change.

OK to accept. Date/Time: At the prompt, press OK. to change. for previous/next field. OK to accept.

NOTE: To change the date/time and language in the future, use the Setup menu (see page 33).

**Setting up your camera**

**Storing pictures on an SD card**

Your camera has internal memory. You can purchase SD cards to store more pictures and videos.

We recommend Kodak SD cards. (Visit www.kodak.com/go/zd710accessories.) CAUTION: A card can only be inserted one way; forcing it may cause damage. Inserting or removing a card while it is being accessed by the camera may damage pictures, card, or camera. 1 2 3 Turn off the camera. Insert or remove the optional card. Turn on the camera. To choose a storage location for pictures/videos, see page 33.

For storage capacities, see page 61.

**2 1 Taking pictures/videos**

**Taking a picture**

2 Press the EVF/LCD button to turn on: · LCD or · EVF (electronic viewfinder) EVF LCD 3 Press the Shutter button halfway to focus and set exposure. When the AF/AE indicator turns green, press the Shutter button completely down. AF/AE indicator: Green--successful Red--failed Failed focus Failed exposure NOTE: After you take a picture, the EVF/LCD displays a quickview for several seconds. The picture is saved unless you press the Delete button.

**Taking pictures/videos**

**Using the auto-focus framing marks (for pictures)**

When using the LCD or EVF as a viewfinder, framing marks indicate the camera focus area.

The camera attempts to focus on foreground subjects, even if the subjects are not centered in the scene. 1 Press the Shutter button halfway. When the framing marks turn green, focus is accomplished. 2 If the camera is not focusing on the desired subject (or if the framing marks disappear), release the Shutter button and recompose the scene. 3 Press the Shutter button completely down to take the picture.

NOTE: Framing marks do not appear in all modes. When you use Focus Zone and set Center Zone, the framing marks are fixed at Center Wide. Framing marks

**Taking pictures/videos**

**Taking a video**

1 EVF LCD 2 Press the EVF/LCD button to turn on: · LCD or · EVF (electronic viewfinder) 3 Press the Shutter button completely down and release.

To stop recording, press and release the Shutter button again. NOTE: After you take a video, the EVF/LCD displays a quickview for several seconds. To play/pause the video during the quickview, press OK. The video is saved unless you press the Delete button.

**Taking pictures/videos**

**Using optical zoom**

Use optical zoom to get up to 10X closer to your subject. (You can use optical zoom before taking a video, but not while recording.) 1 Use the EVF or LCD to frame your subject. 2 Press Telephoto (T) to zoom in.

Press Wide Angle (W) to zoom out. The zoom indicator shows zoom status. 3 Take the picture or video. NOTE: To get a focused picture every time, remember: Always use the auto focus framing marks, page 6. If you are using no zoom (1X, wide angle), you can be as close as 24 in. (60 cm) to your subject. (For Close-up/Macro mode, see page 10). As you zoom in, you need to move further from your subject. Zoom indicator Optical zoom range Digital zoom range W T D

**Using digital zoom**

Use digital zoom in any Still mode to get up to 5X magnification beyond optical zoom. To turn on/off digital zoom, or change how it is accessed, see page 34.

1 Press the Telephoto (T) button past the optical zoom limit (10X). The zoom indicator shows zoom status. 2 Take the picture or video. NOTE: You cannot use

digital zoom for video recording. You may notice decreased image quality when using digital zoom.
The blue slider on the zoom indicator pauses and turns red when the picture quality reaches the limit for an acceptable 4 x 6-in. (10 x 15 cm) print. 8 www.kodak.com/go/support Taking pictures/videos Using the Flash button Use the flash when you take pictures at night, indoors, or outdoors in heavy shadows.
1 2 Turn on the camera to open the flash. Press the flash button repeatedly to scroll through flash modes. The current flash mode appears on the LCD/EVF. NOTE: To open the flash anytime, use the Open Flash switch. Mode Auto Flash Off Fill Red Eye Icon The flash fires When the lighting conditions require it. Never Every time you take a picture, regardless of the lighting conditions. Use when the subject is in shadow or is "backlit" (when light is behind the subject). In low light, hold the camera steady or use a tripod. The flash fires once so the eyes become accustomed to the flash, then fires again when the picture is taken. Zoom position Wide angle Telephoto Flash distance 217.

4 ft (0.65.3 m) 6.618.7 ft (25.7 m) www.kodak.com/go/support 9 Taking pictures/videos Using the Focus button Press the Focus button Close-up/ Macro, Landscape to have more control over camera focusing.

1 Turn the Mode dial to P, A, S, or M mode (see page 37). 2 Press the Focus button repeatedly until appears in the status bar. 3 Take a picture. or NOTE: After you take the picture, the camera stays in the Close-up/Macro or Landscape setting. To exit, either press the button until the icon turnss displayed at the top of the LCD. from one storage Magnifying a picture 1 2 3 W W/T Magnify 1X - 8X. View other parts of the picture. Return to 1X. www.kodak.com/go/support 15 Working with pictures/videos Deleting pictures and videos 1 2 3 4 Press Review. View previous/next. Press Delete. Follow the screen prompts. NOTE: Favorites that were taken on this camera (not imported from another source) are good for prints up to 4 x 6 in.*

*(10 x 15 cm). . Press to find a picture. Tagging pictures/videos for albums Use the Album feature to tag the pictures/videos in your camera with album names. First--on your computer Use EasyShare software to create album names on your computer, then copy up to 32 album names to the camera's internal memory. 42 www.kodak.com/go/support Doing more with your camera Second--on your camera 1 Press the Review button, then find the picture/video. 2 Press the Menu button. 3 Press 4 Press to highlight Album, then press OK.*

*to highlight an album name, then press OK. To add other pictures to the same album, press to scroll through the pictures. When the picture you want is displayed, press OK. 5 Press to highlight Exit, then press OK. The album name appears with the picture. To add the pictures to more than one album, repeat step 4 and 5 for each album. A plus (+) after the album name means the picture was added to more than one album. To remove a selection, highlight an album name and press OK. To remove all album selections, select Clear All, then exit the menu. Third--transfer to your computer When you transfer the tagged pictures/videos to your computer, EasyShare software opens and categorizes your pictures/videos in the appropriate album.*

*www.kodak.com/go/support 43 Doing more with your camera Pre-tagging for album names Use the Set Album (Still or Video) feature to pre-select album names before you take pictures/videos.*

Then, all the pictures/videos you take are tagged with those album names. First--on your computer Use the EasyShare software to create album names on your computer. The next time you connect the camera to the computer, up to 32 album names are copied to the camera's internal memory. Second--on your camera 1 In any mode, press the Menu button. 2 Press 3 Press 4 Press to highlight Setup , then press OK. to highlight Set Album, then press OK. to highlight an album name, then press OK.

5 Highlight Exit, then press OK. 6 Press the Menu button to exit the menu. Your selections are saved. Your album selection is displayed on the LCD. A plus (+) after the album name means more than one album is selected.

Third--transfer to your computer When you transfer the tagged pictures/videos to your computer, EasyShare software opens and categorizes your pictures/videos in the appropriate album. For details, see Help in EasyShare software. 44 www.kodak.com/go/support Doing more with your camera Using the histogram to view picture exposure Use the histogram to evaluate the distribution of light before or after you take a picture.

If the peak is to the right of the graph, the subject is bright; if it's to the left, the subject is dark. Optimal exposure is achieved when the peak is in the middle of the histogram. To turn on the histogram in PASM mode or in Review, press the Help/Info button until the histogram appears. NOTE: If a scene is dark or light, you can adjust the exposure compensation (see page 38) before taking the picture. The flash may affect a picture's light and shadow and will not affect the histogram until after the picture is taken. For more about the Help/Info button, see page 13. www.kodak.com/go/support 45 5 Transferring and printing pictures Installing the software 1 Close all open software applications before starting the installation. NOTE: If running Windows OS and installing EasyShare software from the Kodak Web site, do not close the WinZip application.

If prompted, allow EasyShare software to access the Internet. 2 Place the Kodak EasyShare software CD into the CD-ROM drive. 3 Load the software: Windows OS--if the install window does not appear, choose Run from the Start menu and type d:\setup.exe where d is the drive letter that contains the CD. Mac OS X--double-click the CD icon on the desktop, then click the Install icon. 4 Follow the on-screen instructions to install the software. NOTE: When prompted, register your camera and software. Registering lets you sign up for information that keeps your system up-to-date. To register later, visit www.kodak.

com/go/register. 5 If prompted, restart the computer. For information on the software applications included on the Kodak EasyShare software CD, see Help in EasyShare software. 46 www.kodak.

com/go/support Transferring and printing pictures Transferring pictures IMPORTANT: If your camera was packaged with a Kodak EasyShare dock, use the dock to transfer pictures to your computer. (See page 50 and the dock user's guide for details.) If you do not have an EasyShare dock, use the USB cable (U-8) that came with your camera. 1 Turn off the camera. 2 Plug the labeled end of the USB cable into the labeled USB port on your computer.

See your computer user's guide for details. 3 Plug the other end of the USB cable into the USB port on the camera. The arrow icon on the cable should face you. 4 Turn on the camera. EasyShare software opens on your computer. The software prompts you through the transfer process. NOTE: Visit www.kodak.com/go/howto for an online tutorial on connecting. Also available for transferring You can also use these Kodak products to transfer your pictures and videos.

Kodak EasyShare camera dock, Kodak EasyShare printer dock (see page 50) Kodak multi-card reader, Kodak SD multimedia card reader-writer Purchase these and other accessories at a dealer of Kodak products or www.kodak.com/go/zd710accessories. www.kodak.com/go/support 47 Transferring and printing pictures Printing pictures Printing with a Kodak EasyShare printer dock Dock your camera to the Kodak EasyShare printer dock and print directly--with or without a computer. Purchase this and other accessories at a dealer of Kodak products or www.kodak.com/go/zd710accessories. Direct printing with a PictBridge enabled printer Your camera features PictBridge technology, so you can print directly to PictBridge enabled printers.

You need: Camera with fully charged batteries, or with optional Kodak 3-volt AC adapter PictBridge enabled printer USB cable included with your camera Connecting the camera to a PictBridge enabled printer 1 Turn off the camera and printer. 2 Optional: If you have a Kodak 3-volt AC adapter (optional accessory), plug it into the camera and into an electrical outlet. IMPORTANT: Do not use the AC adapter included with the Kodak EasyShare camera dock or printer dock to power your camera. 3 Connect the USB cable from the camera to the printer. (See your printer user guide for details. See www.kodak.com/go/zd710accessories to order cables.) 48 www.kodak.

com/go/support Transferring and printing pictures Printing from a PictBridge enabled printer 1 Turn on the printer. Turn on the camera. The PictBridge logo is displayed, followed by the current picture and menu. (If no pictures are found, a message is displayed.) If the menu interface turns off, press any button to redisplay it. 2 Press to choose a printing option, then press OK. to choose a picture. Choose the number of copies. Current Picture--Press Tagged Pictures--If your printer is capable, print pictures that you tagged for printing. Index Print--Print thumbnails of all pictures.

This requires one or more sheets of paper. If the printer is capable, choose a print size. All Pictures--Print all pictures in internal memory, on a card, or in Favorites. Choose the number of copies. Image Storage--Access Internal/Card or Favorites. NOTE: During direct printing, pictures are not permanently transferred or saved to the computer or printer. To transfer pictures to your computer, see page 46. In Favorites mode, the current favorite picture is displayed. Disconnecting the camera from a PictBridge enabled printer 1 Turn off the camera and printer. 2 Disconnect the USB cable from the camera and the printer.

www.kodak.com/go/support 49 Transferring and printing pictures Ordering prints online Kodak EasyShare Gallery is one of the many online print services offered in EasyShare software. You can easily: Upload your pictures. Edit, enhance, and add borders to your pictures.

Store pictures, and share them with family and friends. Order high-quality prints, photo greeting cards, frames, and albums--and have them delivered to your door. Printing pictures from your computer For details on printing pictures from your computer, see EasyShare software Help. Printing from an optional SD card Automatically print tagged pictures when you insert your card into a printer with an SD slot.

*See your printer user's guide for details.*

*Make prints at an SD card-capable Kodak picture maker/picture kiosk. (Contact a location before visiting. See www.kodak.com/go/picturemaker.) Take the card to your local photo retailer for professional printing. Accessories for your camera To see which EasyShare camera and printer docks are compatible with your camera, visit www.kodak.com/go/dockcompatibility. Allow all components to air-dry for at least 24 hours before using the camera. Blow gently on the lens or LCD to remove dust and dirt. Wipe gently with a soft, lint-free cloth or an untreated lens-cleaning tissue. Do not use cleaning solutions unless designed specifically for camera lenses. Do not allow chemicals, such as suntan lotion, to contact painted surfaces. www. kodak.com/go/support 60 Appendix Service agreements may be available in your country. Contact a dealer of Kodak products for more information. For digital camera disposal or recycling information, contact your local authorities. In the US, visit the Electronics Industry Alliance Web site at www.eiae.org or www.kodak.com/go/zd710support. Storage capacities The LCD displays the approximate number of pictures (or minutes/seconds of video) remaining.

For average SD card capacities, visit www.kodak.com/go/SDcapacities. Actual storage capacity varies depending on subject composition, card size, and other factors. You may be able to store more or fewer pictures and videos. Favorites take up additional space in internal memory. Important safety instructions CAUTION: Do not disassemble this product; there are no user-serviceable parts inside. Refer servicing to qualified service personnel. Kodak AC adapters and battery chargers are intended for indoor use only. The use of controls, adjustments, or procedures other than those specified herein may result in exposure to shock and/or electrical or mechanical hazards. If the LCD breaks, do not touch the glass or liquid. Contact Kodak customer support. The use of an accessory that is not recommended by Kodak may cause fire, electric shock, or injury. For approved accessories, visit www.kodak. com/go/accessories. Use only a USB-certified computer equipped with a current-limiting motherboard. Contact your computer manufacturer if you have questions. If using this product in an airplane, observe all instructions of the airline. When removing the battery, allow it to cool; it may be hot. Follow all warnings and instructions supplied by the battery manufacturer.

Use only batteries approved for this product to avoid risk of explosion. 61 www.kodak.com/go/support Appendix Keep batteries out of the reach of children. Do not allow batteries to touch metal objects, including coins. Otherwise, a battery may short circuit, discharge energy, become hot, or leak. Do not disassemble, install backward, or expose batteries to liquid, moisture, fire, or extreme temperature. Remove the battery when the product is stored for an extended period of time. If battery fluid leaks inside the product, contact Kodak customer support.

In the unlikely event that battery fluid leaks onto your skin, wash immediately with water and contact your local health provider. For additional health-related information, contact your local Kodak customer support. Dispose of batteries according to local and national regulations. Visit www.kodak.com/go/kes. Do not charge non-rechargeable batteries. Visit www.kodak.com/go/batterytypes.

Battery life Kodak lithium digital camera battery CRV3 (non-rechargeable): > 500 pictures Kodak Ni-MH rechargeable digital camera battery (KAA2HR): > 300 pictures Kodak oxy-alkaline digital camera battery AA: > 120 pictures Battery life per CIPA testing method (Approx. number of pictures). Actual life may vary based on usage. Extending battery life Use power-saving features (see Using the Setup menu, page 33). Limit activities such as reviewing pictures/videos on the LCD.

Dirt on the battery contacts can affect battery life. Wipe the contacts with a clean, dry cloth before loading the battery in the camera. Battery performance is reduced at temperatures below 41° F (5° C). When using your camera in cold weather, keep spare batteries warm. Do not discard cold batteries; when they return to room temperature, they may be usable.

www.kodak.com/go/support 62 Appendix Limited warranty Kodak warrants Kodak consumer electronic products and accessories ("Products"), excluding batteries, to be free from malfunctions and defects in both materials and workmanship for one year from the date of purchase. Retain the original dated sales receipt. Proof of the date of purchase will be required with any request for warranty repair. Limited warranty coverage Warranty service is only available from within the country where the Products were originally purchased. You may be required to ship Products, at your expense, to the authorized service facility for the country where the Products were purchased. Kodak will repair or replace Products if they fail to function properly during the warranty period, subject to any conditions and/or limitations stated herein. Warranty service will include all labor as well as any necessary adjustments and/or replacement parts. If Kodak is unable to repair or replace a Product, Kodak will, at its option, refund the purchase price paid for the Product provided the Product has been returned to Kodak along with proof of the purchase price paid.

Repair, replacement, or refund of the purchase price are the sole remedies under the warranty. If replacement parts are used in making repairs, those parts may be remanufactured, or may contain remanufactured materials. @@@@@@@@Kodak makes no other express or implied warranty for this product, and disclaims the implied warranties of merchantability and fitness for a particular www.kodak.com/go/support 63 Appendix purpose. In the event that the exclusion of any implied warranty is ineffective under the law, the duration of the implied warranty will be one year from the purchase date or such longer period as required by law. The option of repair, replacement, or refund is Kodak's only obligation. Kodak will not be responsible for any special, consequential or incidental damages resulting from the sale, purchase, or use of this product regardless of the cause. Liability for any special, consequential or incidental damages (including but not limited to loss of revenue or profit, downtime costs, loss of the use of the equipment, cost of substitute equipment, facilities or services, or claims of your customers for such damages resulting from the purchase, use, or failure of the Product), regardless of cause or for breach of any written or implied warranty is expressly disclaimed. Your rights Some states or jurisdictions do not allow exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Some states or jurisdictions do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. This warranty gives you specific rights, and you may have other rights which vary from state to state or by jurisdiction. Outside the United States and Canada In countries other than the United States and Canada, the terms and conditions of this warranty may be different. Unless a specific Kodak warranty is communicated to the purchaser in writing by a Kodak company, no warranty or liability exists beyond any minimum requirements imposed by law, even though defect, damage, or loss may be by negligence or other act. Upgrading your software and firmware Download the latest versions of the software included on the Kodak EasyShare software CD and the camera firmware (the software that runs on the camera). See www.kodak.com/go/zd710downloads. 64 www.kodak.

com/go/support Appendix Regulatory compliance FCC compliance and advisory Kodak EasyShare ZD710 zoom digital camera This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed or used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: 1) reorient or relocate the receiving antenna; 2) increase the separation between the equipment and the receiver; 3) connect the equipment to an outlet on a circuit different from that to which the receiver is connected; 4) consult the dealer or an experienced radio/TV technician for additional suggestions. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Where shielded interface cables have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with FCC regulation. Canadian DOC statement DOC Class B Compliance--This Class B digital apparatus complies with Canadian ICES-003.
