Manual abstract:

@@@Its compact and space saving design, automatic document feeder and touch screen display make it a pleasure to work with. n With its generous paper supply of up to 1,050 sheets, the 240f can easily support larger workgroups without needing daily attention. n As a speedy colour scanner, the 240f scans to email, SMB, FTP and public or personal user boxes. Besides TIFF and PDF, it also supports encrypted PDF as scan format and with that ensures secure document opening and printing. n The 240f is also equipped with a USB interface that is conveniently accessible from the front and enables direct scanning of documents to or printing from a USB stick. @@@@n Especially helpful is the PC fax function that enables easy and direct sending of faxes from the PC, completely doing away with the need to print fax documents first. Intelligent communications n The 240f's intelligent auto distribution functionality facilitates the organisation and distribution of incoming information: Emails, iFaxes and faxes can automatically be forwarded to box, fax, email or SMB folders. Filters can be set to keep information from different sources separate. A timer/calendar function enables automatic forwarding at specific times, for example to email during out-of-office hours. With this helpful feature set incoming information is reliably accounted for and faxes reach their recipients sooner! @@@@fast and easy counter readings for individual users.

n The 240f can also be used as an interface to Document Management Systems: Scans can be adapted for DMS processing simply by attaching a metadata file and predefined index fields that can conveniently be selected from the 240f's touch screen display. The Konica Minolta 240f is the perfect all-rounder for workgroups and mid-sized offices that hope to streamline their office communication. @@Warm-up time Approx. 20 sec. @@@@All specifications relating to scanning, copying or printing speeds refer to A4-size paper that is scanned, copied or printed crosswise in multipage, simplex mode. The support and availability of the listed specifications and functionalities varies depending on operating systems, applications, network protocols as well as network and system configurations. n The stated life expectancy of each consumable is based on specific operating conditions such as page coverage for a particular page size (5 % coverage of A4). The actual consumables life will vary depending on the use and other printing variables including page coverage, page size, media type, continuous or intermittent printing, ambient temperature and humidity. n Some of the product illustrations contain optional accessories. @@@@n All other brand and product names may be registered trademarks or trademarks of their respective holders and are hereby acknowledged.
