INC. All rights reserved. FTP Utility 1-1 Foreword 1 1.3 System Requirements In order to use this software, the operating environment must meet the following specifications. - Operating System Windows 98 (Service Pack 1 or later), 98 Second Edition, or Me Windows NT Workstation (Service Pack 6a or later) Windows 2000 Professional (Service Pack 2 or later) Windows XP Home Edition/Professional Edition Windows Vista Home Basic/Home Premium/Business/Enterprise - Computer PC/AT compatible machine (installed with a Pentium III or faster processor) - Memory 128 MB or more 192 MB or more with Windows XP Home Edition/Professional Edition 512 MB or more with Windows Vista Home Basic 1GB or more with Windows Vista Home Premium/Business/Enterprise - Available Hard Disk Space 20 MB or more - Compatible Devices Refer to the ReadMe file.

1.4 Manual Structure This manual consists of the following sections. - Installing FTP Utility This section provides the procedure for installing FTP Utility onto the computer. @@@@A message indicating the beginning of the installation appears. @@@@ @@@@ @@@@ @@@@ @@@@ @@@@ @@@@ @@@@ @@@@ @@@@ Normally, this setting will not need to be changed.

@@To change the folder, click the [Browse] button, and then select a different folder. In order to receive data, specify the user name and password. When data is sent from a multifunctional product, these same settings must also be specified. To receive data from an anonymous user, select the "Anonymous" check box. To authenticate the user name and password when receiving data, type the appropriate settings in the "User" and "Password" boxes. The limitations on the number of characters that can be entered in the "User" and "Password" boxes differ depending on the multifunctional product, and a specific user name and password may be required. For details, refer to the User's Guide for the multifunctional product. FTP User FTP Utility 4-1 Using FTP Utility Specifying FTP Utility Settings 4 1 Click the FTP Utility icon in the taskbar (at the lower-right end of the desktop), and then select [FTP Utility Settings]. @@ - Has FTP Utility been started up? @@8 .
