Manual abstract:

The reliable monochrome bizhub 215/195 MFP delivers outstanding environmental performance and helps reduce office costs – ideal as a second device for printing monochrome documents, sharing colour data and keeping printing costs down. Bizhub 215/195 is a truly excellent choice for optimising office workflow. Optimize document handling Select colour or monochrome output according to your needs. When colour output is required, simply scan and temporarily save a document on bizhub 215/195, then print it using a colour printer in the network. Enhance work efficiency by saving time and space. Fast duplex scanning and duplex printing reduce waiting and save power.) Maintain efficiency while saving power with warm-up times of 15 sec. or less. Eliminate waiting with copy times of 6. Optimize document handling Rationalise devices for a neater office and improved efficiency. After carefully considering equipment requirements printer, scanner, fax install only the colour MFPs you actually need in optimal locations, then integrate them seamlessly with bizhub 215/195. This maximises work efficiency while minimising equipment. The optimum working environment for every office. Konica Minolta's Optimised Print Services rationalise document handling according to different working environments, resulting in more economical and productive operations. Take advantage of OPS to enhance office efficiency and significantly cut TCO. Com/services/ops 1 \ bizhub 215/195 bizhub 215 with optional items World-class, energy-saving design that is eco friendly and cost efficient. This reduces both environmental impact and TCO. This lowers wastage to essentially zero, helping to save resources.). When Paper Feed Tray pulled out. (23°C , std.
