Manual abstract:

bizhub 652/552 An essential component of a total document solution. Konica Minolta has led the industry in high-speed digital output. With print/copy output up to 65 ppm for the bizhub 652, 55 ppm for the bizhub 552, and color scanning at up to 78 originals per minute for both models, these two bizhub MFPs are perfect B&W complements to your total document solution integrating cost-effective B&W output, seamless networking, enhanced security and modular options for finishing and fax. For high-volume document traffic in legal, healthcare, education, government and other applications, the bizhub 652 and 552 provide plenty of productivity advantages. Built-in color scanning lets you move information to multiple destinations: Email, FTP server, SMB. Twain scanning enables you to import information directly to desktop PCs. Scan-to-Me and Scan-to-Home provide one-touch convenience to bring documents directly into your workflow. @@@@IPv6 protocol increases IP addressing power in large networks. @@The bizhub 652 and 552 also provide standard 250 GB Hard Disk Drives, for high-capacity on-board document storage at the hub of your business. @@HIGH-SPEED B&W OUTPUT OF MORE THAN A PAGE PER SECOND.

COLOR SCANNING AT UP TO 78 ORIGINALS PER MINUTE. ONE-STEP DOCUMENT DISTRIBUTION. POWERFUL FINISHING OPTIONS. @@@@Technology innovations for 21st-century workflow. @@Our exclusive bizhub OP (Open Platform) design incorporates multiple benefits including bizhub Architecture, consolidating major functions on uniform modules for fast internal processing with a consistent control interface.

The unique Emperon® Print System adds built-in print control, PCL6/PS3 emulation and native XPS functionality to handle print files in any format. And the latest upgrade in bizhub Extended Solution Technology (bEST) gives you seamless interface with the specialized software your business needs for print management, variable printing, account tracking, cost recovery and more. To improve your monochrome image, Simitri® HD toner utilizes smaller, more uniform particles that reproduce ultra-fine detail. Simitri was the industry's first polymerized toner, now in its 10th Anniversary year and right from the start, Simitri toner used biomass plant-based materials to reduce environmental impact. Your documents will also benefit from 1800 dpi equivalent x 600 dpi resolution with outline PDF function that smoothes edges, so graphics and photos look more realistic, graphics have sharper accuracy and text is more legible.

Clean Planet Recycling: our latest green innovation. @@@@@@@@@@@@Thumbnail preview lets you check documents before you print, saving time and cutting down on costly reprinting. Animated screens guide you and make menus more user-friendly. And our award-winning MyTabTM print utility lets each individual set up customized print settings for quick recall. The InfoLineTM function displays operating status at a glance, even from across the room. For Section 508 compliance, a tilting control panel accommodates wheelchair-bound employees. Blue LED function key lights are easier to see. And paper drawers slide smoothly with just a light pull. Pulverized bizhub 652/552 3 Enhanced features for print/copy/scan productivity. The extended feature set built into the bizhub 652 and 552 adds real value to your workflow.

The latest Windows drivers handle your printing needs with ease. Universal Printer Drivers provide a common print control interface with standard commands, making print control quick and intuitive right from the start, including auto detection and configuration of networked devices for easy IT integration. Maximum paper capacity of 6,650 sheets gives you more production power with less operator intervention. You can load up to 12" x 18" paper to print oversized graphics and spreadsheets, two-page spreads, even B&W proofs with crop marks and contrast scales in the margins. The bizhub 652 and 552 can also handle heavy stock, with 100% auto duplexing at rated engine speed, producing two-sided prints and copies without slowing down your output. Proof copy/print lets you check output before making a full print run. @@And you can print wirelessly with the EK-605 Bluetooth® option. @@@@@@@@@@@@@@@@@@@@@@@@@@@@@@@@@@@@@Customized User Authentication for printing, scanning, faxing and User Box. @@@@@@@@And S/MIME Encryption safeguards your Email exchanges. @@@@@@Job Erase function automatically overwrites your HDD up to three times and HDD sanitizing overwrites data in 8 different modes, meeting strict government standards when devices are re-purposed or taken out of service.

A i-Option kits to enhance workflow and simplify operation. Konica Minolta's i-Option kits provide additional capabilities that make your in-house production system more powerful, flexible and secure. The LK-101v.2 provides an Image Panel interface to manage User Box files, an enhanced AJAXcapable Web Browser for faster Internet Access, and Scan-to-Sharepoint convenience for quick document distribution. The LK-102 allows you to create PDF documents with government-level AES 128-bit encryption.

And the LK-105 lets you quickly search PDF files to locate text and data. IT power with interlocking PageScope® software solutions. With networking, security and workflow advantages, PageScope software makes your bizhub 652 and 552 even more powerful. @@@@@@to 55.75 lb. bond, Double Sided or mixed: 13.25 lb. to 34 lb. bond Up to 11" x 17" 500-sheet (universal cassette)/5.5" x 8.5" to 12" x 18"/17 lb. bond to 140 lb. index 1,500-sheet (fixed cassette)/8.5" x 11", 5.5" x 8.
