At the same time the polymerisation process of Simitri® HD toner has considerably less environmental impact than the production of conventional toner. And yet, with its tiny and uniformly shaped toner particles Konica Minolta's proprietary Simitri® HD polymerised toner achieves an image quality second to none. Razorsharp text and lines, colours that don't fade, and a smooth and highly durable print finish ensure longerlasting prints of better quality than ever while nevertheless supporting a faultless eco performance. Resource-friendly design In compliance with its ISO 14001-based environmental management system,

Konica Minolta promotes resource-friendly product development
