Using the Machine

Making Copies

- Position the document to be copied.**
Place the document face down on the original glass. Load the document face up into the reverse automatic document feeder.

Simple Copying

Print copies at full size with the same color and on paper of the same size as the original document.

Advanced Copying

The finishing method and various other settings can be specified.

- Touch [Special] and then specify the desired settings.
- Touch [Complete Original], and then specify the desired settings.
- Touch [Quality/Enlarge], and then specify the desired settings.

- Specify the number of copies.**
To change the setting for the number of copies, press the Φ key, and then specify the desired number of copies.
- Press the [Start] key.**
To stop copying, press the Φ key.

Loading Paper

1st drawer

- Press down on the paper-lifting plate until it locks into place.
- Adjust the lateral guides.
- Load the paper into the drawer.

2nd drawer

- Press down on the paper-lifting plate until it locks into place.
- Adjust the lateral guides.
- Load the paper into the drawer.

LCT

- Press the drawer release button, and then pull out the paper drawer.
- Load the paper into the right side of the paper drawer.
- Load the paper into the left side of the paper drawer.

Edit Color Functions

- "Mirror Image" Function**
Produces a copy in the mirror image of the original document.
- "Background Color" Function**
Produces a copy using one of the 18 colors available (the color of the background/blank areas).
- "Neg./Pos. Reverse" Function**
Produces a copy with the light- and dark-colored areas of the document image reversed.

Adjust Color Parameters

- "Brightness" Parameter**
- "Saturation" Parameter**
- "Copy Density" Parameter**

bizhub c450 For more detailed operating procedures and instructions, refer to the User's Guide.

The images that are provided are print samples. They may slightly differ in color with actual color copies.
