n The PageScope Account Manager provides the convenient central collection of detailed counter readings and the ensuing cost calculation. n The PageScope MyPanel Manager makes the individual creation of central user profiles, personalised address books and scan destinations fast, straightforward and convenient. bEST technologies With the bizhub Extended Solution Technology (bEST) the bizhub C452/C552/C652/C652DS can be adapted to close the gap to customer environments. Document archiving workflows can for example be started directly at the bizhub panel, inputting all required information like document type and additional index fields during the scan process so that post-treatment of the scans in the PC becomes obsolete. bEST can make life easier also for copying and printing.

After authentication at the output device bEST OpenAPI is used to give permission to each function based on each user's specific access rights. Via the user ID it is possible to Ethernet standard. 50 sheet stapling, output capacity 3,200 sheets 4 hole punching Booklet finishing Job separator e.g. for fax output Job separator e.
