Raising the bar in digital color quality and affordability – that's what print professionals count on from the bizhub PRESS C6000. Fast 60 ppm output in both color and B&W. Optimized 1,200 dpi 8-bit data processing, with Smart HD toner to create a smooth, realistic color image. And purpose-built reliability that stands up to the highest production demands, with advanced air assist system, air-blowing paper separation mechanism and powerful Hybrid Decoupling function to handle challenging paper stocks with ease. You'll have a choice of powerful options for image control and in-line finishing, including 200-page booklets, 600-page perfect-bound books, 100-sheet stapling and six folding patterns – even a GBC Punching Unit with simple slide-in, slide-out dies. The bizhub PRESS C6000: your professional choice for a superior quality in short-run color production.
