## magicolor 1650EN

The compact A4 colour **network** printer

The magicolor 1650EN is Konica Minolta's compact colour network printer for small workgroups. It is stylish, affordable and flexible, making it the perfect choice for daily printing tasks. Being very easy to use, it takes only minutes to install into a network. As an added bonus, you will appreciate its extremely quiet operation, eco-friendliness and impressive colour quality.

- **Flexible configurations** – The magicolor 1650EN has three flexible configurations: the standard version is ideal for network colour and black and white printing. The magicolor 1650EN-d comes with an automatic double-sided printing function, perfect for presentations and brochures. Finally, the magicolor 1650EN-di combines double-sided printing with additional paper trays for bigger print jobs and more volume.
- **Powerful printing** – Thanks to the Empereon™ controller the magicolor 1650EN is PCL 6 and PostScript™-compatible and at home in Windows, Mac and Linux environments. It prints five colour or 20 black and white pages per minute, and its powerful 256 MB memory ensures fast processing of print jobs.
- **Brilliant quality** – With PhotoART-9600™ (800 x 600 dpi 4-bit resolution) the magicolor 1650EN delivers superior print quality that is further enhanced by Simtri™ HD polymerised toner. As well as producing vivid colours and fine lines even in tiniest detail, Simtri™ HD toner offers increased resistance to UV light, producing impressively long-lasting prints.
- **Generous user comfort** – Operating the magicolor 1650EN is simple and intuitive – the printer is ready to print as soon as you take it out of its box. The magicolor 1650EN features a clearly structured LCD display as well as straightforward front access, making your printer easy to handle and consumables quick and simple to replace. For even more convenience, take advantage of the PageScope Web Connection tool to track printer and consumable status from your computer.
- **Convenient media handling** – The magicolor 1650EN offers impressive ability to processes thin and thick paper between 60 and 209 gsm in sizes A4 and A5, as well as envelopes, labels, photos, etc. Take control of your stationery costs by printing your own business cards, letterheads and envelopes as well as colourful presentations, leaflets and more in-house. If you require more than the standard paper supply of 200 sheets, adding another 500 sheets with a lower paper feeder will provide extra capacity.
