**FAST COLOR WITH HIGH IMPACT.**

When performance is a priority and image counts, the magicolor® 5670EN color laser printer makes a big impact. This high-speed network printer is quick, printing at 37 ppm—with a first page out in as fast as 14 seconds—to keep the workflow moving. It provides outstanding color for true-to-life images and vibrant graphics that stand out. And the magicolor 5670EN is built on an Emperon® print system integrated with Konica Minolta software solutions for advanced document processing. Office-artist conveniences, including direct photo printing, colorful auto-cropping and banner-size media support round out the package to keep productivity at top speed.

**The essentials of imaging**
